ABOUT US

Experience You Can Build On

Expert store fixture solutions backed by generations of experience. Your one-stop fixture partner—from gondola shelving and accessories to custom displays, millwork, and store planning. We proudly serve retailers across the USA, backed by local service, responsive support, and decades of retail fixture expertise.

The Legacy Advantage

1. Faster Lead Times

Stocked inventory and streamlined supply chain to keep your projects on schedule.

2. Factory-Direct Value

Competitive pricing through direct manufacturing partnerships—delivering quality solutions without the added cost.

3. Reliable, Responsive Service

A dedicated team focused on clear communication, order accuracy, and fast response times—supporting you from planning through installation.

4. Proven Expertise

Decades of retail fixture experience, delivering efficient layouts thoughtfully designed to sell.

5. One-Stop Fixture Partner

From shelving and accessories to custom solutions, everything you need from a single trusted partner.

6. Lozier-Compatible Gondola Shelving

Flexible, modular shelving designed for easy expansion and reconfiguration—fully compatible with Lozier systems and accessories.

- We serve retailers of all sizes from small independents to large retail chains .
- We ship to all 50 states and across Canada including remote locations.
- We offer optional delivery services—such as power tailgate and scheduled appointments—to meet your store’s specific needs.
- Our freight team coordinates with trusted carriers to ensure your order arrives safely, on time, and at a competitive rate.

Markets We Serve

- Grocery & Hardware Stores
- Liquor Stores & Auto Stores
- Convenience Stores
- Dollar Stores
- Pharmacies
- Pet Stores

Backed by trusted industry leaders and strategic partners across North America and internationally. We proudly serve the United States.

Continental Store Fixture Group, Surrey, BC, Canada | Legacy Store Fixtures, Oakland, CA
SY Global Pinghu, Zhejiang, China | Gibson Retail Solutions, Sydney, Australia

The brands shown represent retailers served across our group of companies and strategic manufacturing partners.

Retail Services

STORE DESIGN

We provide professional retail store design services, including 2D floor plans, 3D store renderings, and fixture planning for retailers across Canada and the USA. Whether you're opening a new store, refreshing an existing layout, or optimizing your merchandising flow, our team delivers fast, accurate designs tailored to your space and your industry.

We work with retailers of all sizes—grocery stores, pharmacies, convenience stores, hardware stores, dollar stores, pet supply shops, and more—to ensure your space flows efficiently, and maximizes product visibility.

SHIPPING SERVICES

We provide reliable and cost-effective shipping solutions for retail shelving, gondola fixtures, and custom millwork across Canada and the United States. With long-standing partnerships among trusted third-party freight carriers, we ensure your order arrives safely, on time, and at a competitive rate.

We understand that every store location is different, which is why we offer flexible add-on freight services tailored to your needs, including power tailgate delivery, limited-access delivery, scheduled appointments, and cross-border shipping support.

CUSTOM RETAIL FIXTURES

We specialize in designing and manufacturing custom metal fixtures tailored to the unique requirements of retailers across Canada and the United States. From specialized security solutions to fully custom metal and gondola-based display units, our team works directly with store owners, buyers, and national chains to bring custom concepts to life.

With decades of experience in retail shelving and fixtures, we can create custom retail solutions that enhance merchandising, improve store flow, increase product security, and deliver a polished, professional in-store experience.

