# Our Vision

**Basketball in Victoria:**  
**The world's best sporting community.**

## Our Strategy

**PEOPLE:** Strengthen capacity and encourage excellence at every level in basketball.

---

**INCLUSION:** Ensure basketball is a sport that enables everyone to participate.

---

**GROWTH:** More players, more people, more basketball, more community engagement and healthy outcomes.

---

**FACILITIES:** More and better places to play – turn nobody away.

---

**AWARENESS:** Promote recognition of basketball's popularity at all levels of government and throughout the community.

---

**LEADERSHIP:** Build the business of basketball by providing a strategic focus, developing and strengthening partnerships and reinforcing our strong and united community.

---

# President's Report

**As noted in last year's report, a major transition occurred in Basketball Victoria with the appointment of Nick Honey as the new CEO. Nick has had his first full year in the big seat with more than a few issues to contend with. We also welcomed Grant Wallace as the head of operations including high performance for the state.**

Basketball in Victoria continues to prosper and grow at a rate well above demographic growth. Pleasingly this is the case in both country and metropolitan areas. Victorian Country participant numbers are now closely chasing total NSW numbers. These results do not just happen by accident; they are the result of deliberate intent, extensive planning and sustained effort by many people across the broad canvas of our great sport. One outcome of this is the problem we have been talking about for sometime, i.e the availability of courts, particularly in the growth areas of Melbourne. Wayne Bird is doing a great job assisting Associations with their representations to government regarding their plans for new and expanded facilities.

Across the landscape there has been continuing development which is commented on in reports from each component of Basketball Victoria. In the operations area, Aussie Hoops continued to grow providing Associations with the opportunity to recruit and convert participants into ongoing basketballers. McDonald's Skill Fun and Play and McDonald's Hoop Time programs have resulted in significant increases in young beginners. Grant Wallace's report provides details on the results obtained in these entry level programs as well as other development activities. Among these, the inaugural 3x3 Challenge was held in 2013 with 89 teams. 3x3 is a great opportunity for basketball both internationally and domestically. FIBA is promoting 3x3 as the basketball equivalent of 20/20 in cricket and short forms of various other sports. With the right planning, it can be incorporated alongside existing competitions and leagues without cannibalising existing operations – more on this in the future.

Our inclusion initiatives have been expanding in leaps and bounds. Karen Pearce's report on progress with our strategic plan actions contains details of an array of initiatives and is an inspiration to read – I commend it to you.

Our senior and junior state leagues, the Big V and VJBL continue to be the leading state representative leagues in Australia. BigV welcomed a new CEO, Julie Anderson after Raelene Joyce moved on to Knox Basketball where she did a sterling job helping to establish new directions. I enthusiastically agree with Darryl Neale's complimentary remarks about Raelene's management of the league and we wish Raelene well for the future. The interim Victorian Senior Basketball Commission has been established and its members have supported Darryl in continuing the league's development. The VJBL continues to be the premier (and by far the biggest) junior representative league in the land with an ever increasing number of participating teams. The dedication of all staff, volunteers and participants in both leagues is invaluable to our sport and our thanks go out to them.

The Basketball Victoria Country Commission saw a significant

change in leadership during the year with Peter Eddy stepping down after bedding in the new commission structure and being replaced by the very capable and enthusiastic Matt Cowling. The BVCC members are steering the country basketball business in a very positive manner indeed Peter's contribution to country basketball has been absolutely invaluable over a very long time indeed On behalf of us all, I extend our deepest gratitude to Peter.

The VBRA is working through its chair, Rod Bush, towards a closer relationship with the parent body. Intentions and progress are both very positive. The achievements of Victorian referees and technical officials in national championships continue to impress with details contained in Rod's report.

Looking to the future there are two key areas I need to mention. Firstly, there are many statistics available in basketball; however, none of them are definitively accurate in Victoria. While we are experiencing growth that is very satisfying we know very little about our participants. We have a team registration model in metropolitan Victoria which masks the actual numbers of participants. In the information age this is clearly an unsatisfactory position and government is looking to all sports to provide participation data which is accurate and updated on a regular and reliable basis. The Australian Sports Commission expects the top sports, of which basketball is one, to have data that will inform government policy and importantly, funding decisions. In the country, players are already registered on an individual basis. The Fox Sports Pulse system (or components of it) is widely used across Associations already and a project has been initiated by BA to implement it across Australian basketball. The national project is at the business case development stage and will be the subject of more communication as it progresses. In support of the overarching initiative being led by BA, the Country Commission has initiated a requirement that all players register online and that an online payment option be offered by Associations from October 2014. Engineering the comparable change in the metropolitan area will be more complex and more sensitive and will be undertaken in a collaborative and transparent manner.

Secondly, there has been extended discussion regarding an updated constitution for Basketball Victoria. Modern governance thinking and practice acknowledge the ultimate accountability of the directors of the board for the professional conduct of the activities and increasingly, the business of basketball in our state. In due course Associations will also need to consider reviewing and updating their own constitutions to ensure accountability and authority are well matched

This report would not be complete without noting the ongoing efforts of all staff and volunteers across the entire basketball landscape in Victoria. Without the passion of our staff and the many thousands of volunteers this sport could not function.

Lastly, I mention with mixed feelings that former Basketball Victoria board member, Ned Coten was elected, on our nomination, to the board of Basketball Australia in March. Ned will make a great national level director, we wish him well and thank him for his diverse contributions while on the BV board for several years.

Yours in basketball,

**DAN KIRTLEY**  
President

# Chief Executive Officer's Report

**When I started in the role of CEO of Basketball Victoria in February 2013, I was immediately struck by the sheer scale of the sport of basketball in this state. Since then, I have been privileged to meet and work with many individuals and groups involved in Victorian basketball including players, coaches, referees, administrators and many passionate and dedicated volunteers.**

Although the large number of Victorian basketball players is impressive – with more than half of Australia's registered players coming from Victoria – I have been particularly encouraged by the passion and skills exhibited by the volunteer Basketball Victoria workforce. From the thousands of club and Association coaches to the Board and committee members, from stadium managers to the referees, it appears that Victoria's competitive basketball advantage can be measured not only in terms of quantity but also in terms of quality.

In my role, it has quickly become apparent that one of the greatest challenges for Basketball Victoria is to make the most efficient use of scarce resources by ensuring that all organisational components are pursuing the same goals and working towards a single vision. However, when faced with a vast, structurally complex, not-for-profit organisation that relies on the efforts of thousands of different individuals, in different parts of the state, achieving organisational alignment is no easy task.

The 2013-2016 Basketball Victoria Strategic Plan lists six pillars that highlight the key BV Strategic priorities – namely, people, inclusion, growth, facilities, awareness and leadership. Significant progress was made in 2013 towards achieving some of the goals listed under these pillars. However, after evaluation of and refinement to the strategic deliverables, further work must be undertaken to ensure that BV has the correct structures and appropriate resourcing in order to deliver the strategic priorities and, ultimately, a single vision.

I am happy to report that BV has recorded another excellent year of growth, with Basketball Victoria Country recording a 4.4% increase in individual registrations, reporting a figure of 42,902 for 2013. The Victorian metropolitan team-based registration figures also show an overall growth of 6.2% from 15,278 teams to 16,236 teams. Clearly, increased demand can lead to the development of other significant issues such as insufficiencies in playing and training facilities, the number of suitably qualified referees and coaches and the amount of playing time available due to fully subscribed playing rosters. All of these potential problems need to be addressed as they directly influence the playing experience and, in turn, the churn rate of current and future participants.

Financially, the organisation continues to maintain a healthy balance sheet. Although reporting a small deficit for the year due to some unbudgeted one off expenses associated with the move to the State Basketball Centre, the core BV business is robust. The organisation has net assets of over \$2.3million with \$1.6million being held as cash reserves. There was a combined BV/BVC 2013 turnover of over \$6.5million.

Throughout 2013, the BV administration head office continued the settling in process at the State Basketball Centre (SBC). In order to make this great stadium truly a home of Victorian basketball, various projects were undertaken during the year. Honour Boards and the Wall of Fame have been re-established to acknowledge and celebrate the history of Victorian Basketball. Various state High Performance training sessions, camps and games have been conducted throughout the year from the Centre and more signage projects and events are planned in order to continue to establish a Basketball Victoria culture at the SBC.

I would like to acknowledge the magnificent support of our commercial partners, many of who have been involved with BV for many years. McDonald's has now been BV's major development program partner for 30 years! This is one of the longest commercial sporting partnerships anywhere in the world and one of which we are extremely proud I am also delighted that we have signed a five-year extension of our successful partnership with basketball manufacturer Molten. In a challenging commercial market where long term deals are more and more difficult to come by, this can be viewed as a mark of confidence in Basketball Victoria's ability to continue to deliver the benefits required by major corporate and government organisations. Other highly valued partners include VicHealth, Sport and Recreation Victoria, Schweppes, SEDA, Sports in Focus, 2XU, ECHO Australia, the Gorman Foundation, Ultimate Sports, Why Risk Insurance and 2K Sports. We could not continue to provide the various areas of service delivery required of BV without their ongoing commitment and commercial support.

