

All stadiums must be fitted with a thermometer.

On hot days, court temperature must be taken hourly whilst the stadium is in use and must be recorded in a permanent record kept at the stadium.

If the stadium is in sections, the temperature must be taken in each section.

When the court temperature reaches 30°C the Venue Supervisor must consider implementing and where the court temperature reaches 35°C, must implement the following timing rules:

- The referee must call an additional compulsory timeout in each quarter if no timeout has been called by halfway through the quarter. The clock must stop for a referee enforced time out.
- When the court temperature reaches 40°C games must be abandoned.
- All other regular timing rules apply
