

The logo for Decentralized Masters features a central blue geometric shape composed of several lines forming a star-like or network-like pattern. The word "Decentralized" is written in a bold, black, sans-serif font above the word "Masters", which is also in a black, sans-serif font but with a slightly lighter weight. The blue lines of the logo are positioned behind the text.

**Brief Commentary on the
Crypto Recommendations
of
Decentralized Masters
since inception on 08/01/23
and for the
reporting period 08/01/23 - 11/30/25**

Performance Evaluation

Since inception on 08/01/23, the Crypto Recommendations of Decentralized Masters generated 539 verified signals. 464 of these reached an all-time high (ATH) after the recommendation. On average, the ATH was 424.93% above the entry price. The ATH was reached after 102 days (on average)

In 2023, 166 signals (30.80% of all signals) were generated, in 2024 223 signals (41.37%) and in 2025 150 signals (27.83%).

Out of the 539 verified signals, 273 signals (50.65%) doubled, 31 (5.75%) of them reached more than 1,000%, 11 signals (2.04%) more than 2,000%

Disclosure:

The audit was based on data generated by Decentralized Masters. To perform the test, price histories were downloaded from various sources (e.g., Refinitiv, CoinMarketCap, CoinGecko, CoinCompare, CoinCodex and others). All entry prices and current prices generated by Decentralized Masters are verified to make sure to use the correct symbols for the downloaded price histories.

The entry prices for the audit are calculated as an average of the prices (open/high/low/close) found in the respective price sources. The current prices, the all-time highs and the associated trading days were determined by CONQUEST on the basis of the price data used and were taken as a basis for the audit. The symbols and recommendation dates were taken from Decentralized Masters.

No guarantee can be given that all recommendations are complete.