I offer my sincere thanks to all the BV staff for their fantastic efforts throughout the year. Working in the sporting industry, while rewarding in so many professional aspects, can also present a number of challenges. Often, the working hours are long and unpredictable and expectations are high. I would like to make special mention of the senior BV management team and, especially, Wayne Bird who has consistently offered me his time and assistance and has been enormously supportive of me during my first year in the job. I also acknowledge and thank the members of the BV Board I have found the Board to be a high-functioning and cohesive group, each member of which is dedicated to supporting and improving the practices of BV. In particular, the President, Dan Kirtley, has personally given hundreds of voluntary hours to BV over the year, and has proven to be a great support and mentor to me, for which I am extremely appreciative.

I am excited by what is in store in the coming year and look forward to continuing to steer BV along the path towards our vision of becoming "the world's best sporting community!"

**NICK HONEY**  
Chief Executive Officer

# Strategic Operations

## **Our Vision: Basketball in Victoria: The world's best sporting community**

After collaboratively working with our Associations in the latter part of 2012 to define our new focus, 2013 began with establishing effective strategies and actions that would underpin our expansive Strategic Plan. The execution requires a diligent effort by all to address our challenges and embrace opportunities to solidify our standing in the sporting sphere and the building of a strong foundation that will assist us with achieving our Vision of becoming the world's best sporting community.

### **People: Strengthen capacity and encourage excellence at every level in basketball**

The development of Victorian referees was highlighted as a priority in our Plan. Extensive work was undertaken whilst the long-awaited review of the Victorian Referee system began with actions implemented such as: an Online General Principles Referee Course; a review of the Referee Coach Accreditation and Course content; a new draft of the Advisor Handbook; and consultative work with Basketball Australia to re-vamp the NRDP program.

Good governance is often attributed to the success of an organisation, but failing to govern properly can often lead to detrimental consequences. To assist the efficiencies of our members, we produced *Governance Management for Basketball Associations and Clubs 2013* and disseminated to all Associations. A series of seminars took place and addressed issues such as writing and reviewing Constitutions and other governance documents, financial management and risks, strategic plans and volunteers. As the identified exemplar sport for our work with people with disability, we have utilised our expertise to influence the attitudes and behaviors of our Associations, and indeed other sports, to embrace inclusion and as this evolves, we are seeing a greater number highlighting Inclusion as a priority pillar in their own Strategic/Business Plans: in the past 12 months, 5 more Associations have prioritised Inclusion bringing the total to date (since 2007) to 24.

A High Performance Review was undertaken during May and June with over 60 recommendations, all of which were endorsed by the Board in August 2013. Outcomes include: 30 High Performance Coaches oversee 100 identified athletes, 15 x coaches oversee 60 Country Athletes; and the emergence of 23 State Performance Programs initiated to underpin the NITP.

The *Victorians More Active* project, funded by Sport and Recreation Victoria (SRV) has allowed us to continue to provide education and assistance to build stronger more capable Associations via membership management training, governance initiatives, technological development and continuous improvement activities that have enhanced basketball outcomes and created more sustainable and financially viable Association infrastructure across the state.

The Volunteer Innovation Program funded by SRV, targeted women who are currently on Association Committees who have been identified as future Presidents. Eleven women participated, all nominated by their current President, and each attended a series of Professional Development sessions including: Personal Development and Resume Writing; a Level 2 First Aid Course;

Equal Opportunity; Play By the Rules; Governance; Strategic Planning; Grant Writing; Community Planning; Sport Training and a final presentation from BA's CEO, Kristina Keneally.

We managed a program on behalf of Basketball Australia funded by the Department of Immigration and Citizenship (DIAC) to engage females from diverse cultural backgrounds in basketball. The objectives were to promote respect, fairness and a sense of belonging and understanding; and develop the community capacity building skills of specific community groups with a purpose of building their social cohesion capacity and/or promoting their positive contributions to Australia. Participating states were Victoria, South Australia, Tasmania, Queensland and Western Australia with actions including: production of two written resources (*How to Play Basketball in Australia* and *Engaging Women from Diverse Cultural Backgrounds in Basketball Case Study*); production of a 30 second promotional DVD; 2x Harmony Day activations; a Racism: It Stops with Me Campaign; involvement of 240 direct participants with 70 girls transitioning to an Association linked program; and a total engagement of 63,407 people throughout the year.

### **Inclusion: Ensure basketball is a sport that enables everyone to participate**

There is continual evidence being gathered that sport can help improve mental and physical health, be a preventative against crime, assist in social development, increase community cooperation and is an effective means of reducing the rising rates of obesity and chronic illness often found within our more disadvantaged communities. With statistics stating that only 52.5% of people with disability rated their health as good, very good, or excellent, compared with 85.4% of all Victorians (ABS 2007a), there is much work to do and we are continuing to address this issue via a range of strategic methodologies. Our Inclusive Basketball Strategy (IBS), funded by VicHealth is based on the principles of equity, access and participation, utilising a planned approach to creating healthier basketball environments based on a detailed assessment of the factors that support or impede inclusion for people with disability.

Critical reflection of our activities and planning for evaluation is integrated into routine work, and has highlighted the need to revisit aspects of the IBS to strengthen organisational systems designed to embed inclusion. Organisational accountability is vital to ensure the process of reform that we have strived to implement via leadership, governance, strategic planning, policy development, operational processes and practices, and training and communications so they are sustainable beyond our funding remain a priority for our business.

The vast scope and depth of our Inclusion programs and the continued process of planning, implementation and review maintained our leadership status within Victorian sport. Our ECHO Australia All Abilities Tournaments built a foundation for the Victorian Inclusion League (VIL) in 2013 with those Associations that had established strong and sustainable disability programs considered as participants in the League. The VIL is administered by the VJBL thus ensuring responsibility, ownership and sustainability beyond our funded period A Referee Short Course DVD was produced assisting people with a learning difficulty to complete a basic Referee Short

Course via visual learning. The production of a Disability Action Plan (DAP) has been endorsed by the BV Board, submitted and published on the Victorian Equal Opportunities and Human Rights Commission (VEOHRC) website. A total of 37 Associations held inclusion programs throughout the year with the constant emergence of more Associations wishing to become inclusive. Channel 31 offered us the opportunity to have a segment on *No Limits* aired on their Sports Episode in February. The Boomerangs (Australian Men's team for Athletes with an Intellectual Disability) won Bronze at the ICC World Championships in Turkey with five of the team from Victoria coming through our system. In total, over 6,000 people with a disability participated directly in BV programs, with many more engaging in other ways: an overall increase of 70% on the previous year.

During 2013, Disability Sport and Recreation granted us custodianship of wheelchair basketball giving us the responsibility for the management and development of this aspect of our game. We have received funding from SRV that will assist us to develop a network and structure to enable more people with mobility restrictions a sound and solid pathway in which to participate, compete and achieve.

Societal attitudes and lack of information has hampered the approach to increase access for people from the Gay, Lesbian, Bisexual, Transgender, Intersex and Queer (GLBTIQ) community. The Fair Go, Sport! program initiated by the Australian Sports Commission and managed by the Victorian Human Rights and Equal Opportunities Commission (VHREOC) saw Basketball become the 2nd lead sport to receive funding. The project is designed to make basketball more inclusive and welcoming for members of the GLBTIQ community and has now been incorporated into the Strategic Plan with Big V rolling out the project during their finals series. A launch was held at Torquay with the "Swisharoos", an U14 team from Torquay who took a stance believing "Basketball should be a safe sport where everyone can play and no-one gets bullied" Very prolific words. An extension of the project has subsequently been granted and will be rolled out in 2014 within the Craigieburn, McKinnon and Ballarat Basketball Associations.

Being active in community sport creates opportunity from those communities that are perceived as dormant, but it is usually the challenges that surround participation that clouds such perception. BV were once again involved with the administration of the South Sudanese National Basketball Tournament on two occasions in 2013. The National Championships provide the opportunity for athletes to display their skills and showcase their abilities and during July they were able to do this in front of Luol Deng (NBA) who attended over the course of the weekend as part of his Foundation.

### **Growth: More players, more people, more basketball, more community engagement and healthy outcomes**

For our benefit we must embrace our challenges to ensure we provide a variety of support methods, education, opportunity, development, advocacy and a realistic methodology to enable a more diverse range of people to be involved, and feel safe in our sport. BV has approximately 160,000 registered players (119,000 metro and 41,000 regional) from 144 affiliated

Associations. Our Census revealed that 1.21% of people from selected diverse cultural origins and approximately 1,000 people with disability (PWD) are registered (BV disability programs service approximately 6,000 PWD pa). In 2011, Victoria had a population of 5.6 million: 1 million of those has a disability; and Australia-wide this is predicted to rise by 2.3 million by 2030. This projected annual growth for people with disability alone, is 1.7% – overall basketball growth is currently registering 4%. If we focus on converting our participation to membership and apply a more targeted approach to working with people with disability, diverse cultures and those that experience disadvantage, what could we achieve?