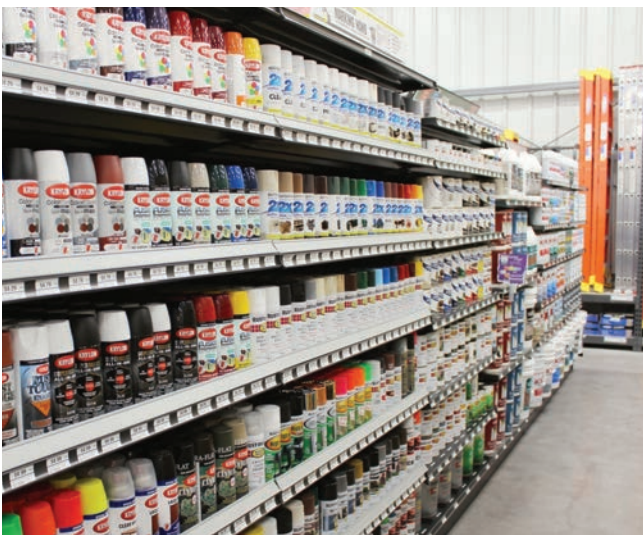

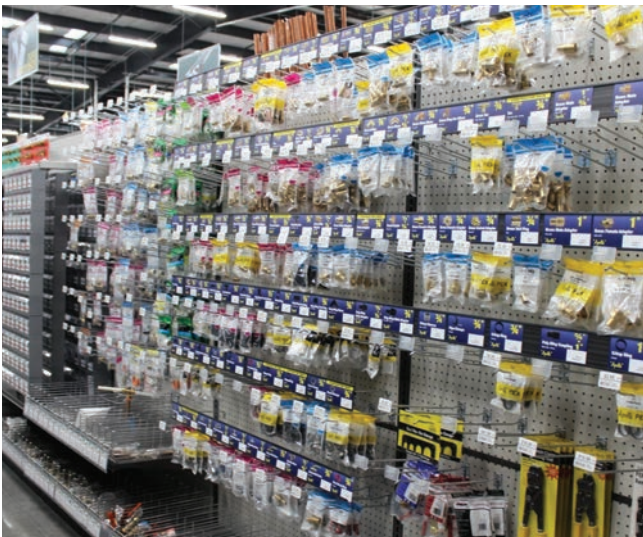

Features

- ✓ Flexible two-post system that can be used as an island unit or mounted to a wall
- ✓ Can easily incorporate millwork to elevate your retail display
- ✓ Perforated retail shelves so they can accept a variety of accessories
- ✓ Variety of height and depth options
- ✓ Assortment of accessories available
- ✓ Floating kickplate to give an even-line finish

Gondola Shelving (G-Series Core)

Our industry-standard G-Series Core Line gondola shelving system is built for performance and flexibility in high-traffic retail environments. Featuring a sleek powder-coated finish and customizable accessory options, this modular system supports a wide range of product categories —from packaged goods to beverages.

Compatible with Lozier shelving, our G-Series Core Line system is ideal for both aisle and endcap configurations, offering durability, reconfigurability, and a clean retail presentation that drives sales.

Features

- ✓ Designed to be mobile with optional feature for castor wheels
- ✓ Easy to assemble and light weight
- ✓ Works efficiently in smaller retail spaces
- ✓ Ideal for convenience stores, point-of-purchase (POP) displays and general apparel stores
- ✓ Can utilize G-Series Core accessories and shelves
- ✓ Lighter than G-Series Core gondola units making it more cost-effective

Light-Duty Gondola Shelving (G-Series Lite)

Our G-Series Lite is lightweight without sacrificing flexibility, as most shelves and accessories are cross-compatible with our G-Series Core gondola system. G-Series Lite is ideal for vitamins, snacks, health and beauty, and impulse zones, as well as very easy to maneuver and reconfigure, making it perfect for seasonal displays and narrow store layouts. Clean lines and integrated accessories support a polished in-store experience.

Features

- ✓ High weight capacity supporting evenly distributed loads of up to 3,000 lbs
- ✓ The open base design allows for convenient storage of pallet displays underneath
- ✓ A wide range of compatible accessories, such as dividers and our 8-foot wire shelf, are available
- ✓ The system is boltless making it easy to assemble
- ✓ Offered in a range of depths and lengths with easily adjustable shelves
- ✓ W-Series Max systems provide up to 8 feet of uninterrupted storage and merchandising space

Wide-Span Shelving (W-Series Max)

W-Series Max Shelving is a heavy-duty, wide-span system designed to bridge the gap between traditional 4-post shelving and pallet racking. Built for strength, flexibility, and efficiency, W-Series Max is ideal for bulk storage and merchandising of heavy or oversized products such as tools, automotive supplies, hardware, seasonal goods, and cases of beverages.

Features

- ✓ We offer several Produce Displays that are tiered, with open designs.
- ✓ Produce Displays are built for daily use with sturdy framing and easy-to-clean surfaces.
- ✓ Our Liquor Displays are constructed with heavy duty shelving for reliable strength and load-bearing capacity.
- ✓ Liquor Displays have sleek finishes and modular designs.
- ✓ Our Checkout Counters have a streamlined layout to support smooth customer flow.
- ✓ Checkout Counters integrate with surrounding fixtures.

Grocery Retail Displays

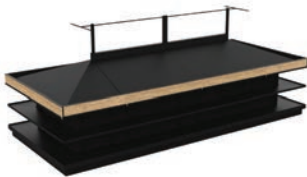

Display solutions engineered for performance, durability, and modern store design. From produce bins and liquor displays to checkout counters, our specialty fixtures are designed to highlight key product categories while supporting efficient store flow and merchandising flexibility.

Whether you're a grocery store, liquor retailer, or specialty shop, our Grocery Retail Displays integrate seamlessly with surrounding shelving systems and millwork—creating cohesive, visually engaging retail spaces that drive sales and improve operational efficiency.

CHECKOUT COUNTERS

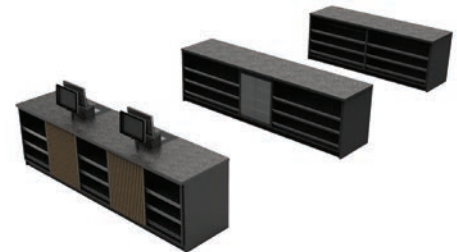

EXPRESS CHECKOUT UNIVERSAL

Modular metal express checkout configurable as left- or right-hand on-site. Features stainless steel top, basket shelf, bag packing, customer facing impulse shelving, and rear storage.

