## Silverstreak™

### DIAMOND MODEL TRIMMING WHEEL

The Silverstreak™ model trimming wheel trims models faster, runs quieter and is substantially longer lasting than traditional wheels. It has an extra coarse diamond cutting surface which is patterned for aggressive, yet cool cutting. It is lightweight, durable and perfectly balanced for concentric operation.

The Silverstreak™ model trimming wheel has a 25.4mm (1 in.) mounting hole and 6.4mm (1/4 in.) thickness to fit most trimmers. Available in 12" Extra Coarse (12XC) and 10" Extra Coarse (10XC).

Ask your dealer about the availability of Silverstreak™ model trimming wheels designed to fit other popular model trimming machines.