Our Census also revealed that our largest participation rates were by children within the 6 to 12 age bracket holding 13.9% of our total rates, highlighting that our youth are continually connecting with our game. BA's GEMBA (Aussie Hoops) Review was tabled and includes new Aussie Hoops branding, marketing, promotion and a database management system to be launched in July 2014. Victoria has continued to lead the way with Aussie Hoops with BVC showing a 30% growth in Aussie Hoops membership. Our participatory programs and structured competitions continued to rise in numbers assisting to strengthen our pathways and contributing to a healthy lifestyle for our basketball members.

### **Facilities: More and better places to play – turn nobody away**

The BV Facilities Master Plan Final Report was received and identified a need over the next 8 years (2021) for at least 67 courts to cater for the predicted participation increase in the identified metropolitan growth areas and 18 courts in regional Victoria. There is a need to create a stronger alliance with other indoor stadium users to assist with planning, lobbying facilities funding, and the development of ongoing viable venues. Increased court usage often stimulates further interest in playing so has therefore not met or reduced previous un-met demand

We are continuing to seek to ensure Basketball has access to sufficient, high quality infrastructure and are utilising our evidence and advocacy to guide investment into new facilities and the expansion of existing ones to meet demand. Currently, 26 Councils have developments programmed, feasibility studies in place or at initial stages of review for future indoor requirements. We are continuing to develop and build relationships with key SSA's, particularly Netball Victoria and Badminton Victoria, who will assist future facility developments.

### **Awareness: Promote recognition of Basketball's popularity at all levels of government and throughout the community**

The Basketball community is servicing our large membership base through policy, communication, education and development processes. We also continue to regularly market and promote our activities via the production of resources such as our *Family Basketball* video and regularly providing content on Social Media such as Website, YouTube, Twitter and Facebook to allow stakeholders to be informed and engaged regarding all strategic priority areas. An internal communications audit was completed to ascertain a more streamlined approach in this area in 2014 and beyond

# Strategic Operations

However, we let ourselves down when we neglect to reveal our valued numbers. A mere 50% response from our Associations (63% in 2012) for the 2013 Census is a very disappointing result for Basketball. It is imperative that we are informative to Government and the wider community on who it is that participates in our sport. Any Government funded project now stipulates that we must supply data on all our participatory programs, including volunteers: if this data is not supplied, we will not be funded. Currently participation rates in walking, cycling and running are sharply rising and the number of people committed to regular organised and structured sport is either remaining a constant, or in some cases, showing decline: we do not want to be one of these statistics. Regular communication and effective facilitation in the sharing of information is the only way to maintain our popularity. Our data needs to be a true reflection of our sport. We must continue to create, project and enhance our Brand or our popularity may wane.

## **Leadership: Build the business of basketball by providing a strategic focus, developing and strengthening partnerships and reinforcing our strong and united community**

Following the adoption of the BVC Affiliation Agreement in 2012, an initial project was developed for the rollout of the Agreement that included 4x stages (30 Associations per stage) across 2013. All 4 stages were delivered and whilst initial take up was excellent, this slowed after July with BVC working through the document with the smaller Associations. As of 1 Nov 2013, 65 Associations have signed the agreement with expectations that all 108 Associations will have it signed in 2014. The project will now dovetail into the BVC Capitation Project in 2014. Both projects have been important development projects from

the BVC Governance and Projects Committee with the BVC Commission providing leadership for staff in this area.

We have also begun to engage our champions via an Ambassadors program beginning with: Hannah Kaser (Morwell/St Mary's College USA); Cortney Williamson (Ararat/Captain Lady Supercats SEABL); Shaun Bruce (Horsham/Cairns NBL, Captain Ballarat Miners SEABL); and Matthew Dellevadova (Maryborough/NBA Summer League/Boomers squad) to capitalise on the strength of our game.

## **Conclusion:**

We all need to be aware of the needs of our wider community and capture the interest and involvement of everyone in Basketball. By promoting, marketing and collecting information on how popular our sport is, and continues to be, will assist us to achieve our vision.

Despite our strong network and history of success, there is still scope for improvement and an unprecedented opportunity to remain united. Clearly there is still much work to be done. We will continue to reinforce our organisational development strategies, strengthen our measures, critically analyse the barriers and enablers of our Plan and provide a clear commitment towards achievement.

The level of investment each and every person involved is prepared to make will underpin basketball's success: the opportunities are endless.

## **KAREN PEARCE**

Manager Strategic Operations

# Commercial Business

**In 2013, the Basketball Victoria Commercial Program entered its third year. The development milestones we achieved this year were a direct result of the solid framework developed in years one and two of the project.**

Our focus in 2011 and 2012 was on the establishment and development of database programs and relationship building across all Stakeholders. The resulting success provided us with an asset that continued to grow and develop. In 2013, the project was marketed to the broader business community. Underpinning all objectives and outcomes was our reliance upon further expansion and development of Stakeholder relationships and communication, in order to create opportunities and add value across all levels of our sport.

There were a number of commercial partners we worked with to deliver mutually beneficial campaigns. The flexibility of our asset enabled us to specifically tailor communications to channel each partner's commercial message and also deliver direct, tangible and relevant benefit to the wider Victorian Basketball Community. We teamed up with Why Risk Pty. Ltd, 2XU, 2KSports and Melbourne Tigers all of whom invested directly into the commercial project in 2013 and have committed to ongoing partnerships in the future. These will further develop as the Project evolves and develops in 2014 and beyond

In addition to third party commercial messaging and promotion, the database was further developed to market items of interest and specific program information pertaining to specific individual and group involvement in the sport. To maximise the profile, ticket sales and reach of Basketball Victoria events, the database was used to communicate details of Coaching Clinics, Camps, large scale spectator events such as the Kyrie Irving/Andrew Bogut clinics and the FIBA Oceania U19's held at the State Basketball Centre.

In consultation with Street Ryan and Associates, the inaugural Basketball Victoria Census and Economic Impact Assessment was delivered in 2013. The reports detail key data on basketball's reach and demographics, as well as quantifying the value of basketball to the overall Victorian economy. Findings from the census have, and will, continue to form the basis of future commercial partnership-based strategies, directions and proposals. Basketball Victoria has committed resources to optimise the Project's benefits and will continue to rely on Association involvement and input.

Aside from the direct marketing deliverable, an important commercial benefit of the Census and Economic Impact

Assessment Project is to underpin future strategic planning on current and future population trends. The reports generated are fundamental to our funding, program management, resource allocation, strategic planning, facilities planning and evaluation processes in the future.

This Basketball Victoria database is an essential investment in our sport and will underpin our future funding and revenue generation. Whilst some initial objectives have been delivered, the potential growth and subsequent commercial return is still very much a work in progress.

**REBEKAH LACY**  
Manager Commercial Business

# Marketing Department Report

**In 2013, Basketball Victoria continually focused on efforts to promote our great sport through various channels, while striving to increase and strengthen engagement with our members and the wider community.**

## Advertising

Advertising continued in various community and school publications (both Primary and Secondary), along with in-paper and online ads featuring throughout the year. Particularly encouraging was our ability to attract the attention of mainstream media outlets such as the Herald Sun and Channel 7.

Our ability to pursue joint advertising efforts with Major Sponsor McDonald's allowed us to feature prominently in one of the most-frequented quick serve restaurants in Australia. Throughout the year, Basketball Victoria advertising featured on posters and traymats in every McDonald's restaurant across Victoria (more than 270 stores). Basketball advertisements also featured on the Kidspot Website (Australia's leading online parenting information website), Herald Sun (Corinella) and the Aussie Kids publication, which has a circulation in Victoria of more than 120,000.

We were very excited in 2013 to air our first-ever basketball television commercial (TVC), which was produced in partnership with McDonald's. The TVC featured highlights from our junior basketball programs, as well as McDonald's Super Clinic Ambassador and NBA superstar Andrew Bogut. The TVC was aired on OneHD during broadcasts of NBL games during the 2013-14 season.

## Commercial

In 2013, we celebrated our 30th year of partnership with McDonald's and we are pleased to have entered into a new agreement for 2014. We hope to continue our long-standing partnership with McDonald's well into the future. We were also successful in signing our Official Basketball Partner Molten to a new 5-year agreement, which will ensure Molten remains as the official competition ball of all of our leagues, programs and events statewide.

