Under this Order, HFCL will provide product and services to BSNL crucial for supporting 4G and 5G network requirements. The scope under this order encompasses, initial planning, on-site surveys, supply installation, testing, commissioning, opera-

tions and annual maintenance of microwave links. This network integration will be complemented by cutting-edge 5GHz Unlicensed Band Packet radio systems, along with antennas, cables and other key accessories.

The radio is completely indigenously designed and manufactured with HFCL having IPR. This technology development is another important milestone for making India self-reliant in Telecom sector.

Mr. Mahendra Nahata, Managing Director, HFCL, expressed profound enthusiasm, stating, "This significant order cements HFCL's position as a leader in indigenous 4G and 5G technology solutions. It perfectly embodies the "Self-reliance or Aatmanirbharta" vision articulated by the Honorable Prime Minister of India, Shri Narendra Modi. With a strategic "Make in India" approach, our cutting-

edge 4G and 5G backhauling solution emphasizes capturing opportunities in global markets while aligning with the India Stack initiative. The deployment of these advanced solutions promises higher data transfer rates, low latency and enhanced reliability and performance."

This end-to-end solution is designed for easy installation, effortless management, high reliability and has advanced security features to protect from external threat vectors. Furthermore, this strategic investment will enable BSNL to build their 5G-ready network infrastructure, ensuring cost efficiency by minimizing equipment expenses and eliminating hefty spectrum usage charges.

HFCL's Unlicensed Band Radios (UBR) leverage advanced MIMO and OFDM technologies, offering a substantial bandwidth capacity.

HFCL Secures ~INR 141 Crore Order from BSNL

February 13, 2024 | technuter | 0 Comments

HFCL has secured a purchase order worth INR 141 Crore (Capex INR 119 Crore + AMC INR 22 Crore) from Bharat Sanchar Nigam Limited (BSNL) out of the advance purchase order worth INR 179 Crore issued to the Company. The balance order of ~INR 38 Crore is expected to be released on completion of supply against the current Purchase Order. This significant win solidifies HFCL's position as a leader in indigenous 4G and 5G backhauling solutions.

Under this Order, HFCL will provide product and services to BSNL crucial for supporting 4G and 5G network requirements. The scope under this order encompasses, initial planning, on-site surveys, supply installation, testing, commissioning, operations and annual maintenance of microwave links. This network integration will be complemented by cutting-edge 5GHz Unlicensed Band Packet radio systems, along with antennas, cables and other key accessories. The radio is completely indigenously designed and manufactured with HFCL having IPR. This technology development is another important milestone for making India self-reliant in Telecom sector.