EXPRESS CHECKOUT

A compact, durable express lane with stainless steel top, basket shelf, bag packing area, and rear storage.

CHECKOUT COUNTERS

Flexible checkout counters designed to suit any store size and layout. Choose from standard layouts of 95 inches, 118 inches or mix and match modules to create your own configuration.

LIQUOR DISPLAYS

WINE DISPLAY

Designed with strength and sophistication in mind, this display combines our heavy-duty shelving system with elegant wood finishes for a refined retail presentation. Adjustable shelves and integrated cubbies maximize storage while maintaining visual appeal—perfect for grocery, liquor, or specialty retail environments.

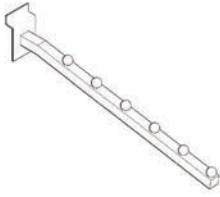

Features

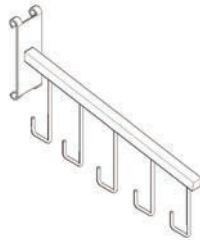

- ✓ We carry a variety of hooks with different projections
- ✓ We have accessories that fit pegboard, slatwall, and slatgrid
- ✓ Our accessories come in a variety of finishes such as chrome and black
- ✓ We have accessories that are compatible for each of our shelving lines
- ✓ Our security gates are ideal for retail spaces that stock high-value items
- ✓ We can manufacture custom retail accessories

Retail Accessories

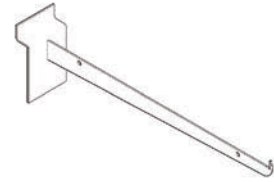

Our retail accessories are designed to enhance merchandising performance across a wide range of retail environments. From everyday display essentials like hooks and brackets to system-specific accessories tailored for our shelving lines, we provide the components you need to create organized, flexible, and high-impact displays. In addition to our standard offering, we specialize in custom-manufactured accessories, allowing us to design solutions that meet unique merchandising, security, or space requirements.

Features

- ✓ Our mill shop is outfitted with machinery to produce high quality designs and finishes
- ✓ We ship millwork across the U.S. and Canada
- ✓ Our design team works closely with the customer to produce millwork to specification
- ✓ Millwork ranges from pharmacy dispensaries to showcases
- ✓ We provide millwork options to fit your budget
- ✓ We can marry our metal fixtures and millwork to create unique displays

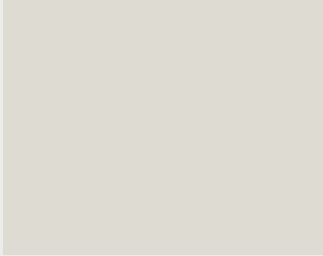

Custom Retail Millwork

Our custom millwork solutions combine durability, functionality, and design to elevate your retail space. We craft high-quality pieces that integrate seamlessly with your store fixtures. Built for daily use and tailored to your vision, our millwork is designed to enhance product presentation, streamline operations, and reflect your brand's identity—on time and on budget

POWDER COAT FINISHES

Grey

PANTONE 427 C/HEX #D0D3D4

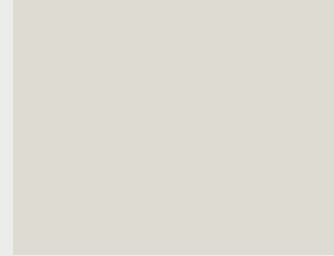

Our Grey finish is lighter in colour and available in most of our G-Series Core shelving systems.

Black (Matte)

PANTONE BLACK 4 C/HEX #31261D

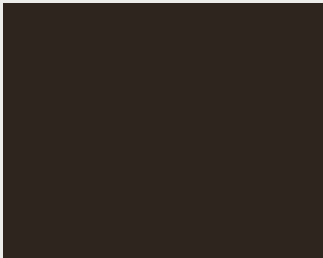

Our Black finish is available in most of our G-Series Core, and G-Series Lite systems and accessories.

Almond

PANTONE P1-9 U/HEX #F9F6E5

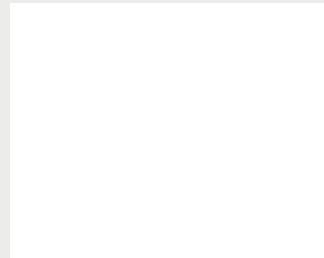

Our Almond finish is a creamy, eggshell white; it is available in our G-Series Core gondola shelving.

Gun Metal

PANTONE 162-1-6 U/HEX
#565352

Our Gun Metal finish is a very deep grey color.

Silver-White

PANTONE P1-1 C/HEX #F8F7F2

This has a slight warm, grey cast making the finish slightly off-white.

Colours shown are an approximate match as the settings on monitors and printers will vary. Please use the listed Pantone and Hex Colour codes as a more accurate reference.

CUSTOM FINISHES AVAILABLE

Build Your Retail Legacy