We also proudly welcomed two new sponsors aboard in 2013: Why Risk and 2K Sports. Why Risk is a Victorian-based business specialising in risk and personal insurance and will be our official partner in this category for the next two years. 2K Sports is the publisher of NBA 2K, the world's most popular basketball video game franchise. Look for some exciting activations from 2K at select key BV events in 2014.

The Basketball Victoria Online Store continued to yield strong sales, resulting from increased awareness amongst our members and the wider Basketball Community, as well as the introduction of new products and promotions from our supplier partners. As more consumers continue to move to online shopping, we expect this to remain a key revenue growth area for our business.

## Events

The McDonald's Basketball Super Clinic has grown to become

one of our most popular and high-profile events for entry-level participants. The event's drawcard was NBA superstar Andrew Bogut, who continued in his third year as ambassador of the event. The event offers an opportunity for 500 kids, aged 5-12 years, to participate in a series of fundamental basketball drills led by Bogut and several NBL, WNBL and Big V stars. The event continues to draw an impressive amount of mainstream media coverage, with numerous print, radio and TV features, including the Herald Sun and 7NEWS.

The McDonald's Hoop Time Senior All-Star Grand Finals were again played as curtain-raisers to a sold-out Melbourne Tigers NBL game on December 8, 2013. The televised game was co-sponsored by Basketball Victoria and McDonald's. Promotional highlights from the day included co-branded event merchandise (given away to the first 2,000 spectators to enter the stadium), scrolling courtside signage, inclusion in the official game program, branded corporate hospitality and a McDonald's Super Mini Series game at halftime. The annual sponsored Tigers game has proven a fantastic setting for the culmination of one of Victoria's largest Primary School sporting competitions.

The McDonald's National Junior Classic was held over the Queen's Birthday weekend in June and has fast-risen to become the nation's highest-profile junior clubs tournament. Basketball Victoria produces a custom line of apparel which is sold online pre-event and at apparel stands on-event at both venues. Sales from the event continue to grow year-on-year and the apparel program has become one of our biggest annual marketing exercises.

Basketball Victoria would like to recognise and thank all of our valuable sponsors and partners for their continued support: McDonald's, VicHealth, Schweppes, Molten, ECHO Australia, 2XU, Why Risk, 2K Sports, Sports In Focus and Fox Sports Pulse. Your support helps to ensure the continued growth and success of our great sport.

## SCOTT DAVIS

Manager Sales & Marketing

**I commenced in the role of Basketball Operations Manager on 6 May 2013 taking over from my good friend Ross Wignell, who after 14 years of outstanding service to Basketball Victoria (BV), had departed for greater challenges in the basketball community overseeing the next chapter of the Diamond Valley Association.**

Upon my arrival it was clear that Ross had left the Operations area as the benchmark throughout the country.

The following report outlines another successful year for the Basketball Operations team in 2013.

### **Aussie Hoops**

Our Aussie Hoops development program had 6,819 participants complete the program in 2013 at 32 metropolitan and 68 country associations and schools. Every new participant received an Aussie Hoops pack, containing a branded basketball, singlet and backpack. Associations have continued to increase their team participation numbers as a result of introducing the program.

### **Skill, Fun and Play**

Skill, Fun and Play, which is a program conducted within schools and forms part of the Victorian Aussie Hoops development program, held clinics offering participation opportunity to 17,587 primary school children from 87 schools. BV continued to work with Sports, Education & Development Australia (SEDA) students and local Association coaches to deliver Skill, Fun and Play clinics that provides a great introduction for those beginning in basketball.

With 39,299 participants (up from 35,577 in 2012), 200 Hoop Time days (up 11 on 2012), catered for 603 primary schools in 2013. We operated out of 41 different venues offering McDonald's Hoop Time to 4,370 teams (up from 3,953 in 2012). The amount of positive feedback received provides great evidence that the program continues to be a success and services basketball players at an early age.

### **Coach Education**

Coach education continued to be a high priority in 2013 with Level One courses the highest participated in four years. 4,024 coaches attended a variety of BV conducted coaching courses and clinics, which included;

- x8 Level O Courses
- x31 Level 1 Courses
- x2 Level 2 Courses, plus
- American High School Coach Terry Battenberg Clinic
- Perth Wildcats Head Coach Trevor Gleeson Clinic
- Grand Canyon University Head Coach and NBA legend Dan Marlerle Clinic
- Australian Boomer Head Coach Andrej Lemanis Clinic
- St.Mary's University (CA) Head Coach Randy Bennett Clinic
- World Association of Basketball Coaches/FIBA U17 Oceania Series Head Coaches Clinic
- Mastermind Clinic – Andrew Gaze, Lindsay Gaze, Trevor Gleeson, Joey Wright, Ian Stacker and Patrick Hunt
- Kyrie Irving and Andrew Bogut Clinic
- X6 Ian Stacker VJBL U12 Man to Man Defence Clinics.

### **BV Development Camps**

Basketball Victoria's 2013 Development Camps were once again very popular with 2,726 athletes attending throughout the year in the following categories; Pre Season Camp, April Specialist Shooting Camps, Domestic Development Camp, ECC/SCC Try Out Camps, U12 Central Talent Camp, U12 Regional Talent Camp, U13 NITP Selection Camp, U14 NITP Selection Camp, U14 Regional Talent Camp, U15 NITP Selection Camp, U16 NITP Selection Camp, U17 NITP Selection Camp, U12-U14 Player Development Camp and U16-U18 Player Development Camp.

### **SEDA**

Our great partnership with SEDA continued to flourish with classes operating out of Sunshine, Nunawading, Broadmeadows, Dandenong, Traralgon, Ballarat, Bendigo, Shepparton and Geelong. Students completed their Level 1 Coaching and Officiating courses allowing them to assist Hoop Time & Hoop Time Mini's days, Skill, Fun and Play clinics, VCC and McDonald's Cup tournaments. The year 11 and 12 students are a great assistance to BV as they enable us to reach more primary school students with our introduction basketball programs.

# Basketball Operations

## Australian Junior Championships

Victoria continued to dominate at the Australian Junior Championships winning six (6) of the possible eight (8) National Championships, and medalling in the other two (2).

The results of our Victorian State teams at the 2013 Australian Junior Championships were:

|                            |        |                                                                                                    |
|----------------------------|--------|----------------------------------------------------------------------------------------------------|
| • U20 Men                  | GOLD   | 67 – 63 vs NSW<br>(Dante Exum winning the Bob Staunton 2013 U20 National Championships MVP Award). |
| • U20 Women                | GOLD   | 57 – 48 vs SA                                                                                      |
| • Ivor Burge Country Men   | Bronze | 72 – 66 vs SA                                                                                      |
| • Ivor Burge Country Women | 4th    | 28 – 76 vs NSW Metro                                                                               |
| • Ivor Burge Metro Men     | GOLD   | 78 – 43 vs QLD                                                                                     |
| • Ivor Burge Metro Women   | GOLD   | 78 – 45 vs NSW Country                                                                             |
| • U18 Country Men          | 4th    | 50 – 65 vs TAS                                                                                     |
| • U18 Country Women        | Silver | 52 – 55 vs QLD North                                                                               |
| • U18 Metro Men            | GOLD   | 63 – 60 vs NSW Metro                                                                               |
| • U18 Metro Women          | 4th    | 60 – 66 vs QLD South                                                                               |
| • U16 Country Men          | 6th    | 64 – 73 vs New Zealand                                                                             |
| • U16 Country Women        | 5th    | 61 – 42 vs NSW Country                                                                             |
| • U16 Metro Men            | Bronze | 88 – 60 vs QLD South                                                                               |
| • U16 Metro Women          | GOLD   | 83 – 73 vs SA Metro                                                                                |

Competing against U16 and U18 women's and men's teams from NSW Metro, SA Metro and the ACT, the Victoria Metropolitan National Intensive Training Program (NITP) won the East Coast Challenge held in Sydney in January 2013. The touring group consisted of 8 teams, (90 athletes), competing in the U16 and U18 boys and girls competition overseen by 25 coaching and support staff.

Victoria Country and Victoria Metro U14 and U15 girls and boys participated in the 2013 Southern Cross Challenge in Ballarat. The tournament, like the East Coast Challenge provides a unique development opportunity for identified athletes, coaches and referees to participate against the best in a wonderful environment.

Victoria Country teams in all age groups competed in the Australian Basketball County Cup Championships in January 2013 in Albury with outstanding results.

The NITP continued to operate successfully. In addition, the National Performance Program (NPP) has continued the production of outstanding Victorian players and coaches for Australian teams at World Championships.

Victorian Country U18 Women's Head Coach Sharon Denham was the assistant coach for the Australian Opals for the October 2013 Hungarian Tour, which also included Victorian athletes; Anneli Maley, Alexandra Sharp, Abby Wehrung, Carly Turner, Casey Burdon, Steph Collins, Tessa Lavey and Chantel Horvat.

In 2013 over 65 Victorian athletes are on team rosters in USA NCAA/NAIA university programs.

