

Azuga Fleet Customer Success Story

Courtice Auto Wreckers

A moving service company in Oshawa, Canada, Courtice Auto Wreckers Ltd. boasts decades of experience since it was founded in 1975. The company has been around 20 years longer than the typical Canadian organization and 18 years longer than the average moving service company. Courtice is also among the top fleets of 2016 and Q4 2016 for Azuga's Safe Fleet Awards.

“ I can configure Azuga's fleet tracking software exactly the way I want and get to the information I need quickly and easily.”

Steve Mihalic: Owner, Courtice Auto Wreckers

TOP FLEET
Q4'16

Challenges

- ▶ Identifying and meeting performance standards
- ▶ Maximizing fleet truck utilization
- ▶ Reducing unsafe driving behavior in the area's heavy traffic

Solutions

- ▶ Utilize Azuga's Daily KPI reports to establish and monitor benchmarks for improvement
- ▶ Management views Azuga's real-time vehicle tracking map to monitor activity and look for unutilized trucks
- ▶ Employ Azuga's Email Alerts to alert managers to unsafe driving practices

Results

- ▶ **Increased Productivity**
Monitoring trips to and from job sites as well as time spent on-site, has helped the company optimize trips to transfer stations, supply houses, and disposal sites.
- ▶ **Optimized Equipment**
The ability to timely locate empty trucks and re-route them to a nearby service location has reduced the amount of empty-truck drive time.
- ▶ **Improved Safety**
Management identified trucks without speed governors and is able to strike honest conversations with drivers in a way that has markedly decreased unsafe speeding and hard braking.

“ It's an incredibly user-friendly system.”
