Product Description

This Fire Alarm System label has been designed to satisfy the requirements of the British Standards as described below:

BS 5839-1:2025 Clause 24.1.7a states...

Every isolator and protective device that can isolate the supply to the fire detection and fire alarm system, other than the main isolator for the building and in the case of a protective device that serves only the fire alarm circuit, but incorporates no switch, should be labelled **"FIRE ALARM"**.

BS 5839-1:2025 Clause 35.4 states...

All joints, other than those within system components, should be enclosed within junction boxes, labelled with the words **"FIRE ALARM"** to avoid confusion with other services.