Victorian Rachel Jarry won the WNBA Championship with the Minnesota Lynx and fellow Victorian Jenna O'Hea played the WNBA season with the LA Sparks. Also ex- Maryborough and Victoria Country representative Matthew Dellavedova was drafted to the Cleveland Cavaliers in the NBA to join fellow Victorian Andrew Bogut at Golden State in the best men's league in the world! Ex Victorian State Team Head Coach Brett Brown was also appointed Head Coach of the NBA team the Philadelphia 76ers in 2013.

Victorians Andrej Lemanis (Boomers) and Brendan Joyce (Opals) were appointed for the next term as our Head Coaches of their respective national teams.

One of my first tasks in the role was to undertake a review of our states high performance programs. This review was undertaken in May/June 2013 and endorsed by the BV Board in August 2013.

Whilst Country and Metropolitan State teams must continue to be highly competitive on the basketball court, off it we seek to ensure co-operation to build efficiencies. We need to maintain high standards and pursue best practice to provide a long term and sustainable total Victorian domination in athlete and coaching ranks at all Australian Junior Championships, Australian Development Camps and future Opals and Boomers teams.

In the later half of 2013 the following actions were initiated from our high performance review and now form the pillars for our future success in the High Performance area;

- Endorsement of a Victorian Basketball Curriculum.
- Closer State ties with the Basketball Australia High Performance team.
- Implementation of a Victorian Style of Play.
- State Team Coaching appointment panels, one from Country and one for Metro – operating on the exact same selection criteria and staff position descriptions.
- Appointment of Mentor Coaches from past experienced and knowledgeable Victorian Basketball people to all Victorian Country and Metropolitan State Teams.
- Encouragement of age specific state team singlet presentations.
- Country and Metro teams to play each other in one (1) country and one (1) metropolitan location in pre tournament practice games to ensure meaningful preparation for their upcoming Championship.
- Restructuring of the state's NPP and NITP program and the implementation of a third tier elite development program the State Performance Program (SPP). NITP satellite hubs established in Mildura, Bendigo, Ballarat, Geelong, Shepparton and Churchill.
- Production of a State High Performance Newsletter to all participants and members of the High Performance family.
- Annual meetings with all Association's Director Coaches are now conducted to ensure consistency of message.

# Basketball Operations

- Implementation of the State's High Performance Key Performance Indicators.
- Athlete and Coaching internal depth charts established and managed.

Congratulations to the following Victorians who have accepted 2014 Centre of Excellence (COE) Scholarships: Abiola Akintola, Alexandra Sharp, Anneli Maley, Chantel Horvat, Dejan Vasiljevic, George Blagojevic, Jock Perry, Stephanie Collins and Tom Wilson.

And finally, 2013 saw an exciting year for our referees.

The Level 2 Course is a State (Metro) run program with 16 participants (13 successful) in 2013. There was an increase in the number of referees progressing to Level 2.

The Level 3 accreditation is status recognition, based on selection onto the Senior Referee Panel, with 6 new officials recognised in 2013. Victorian referees did feature in international appointments in 2013, with an outstanding achievement from Chris Reid being appointed to the Gold Medal Game at the Under 19 Men's World Championships in Prague.

2013 saw the second year of the "Zebra Development Camp" (non Championships National Schools Tournament) conducted

in Metropolitan Melbourne, being a shared arrangement between Kilsyth and Knox Associations. 52 Victorian referees, along with 10 Victorian Referee Coaches, were involved in the program.

The Southern Cross Challenge Tournament was conducted in early January 2013 with 16 referees and 8 referee coaches involved in a three day program with on court evaluating and coaching, along with on court video evaluations, and some formal education and training sessions.

We approach 2014 very optimistically that a strong and healthy working relationship will be nurtured with the VBRA, BV, BVCC, VJBL, Big V and SEABL, which in turn will assist with the demands of finding quality referees for all competitions, provided a statewide pathway for our officials and assist in meeting the demands of the various domestic competitions.

2014 looks to be another busy year ahead for the Basketball Operations team as we continue to aim high and provide the best possible service to our community.

## GRANT WALLACE

Manager Basketball Operations

## 2013 saw the culmination of a number of initiatives that were established with the introduction of the BVC Commission under the leadership of Peter Eddy in 2010.

Due to a multitude of commitments and also other opportunities, Peter Eddy completed his role with BVC in the second part of 2013. The BVC Commission and staff acknowledge Peter's exceptional contribution to the Commission, his wealth of knowledge and his personal development of the organisation and the other Commissioners during this time. The organisation has been left in a sound governance and strategic position.

Matthew Cowling was nominated and elected into the vacant BVC Commission Chair at the Commission's September meeting and in accepting the nomination added that he believed the work completed initially by the original Commission members and in particular, Peter Eddy and Corey Mulqueen had rebuilt the BVC governance structure and Peter's business acumen will be a loss to the Commission.

At the BVC AGM in May, three new Commissioners were elected: Matthew Cowling, Bill Jeffs and Brett Rolfe, joining Commissioners Corey Mulqueen, Alan Garraway and Mark Roffey. Matt Agterhuis was co-opted onto the BVC Commission in June.

Previous Commission members, Marty Handson and Barry Hatherell did not seek re-election and as per the BVC Bylaws, Co-opted Commission Member Sharon Royal, was required to step aside following two years in this role.

## Referee Development

Throughout the 2012/2013 Strategic Planning sessions with Associations it was very apparent that the key initiative for the 2013 – 2016 BV Strategic Plan was the development of Basketball Officials.

Late in 2012, BVC employed Jason Kelly to the role of Referee Development Officer. Jason's first duty in 2013 was to develop a Regional Referee Development Plan with clear objectives, actions and key performance indicators. The plan was then adopted initially by the BVC Referee Committee and then the BVC Commission. Initial actions from the plan have commenced and in some cases completed and include:

- o Review of BVC Committee and members, more streamlined with less numbers and more activity by committee.
- o New Chair, Mark Roffey from Mt Beauty, supported by Alan Garraway, Nathan Williams, Noel Byers, Sharon Royal and Jayden Kent. Mixture of new and experienced.
- o 4 Regional Technical Officials appointed in BVC Regions. Gerry O'Rourke (Hume), Nathan Williams (Loddon Mallee), Noel Byers (South West/Grampians) and Alan Garraway (Gippsland). Technical advisors will lead development of Referees in their regions.
- o Development of a Referee Coach/Educator structure under Technical Advisor, numbers confirmed: 6 - Hume, 5 - Loddon Mallee, 9 - South West/Grampians and 9 - Gippsland. In total 29 experienced Referee Educators to lead across Regional Victoria.

- o BVC Referee Grading Policy reviewed, amended and adopted by Referee Committee (awaiting ratification from Commission). Key areas considered and changes made were: VJBL - grading and particular Referee Schools to be conducted in February/March to allow gradings to be given in April (complying with 6 month VJBL requirement) – Deletion of Level 3C (country), BVC agree that this level is a State level and should be consistent with the State wide process for obtainment.
- o CBL Commissioners across three conferences; reviewed role and re-appointed Commissioners work operationally to complete rosters etc., for referees in each conference (as distinct from Regional Technical Advisors who are working with Associations and Regional Referee Education).
- o Referee Licence process has been developed and is in practice. Referees can now register online to obtain a licence, grading etc., will occur for all licenced referees.
- o Referee licences for micro Associations will be covered under a policy specific to micro Associations. Fees are paid to BVC on the basis of player numbers rather than for actual referees. This is where teams are required to supply referees or referees are sourced from the "previous or next game". This is a significant issue in Regional Victoria and covers the majority of Associations.
- o BVC Referee pathway has been developed and adopted by the BVC Referee Committee. A Communication Plan is being completed to introduce the new pathway to all Associations.
- o Introduction of a Referee Talent Identification Program.
- o Regional Association Tournament - Referee Coaching Structure has been developed and approved by Referee Committee.
- o Introduction and completion of a 2013 Country Referee Action day/s (Gippsland and Bendigo).
- o 2013/14 Basketball Victoria Country Level 1 Referee Course content approved and distributed.
- o Development of the BVC "Respect the Ref" Campaign, which has been developed in partnership with the WIN TV Network and advertisements will appear on that network in the lead up to the BVC Country Championships.

## Affiliation Agreement

The 2012 BVC AGM adopted the introduction of an Affiliation Agreement that clearly outlines the partnership between BVC and the 108 individual Associations in Regional Victoria. The document was refined during the latter part of 2012 and a project to have all regional Associations adopt the agreement was developed for 2013. Initial take up of the agreement was excellent with over 50% of Associations signing the document in the first part of 2013. Since that time, BVC has worked with a number of smaller Associations; however there are a number of Associations that have not fulfilled their commitment to sign the adopted agreement and BVC is continuing to work with the Associations to have this completed prior to the BVC AGM.

