

Saturate your city with the Gospel.

theblessapp.com

You're already called to lead your people to live on mission where God has placed them. **BLESS** gives you the tools to do it — together, at citywide scale.

What is **BLESS**?

BLESS is a platform built to help everyday believers live and grow in the way of Jesus. It's built on a set of **5 timeless, biblical practices** — structured simply so anyone in your congregation can begin to grow in them starting this week. Each person using the BLESS app receives a daily list of neighbors and friends and is encouraged to BLESS them.
