

Verifone Commander

State-of-the-art site management

Commander offers convenience store owners a versatile site management solution providing increased speed in payment acceptance, fueling operations, and back-office store control.

Commander is certified across all dispenser types, payment networks and oil brands. The solution features Commander Central, a cloud-based software that allows owners to manage all aspects of business, from fuel to payment and store operations, quickly and easily from any web-enabled device.

Real-time access to multi-site sales data through an easy-to use dashboard

Filter sales data by location, site, product type and more

Create organization hierarchies, groups, user accounts and permissions for ultimate security and control

Designed specifically for the convenience retail industry

Memory

8GB DDR4 SoDIMM

Processor

Intel® Pentium Gold G5400T Dual Core 3.1GHz CPU

Operating System

Secure real-time Linux

Diagnostic Panel

7-Segment Status LEDs | Diagnostic Console Port | Diagnostic Switches | Heartbeat LED | Power LED | Soft Reset Button

Storage

HDD or SSD, 120 GB or greater

Connectivity

1 × USB 3.1 Port | 2 × 10/100/1000 Ethernet Ports | 16 × RJ-45 RS-232 Serial Ports | Scalable to 24 RS-232 Ports

Peripheral Ports

Expansion: 2 Hard Drive Slots | Expansion: 2 Slots for Additional CPU Functionality | Expansion: 3 PCIe Peripheral Card Slots

Physical

14.75" W × 6.25" H × 16" L

Environmental

Operating Temperature: 0° to 40° C (32° to 104° F) | Storage Temperature: -20° to 60° C (-4° to 140° F) | Relative Humidity at 40° C (104° F): 15% to 95%, Non-condensing

Optional Features

Communications: Software-controlled 12V DTR Power