With BVC working with Associations this year to complete the process, it will be a requirement of affiliation in 2014 that an agreement has been adopted and signed by an Association.

|               | 2011         | 2012         |        |        | 2013         |        |        |
|---------------|--------------|--------------|--------|--------|--------------|--------|--------|

## Aussie Hoops

This program continues to be a success in Regional Victoria. Current participation numbers in the introductory Aussie Hoops program increased by 30.5% on 2012 figures and 48% on 2011 figures BVC Basketball Development Officer, Megan Moody, has led the charge in this area and has developed significant partnerships with Regional basketball Associations in implementing this important National program.

BVC provide value added items at a cost effective price, ongoing support and knowledge for Associations and the participants. Throughout 2014, BVC will lead a project to track participants from Active After School programs through to Aussie Hoops and then onto registration with an Association.

## Gippsland Regional Plan

As previously reported, this project was an excellent example of working with our member Associations to understand what is really required in an area. The objective in developing this plan was always to set 4 or 5 priorities that could be achieved, not trying to rewrite how basketball is delivered

The draft plan has been completed and will now be delivered to all Associations in Gippsland for comment. The release of the draft has been delayed as BVC worked to have some matters included The Plan will announce the following actions to be immediately introduced:

- **Accreditation system for Association Administrators**, this will be delivered by Fox Sports Pulse in conjunction with BVC as a pilot program in Victoria. Date for delivery will be last week in March or first week in April 2014. The pilot program and accreditation would be called 'FSP Essentials Level 1'.
- **Coach Education**, BVC have listed 3 x Level 1 Coaches

Courses for the Gippsland Region (Sale – April, Moe – June, Korumburra – August) and 1 x Level 2 Coaches Course (Southern Pen – July). The Level 1 Coaches Course content has been reworked and now fits into a one day course at a reduced rate and reflects the change in availability of volunteers to complete accreditation. Most States in Australia now offer a one day course for Level 1 Coaches Accreditation.

- **Association Tournament Referee Plan**, This document is currently in draft format and has been released to Associations with expectation that the final document will be released prior to the BVC AGM. The document guides Associations through the process of obtaining referees for Association tournaments, what Associations should be offering referees as a base and then depending on what further incentives might be offered (eg., Travel, Accommodation). Also a checklist or action plan for Associations in the lead up to the tournament.
- **ClubHelp**, Relaunch the "ClubHelp" resource through Leisure Networks. The "ClubHelp" website has a wealth of information for local Associations, from draft budget plans, position descriptions for committee members, how to run committee meetings, fundraising assessments, event management assessments, just to name a few. It is important that we do not try to reinvent everything and utilise what is already in the marketplace.

As part of the Gippsland Regional Plan, BVC will be completing a small project around keeping girls in our sport which was identified by the Associations in Gippsland as a major issue. This is not just unique to Gippsland or even our sport and research around this project will be completed in the first half of 2014. Part of that research will be determining what studies have already been completed in this area and possible work to rectify this trend.

## Capitation process

The BVC Commission resolved in July 2013 to introduce compulsory online registration for all participants from 1 October **2014**. This decision has three main elements:

- All participants from October 2014 will need to register online, whether they pay online or not.
- Coinciding with this, BVC will actively encourage online payments, which will be split at the time of the payment. So, the individual pays online, and a portion of that payment goes straight to BVC (Affiliation fee) and the remainder to the Association itself – a number of Associations have encouraged us to take advantage of this technology already. Moving to this also reflects the excellent practise starting to happen in other sports.
- BVC will provide incentives (via rebates) to Associations who achieve a minimum percentage of online registrations and payments, starting from 2015 – this in part will recognise the work that Associations will have to do to help launch this new process.

Why are we doing this?

In 2013, much of the Commission's time has been spent reviewing affiliated Associations who have not passed on to BVC the affiliation fee that is collected on our behalf.

We estimate that our senior staff are spending 2-3 days per month on these matters, be that following invoices or meeting with Associations in arrears. It was clear to the Commission that we need to change our approach to the collection of the fee. At one point this year, over \$150,000 was standing at 60+ days as aged debtors for affiliation fees. It simply takes a great deal of time.

As usual, it is a minority of Associations who do this, but in sport, it is the exceptions that take much of our time. We think our time is better served helping Associations and building programs, rather than following up affiliation fees.

## Growth in BVC U12 and U14 programs and the lead on from that

Following reviews of BVC practices in the development of programs around U12's and U14's, there has been a significant increase in participation numbers in this area. Stage 1 and 2 of the BVC objectives in this area have been completed and steady growth has been maintained across 2 years, stage 3 of this process will be to review the pathways and opportunities at the next level.

The U12 participation numbers have increased by 25% over 24 months and U14 numbers have increased by approximately 20%. Introduction of events such as the Southern Cross Basketball Challenge have assisted in the U14 age group and BVC will now review the U12 Jamboree events to ascertain whether more opportunities are available in this area.

## BVC Country Championships 'Host Tenders'

In 2010, BVC reviewed the tender specifications related to the ability of Associations to host BVC events. Over the past two years, the specifications have continued to be refined and as

a result, an increase in tender bids has been received. The Traralgon Amateur Basketball Association won the right to host the BVC U12 Country Championships in the Latrobe Valley for 2013 and 2014. The 2013 event was a success and with the assistance of the Latrobe City Council, the event was well supported locally. Following the championships, an independent economic assessment was completed and it determined that the economic benefit to the region for hosting the 3 day event in April was approximately \$1.5m. This is an important detail that highlights to all levels of government and prospective partners the importance of basketball in Regional Victoria.

## BVC staff and operations

Whilst stability of staff was a large factor in the development of BVC programs, there were changes in some areas.

Brendan Joyce was appointed as the BVC High Performance Coordinator in September 2012 and had an immediate impact on the BVC programs. Brendan was successful in obtaining the role of the Australian Opals Head Coach and departed our organisation in May 2013. Following a review of High Performance in Victoria, the BVC position was transferred to the Operations department at BV. A review also concluded that Victorian State Teams should be administered out of the Operations department at BV and this occurred late in 2013.

## Basketball Victoria Country Affiliation 2013

108 Associations were affiliated with Basketball Victoria Country, with 43,016 registered participants for the year. This figure surpasses the 2012 figure of 40,930 and the 2011 figure of 38,299 and equates to an approximate 5.25% increase in registered participants in 2013.

The top ten Associations in 2013 were:

|    |                                            |                        |
|----|--------------------------------------------|------------------------|
| 1  | Bendigo Basketball Association             | 3006 Reg. Participants |
| 2  | Ballarat Basketball Association            | 2996                   |
| 3  | Basketball Geelong                         | 2522                   |
| 4  | Corio Bay Basketball Association           | 2034                   |
| 5  | Southern Peninsula Basketball Association  | 1910                   |
| 6  | Bellarine Peninsula Basketball Association | 1733                   |
| 7  | Warragul Basketball Association            | 1468                   |
| 8  | Traralgon Amateur Basketball Association   | 1288                   |
| 9  | Western Port Basketball Association        | 1264                   |
| 10 | Mildura Basketball Association             | 1251                   |

## DAVID HUXTABLE

Manager Country Basketball

**Every year it feels like the league is continuing to move forward and 2013 was no exception with some exciting changes and improvements from the 2012 season.**

Last year I spoke about, change and the “great leap of faith” with the merger of the states two U/23 elite leagues to form the Big V Molten Victorian Youth Championship. One year on and I can say without doubt it has been a tremendous success. The two championship grand final games between Sandringham and Dandenong in the Women’s and Diamond Valley and Kilsyth in the Men’s were amongst the best basketball you will see at any level. To see the talent on display in the Big V Molten Victoria Youth Championship competition was truly incredible and it was fantastic to see a true state champion crowned.

Big V was proud to partner with Basketball Victoria and the Equal Opportunity Commission to be part of the Fair Go Sport project, which saw our Grand Final series named the *Fair Go Sport Big V Grand Final series*. The Fair Go Sport project was designed to promote the acceptance of gender and sexual diversity in basketball clubs across Victoria and we were grateful to be a part of this worthwhile initiative.

Our annual awards dinner at Moonee Valley Racecourse continues to be one of the highlights of the calendar and with another near capacity crowd it was a fantastic night to celebrate the achievements of the 2013 season.

Speaking of events, I was excited this year that the pre-season tournament returned home to its origins at the Frankston Basketball Association and I would like to thank Nathan Jolly

and his team for the outstanding job they did hosting the event. There was a real carnival type atmosphere across the course of the weekend and we hope to see as many teams as possible enter the tournament for 2014.

All of these highlights over the course of the year just weren’t possible without our hard-working team at Big V.

Firstly, I would like to acknowledge the efforts of our previous Chief Executive Officer Raelene Joyce, who made significant contributions to the growth and success of the league over the past four years. I wish Raelene all the best in her future endeavors and she will always be a friend of the league.

