

Verifone Commander C18

Shaping the future of POS
for Petroleum &
Convenience Stores

The newest, most dynamic countertop point of sale (POS) for convenience stores has unsurpassed functionality and versatility. The Commander C18's user interface is perfect for today's cashiers serving customers who demand frictionless experiences.

The brilliant, high-definition screen is easy on the eyes, and at an impressive 18.5 inches, there is abundant real estate for your sales needs. Screen palettes are easily customized for fuel, operations and other utilities you need to track. Engineered for rugged reliability, the C18 has flexible and intuitive functionalities that grow with your business.

Smoothly integrates with other system components and peripherals.

System architecture designed to handle payments eliminates the need to recertify existing POS applications.

Optional rugged full-travel 120 keyboards with editable keycaps.

The unique status light ring can change color to indicate the system status or provide alerts.

Built-in hardware diagnostics consisting of a "Soft Reset" that allows for graceful system recovery should the need arise.
