---

A photograph showing the interior of a Flexiroof structure under construction. The image highlights the blue-painted aluminum rafters and the white powder-coated finish. The structure is illuminated from below, creating a bright, airy atmosphere.

## CLIENT FEEDBACK

---

“We did our homework before going with Flexiroof. The system promised top quality without being the most expensive on the market. Now it’s installed we are not disappointed. The finish is great and it created a bright and useable space. Mike was excellent to deal with throughout the process. His communication was good and he delivered when he said he would.”

– Martin (Purau, Canterbury)

# FLEXIROOF SHEET

---

# **FLEXIBLE MODULAR SYSTEM**

Modular Flexiroof shelters are designed to be **customised to suit your outdoor space.**

Flexiroof offers a flexible solution for spaces **from small entryways to large outdoor living and BBQ areas.**

For ultimate outdoor living, Flexiroof offers **inbuilt LED lighting and compatibility with drop-down blinds.**

# DESIGNED FOR NEW ZEALAND CONDITIONS

Flexiroof is designed and made in New Zealand.

Suitable for coastal, alpine, and urban environments, Flexiroof is beautifully engineered to withstand whatever the elements throw at it.

# Flexiroof<sup>®</sup>

## **DESIGNED & MADE IN NEW ZEALAND**

Flexiroof is engineered for our environment and the way we live.

## **FLEXIBLE MODULAR SYSTEM**

Completely customisable to any outdoor space, offering custom lengths, widths, heights and connections.

The Flexiroof structure is **lightweight**, and suitable to be either attached or freestanding. Structure is available in the full Dulux powdercoated colour range.

## **PATENTED TINY ARCH TECHNOLOGY**

Flexiroof is cleverly engineered for quiet and strength.

Our patented 'Tiny Arch' technology transfers thermal stress away from the aluminium structure to be absorbed by the polycarbonate sheets.

## **15 YEAR WARRANTY**

Flexiroof guarantees all systems for 15 years; so you can choose Flexiroof with confidence.