As one door closes another opens and we welcome to the league our new Chief Executive Officer Julie Anderson who joins us after countless years in the sporting industry. Julie has hit the ground running joining us right before our Annual General Meeting and I am looking forward to seeing Julie continue to raise the Big V to greater heights.

To the members of our Interim Victorian Senior Basketball Commission: Mike Bullock, Laurie Joyce, Ned Coten, Brett Rolfe, Tim Mottin, Mick Spruhan, Malcolm Allison and Josh Pell, I thank you for your dedication and hard work that has helped set high standards in the continued growth of our league.

To our administration team in the Big V office (Julie, Nathan, Callum and Bethany) your enthusiasm and passion for the league continues to shine through in what you do and I thank you for your strong efforts across the course of the year.

I would also like to thank our Referee Commissioner Alan Garraway for his tireless efforts in coordinating the league’s officials. He has been here since the league’s inception and the experience he provides to our up and coming referees is truly invaluable.

We are a league made up of many special people. Our delegates, coaches, team managers, officials, spectators, volunteers and players all help make the Big V league. We are incredibly proud of you all and I again thank you for your support.

Bring on 2014!

**DARRYL NEAL**  
President

**The MMBL has completed its 20th year of competition, congratulations to all who have been involved during this period. The MMBL has been excellent in providing a stepping stone for developing players and a competition where players who have represented their clubs since juniors and still want to play for their Association but not tied down to weekend basketball.**

As records show the Melbourne Metropolitan Basketball League was first introduced to competitive competition back in 1994 after 12 months in the planning, then 12 months with assistance from Basketball Victoria staff before standing alone.

Basketball in Victoria at Championship level had been previously organised by Victoria Basketball Association (VBA) – Victorian Men's Committee and Victorian Women's Commissions. These Commissions were not only running weekly competitions from the old Albert Park Stadium but Invitation competitions, exhibition games and supporting visiting touring groups. During this time basketball in Victoria was viewed by all other states as the place to be for many years.

Moving in a different direction VBA decided to only operate one Championship level and removed all lower Divisions to alternate venues and domestic competitions.

The Women's Commission instigated discussions with the Men's Commission and formally agreed to the introduction of one combined competition, hence the start of the **Melbourne Metropolitan Basketball League**.

Thank you to all who have supported the MMBL during these years, without your help and support we would not be in the position we are in today and that is offering Basketball to the many players and Associations who need a reliable competition of acceptable standard, willing to be flexible and who put back into the league.

Along the years we have been fortunate to have many experienced Executive members return to support the league and hopefully remember the good times. Please accept my appreciation for your involvement in the league; it has been a pleasure working with you and out of this has come many long standing friendships.

Once again our appreciation is extended to Keysborough, Pakenham, Sunbury, Waverley and West Preston hosting MMBL games this season, together with their Management and Staff for their support each week. With these stadiums come a strong staff presence in the form of referees, scoretable, door persons and office management, some being involved with the league for many years so we thank them for their continued commitment. These Associations are also striving to improve the relevant areas at all levels and this was shown this year.

MMBL delegates, team contacts, officials and players are all recognised as a major part in keeping the league in the position it is today, well recognised and thought of; without everyone's involvement, where would we be?

This year, we have been thrilled in being able to have the services of Ron Burgess join the MMBL in the role of Referee Coordinator, this appointment has been a major achievement of the Executive. Ron's experience in the role of Referees and basketball is assisting not only the MMBL but all Association referees involved in the weekly matches.

Although Ron only joined the MMBL this summer season, he visited every venue on a number of occasions during the season, speaking with not only the Referees but venues to improve the Associations, lighting, standard of presentation and general safety. Fresh eyes around the venues are welcomed and feedback has been encouraging at all levels.

Referee Supervisors from all Associations have been assisting with the appointments of referees for their weekly games. We have found this rostering of interchangeable referees is allowing for further experience all round. This year we have found a large number of available referees during the finals series to the point that we could not use everyone. It was also encouraging to find the referees getting back to the manner of being pleased to officiate at finals, instead of what can I get out of it, proving MMBL have real professional referees who are true to the sport.

2013 has also seen a very proactive Executive and my thanks are extended to Shareen Whitaker-Staben, Treasurer, and Ron Burgess – Referee Coordinator, for their support and to partners, who allow this involvement, everyone has a role and these roles are performed as required, a job well done without any fuss.

I express my gratitude to you all for your support of the MMBL and cooperation in the development as required. We are looking forward to another dynamic year.

**MIKE BULLOCK**  
Chairman

# Victorian Junior Basketball League

**We have had another wonderful year in 2013 with record Associations and teams entered along with a record number of panel referees nominated, a great result. However the highlight this year was that all Associations came together to support the man-to-man rule, a great idea that has been talked about for many years but always seemed too hard. Through the hard work of our Rules Committee and the VJBL Delegates the rule became a reality, the big winner will be the athlete because the skill level will improve at an early age and more players to represent our Australian teams one day.**

We again are seeing the benefits of the old saying, “build a stadium and they will come and play”, the growth in our sport is amazing. I know Associations are the drivers in our growth and may I say thanks to you all. I have always said we are a participation sport and we will make every effort to allow as many athletes as possible to play our great game.

This year, it has been an absolute pleasure to work with the VJBL Commission and Regional Board. Both our Commission and the Regional Board consist of passionate people who donate their time to support our game and give guidance to the staff to deliver excellent service and to make sure all involved have an enjoyable experience.

To John and the Staff in the office, thank you for all your efforts supporting the VJBL family. The number of games we play is amazing and it all happens with the minimum of fuss. That job is helped by the efforts of our hard working delegates.

One exciting initiative that was talked about a lot in recent years and is finally getting off the ground is supporting the awareness of females in our sport. Our VJBL subcommittee led by our Commission member Kim Round with support from Basketball

Victoria, has put in place our Girls Got Game (GGG) program to firstly acknowledge and celebrate our women in the sport and to look at initiatives to retain players and bring new participants to the sport, fantastic to see it come to fruition.

To all referees on junior panel and the domestic referees who officiate in the VJBL, thanks for a great effort. I understand at times it is a thankless job and something we all should remember in any game of basketball: there are three teams – two playing and the one refereeing and without referees there would be no game. The quality of the referees is of a high standard and for that we need to thank Lexie and her wonderful team of referee coaches, who guide and support all referees.

Thanks to all players and parents for making the VJBL the greatest basketball league in Australia and maybe the world!

**NIALL QUINN**

Chairman

## Another busy year as new processes were consolidated and collaborative planning meetings with BV continued

**Meetings:** These have been streamlined and operate within firm time periods. Our sub-committee structure was retained, with Grass Roots, Elite Committee, Advisory, Scoretable and VBRA Tribunal, continuing to operate independently. The decision was made to not require representatives from these committees to attend bi-monthly VBRA meetings, but rather give them the alternative to attend any meeting (with prior notice of the items needing to be discussed) and/or submit a written report of their activities. All meeting papers are now held online to make them available to Board members to review, comment and/or amend prior to attending meetings.

Our **Rules of Management** have been updated to cater for changes in the governance of larger Associations, where referee groups come under the direction of the Association. In these we acknowledge the need to ensure that our members continue to receive the support and guidance of the VBRA, while acknowledging the capacity of the changing governance of some larger Associations to reinforce and deliver these.

The **Grass Roots committee** has done great work on policy development and is looking towards focussing more on resource development and making this directly available to referee advisors in Associations. A range of resources (Power Points, upgrade courses, video clips, VBRA policies etc.) are available for affiliated Associations on a USB drive. These will be regularly reviewed and maintained to ensure currency. Special thanks go to Andrew Cavell and the Waverley branch for their work with the Grass Roots committee in developing new Level 1, 2 and 3 upgrade courses.

We must continue to recognise the continuing achievements of our members each year. In the past year we have seen several members receive appointments to International games: Chris Reid, Tim Mills, Raoul Kirsten and Sarah Carey. Sarah also received her FIBA badge in November. Similarly, congratulations go to Bill Mildenhall for his appointment as a Technical Advisor to FIBA – a personal honour as well as an honour for our Association, our State and indeed, our Country.

We continue to see our members appointed to NBL and WNBL finals series, and to officiate in the SEABL and Big V finals. Our officials, as usual, performed well at Australian Championships.

As mentioned in the opening paragraph, Basketball Victoria, in conjunction with the VBRA, has been conducting a review of the role of technical officials in the Victorian Basketball framework. Several meetings were held over an extended period. We have worked co-operatively with the review group and have arrived at an understanding that the issues we are dealing with are a sport-wide concern – namely the development, training and retention of referees, to support the delivery of our sport at all levels in all areas. As such, they need to be worked on by all stakeholders – BV, VBRA, Leagues and Associations. BV have taken this task on board and we look forward to working closer with them in a collaborative and supportive role.

This will require some structural changes as well as more amendments to our Rules of Management. By being covered by Basketball Victoria's Incorporated status, we will be able to remove this from our governance structure. This will require a special meeting of members at some point during the year. By then, we will have worked to amend our Rules of Management and developed a new organisational structure to allow us to work closer with the whole basketball organisation – BV, BVC, The Leagues and Associations. There will be savings in more efficient use of resources, removal of duplication and more effective communication processes. All details of the changes will be available at the special meeting and members will of course have the opportunity to have questions clarified.

The VBRA held a very successful planning day in October where we listed and prioritised our concerns and developed some strategies as to how they, with the ongoing support of BV and all affiliated bodies, could be effectively addressed. These findings have been passed on to the BV Board, Elite Leagues and other involved bodies. The results supported the need to continue the planning we have been involved in with BV.

In closing, I thank the members for the privilege of being President for the past year and to the many past and present Board members who have, and continue to, faithfully serve this Association. Special thanks to Bill and Pat for the work they do in the background to keep things on track.

My thanks also go to the Convenors and members of the Sub-committees that support the Board, to Ron Burgess our State Rules Interpreter, our Life Members, the regions and branches and all of the members across the state.

Yours in basketball,

**ROD BUSH**  
President

| David Pretty     | Assistant Commissioner           |
| Sean Gottliebse  | Assistant Commissioner/<br>Video |

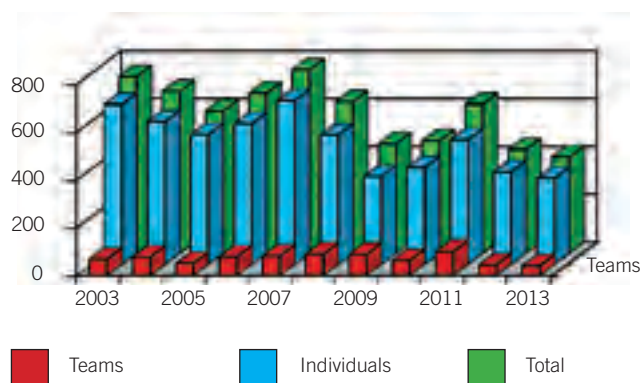

# Tribunal Report

2013 saw a small drop in Tribunals. This was very pleasing but the bad news is that we continue to see an increase in texting, Facebook and other social media cases.

Approximately 361 individuals and 42 teams were found guilty by Tribunals of 1 or more offences. This is a considerable decrease over recent years and continues the general trend downwards. Most of the teams were placed on bonds but some individuals also received bonds. No life bans were imposed.

There was a small increase in spectators appearing before the Tribunal with 13 this year. Of the 7 coaches found guilty of offences, a number of those were also parents of children involved in the game. It was hoped that the trend towards lower spectator numbers over the last few years will continue. However, we are still below the numbers we had several years ago.

The following chart indicates the trends over the last few years.

Of the 9 appeals considered by the Basketball Victoria Appeals Officer, only 4 were granted re-hearings, two on the grounds of new evidence being available that was not available at the time of the original hearing and the other two on proper notice not having been given for the hearing.

The Member Protection Tribunal dealing with screening issues and discrimination, vilification and harassment in matters of gender, race and other similar categories dealt with 4 matters, mostly racial and sexual vilification or harassment. Fortunately, its work was minimal this year.

I thank all our volunteers for the countless hours they have spent in organising and sitting on Tribunals and in particular Denyse Galle from Knox Tribunal who also assisted me in writing up the Tribunal Report.

## Basketball Victoria Inc.

ABN 92 328 079 452

## Notes to the Financial Statements For the Year Ended 31 December 2013

The financial statements cover Basketball Victoria Inc. as an individual entity. Basketball Victoria Inc. is a not-for-profit association incorporated in Victoria under the *Associations Incorporation Reform Act 2012*.

### 1 Summary of Significant Accounting Policies

#### (a) Basis of preparation

This financial report is a special purpose financial statements prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Reform Act 2012. The committee has determined that the not-for-profit Association is not a reporting entity.

The financial report has been prepared on an accruals and is based on historic costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The following significant accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report.

#### (b) Income tax

The Association is exempt from income tax under Division 50 of the Income Tax Assessment Act 1997.

#### (c) Revenue and other income

Revenue is recognised when the amount of the revenue can be measured reliably, it is probable that economic benefits associated with the transaction will flow to the entity and specific criteria relating to the type of revenue as noted below, has been satisfied.

Revenue is measured at the fair value of the consideration received or receivable and is presented net of returns, discounts and rebates.

Revenue from the provision of membership subscriptions is recognised on a straight line basis over the financial year.

Grant revenue is recognised in the statement of comprehensive income when the entity obtains control of the grant, it is probable that the economic benefits gained from the grant will flow to the entity and the amount of the grant can be measured reliably.

Revenue is recognised on transfer of goods to the customer as this is deemed to be the point in time when risks and rewards are transferred and there is no longer any ownership or effective control over the goods.

Interest revenue is recognised when it becomes receivable on a proportional basis taking into account the interest rates applicable to the financial assets.

Other revenue is recognised when the right to receive the revenue has been established.

All revenue is stated net of the amount of goods and services tax (GST).

#### (d) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less.

# Financial Statements

## Basketball Victoria Inc.

ABN 92 328 079 452

## Notes to the Financial Statements

For the Year Ended 31 December 2013

### 1 Summary of Significant Accounting Policies continued

#### (e) Inventories

Inventories are measured at the lower of cost and net realisable value.

#### (f) Property, plant and equipment

Property, plant and equipment are carried at cost less, where applicable, any accumulated depreciation.

The depreciable amount of all property, plant and equipment is depreciated over the useful lives of the assets to the Association commencing from the time the asset is held ready for use.

Leasehold improvements are amortised over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

| Class of Fixed Asset   | Depreciation Rate |
|------------------------|-------------------|
| Plant and Equipment    | 5-33%             |
| Leasehold improvements | 6.6%              |

The assets' residual values, depreciation methods and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

#### (g) Impairment of assets

At the end of each reporting period, the Association reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the statement of comprehensive income.

#### (h) Employee benefits

Provision is made for the Association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled.

#### (i) Operating leases

Lease payments for operating leases, where substantially all of the risks and benefits remain with the lessor, are charged as expenses on a straight-line basis over the life of the lease term.

#### (j) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

## **Notes to the Financial Statements**

**For the Year Ended 31 December 2013**

### **1 Summary of Significant Accounting Policies continued**

#### **(k) Adoption of new and revised accounting standards**

During the current year, the Association adopted all of the new and revised Australian Accounting Standards and Interpretations applicable to its operations which became mandatory. The adoption of these Standards has not had a significant impact on the recognition, measurement and disclosure of transactions.

#### **(l) New accounting standards for application in future periods**

The AASB has issued new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods. The committee members have decided against early adoption of these Standards, but do not expect the adoption of these standards to have any significant impact on the reported position or performance of the Association.

### Statement by Members of the Committee

The Committee members have determined that the Association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies described in Note 1 to the financial statements.

The Committee members of the Association declare that:

1. The financial statements and notes, as set out on pages 1 to 12, are in accordance with the *Associations Incorporation Reform Act 2012* and:
  - (a) comply with Accounting Standards as stated in Note 1; and
  - (b) give a true and fair view of the Association's financial position as at 31 December 2013 and of its performance for the year ended on that date in accordance with the accounting policies described in Note 1 to the financial statements.
2. In the Committee members' opinion, there are reasonable grounds to believe that the Association will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Committee.

President .....

D Kirtley

Chief Executive Officer.....

N Honey

Dated 30 April 2014

### Independent Audit Report to the members of Basketball Victoria Inc.

#### Report on the Financial Report

We have audited the accompanying financial report being a special purpose financial report, of Basketball Victoria Inc., which comprises the statement of financial position as at 31 December 2013, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the statement of the committee.

#### Committee's Responsibility for the Financial Report

The Committee of Basketball Victoria Inc. are responsible for the preparation of the financial report and have determined that the basis of preparation described in Note 1, is appropriate to meet the requirements of the *Associations Incorporation Reform Act 2012* and is appropriate to meet the needs of the members. The Committee's responsibility also includes such internal control as the Committee determine is necessary to enable the preparation and fair presentation of a financial report that is free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Association's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial report of Basketball Victoria Inc. is in accordance with the requirement of the *Associations Incorporation Reform Act 2012*, including:

- i. gives a true and fair view of the Association's financial position as at 31 December 2013 and of its financial performance for the year ended on that day in accordance with the accounting policies described in Note 1; and
- ii. complying with Australian Accounting Standards to the extent described in Note 1.

#### Basis of Accounting

Without modifying our opinion, we draw attention to Note 1 of the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the Committee's financial reporting responsibilities under the *Associations Incorporation Reform Act 2012*. As a result, the financial report may not be suitable for another purpose.
