**SMART
OUTDOOR
EQUIPMENT**

ANCHOR-POINT™ LUGS

Four hefty built-in lifting and tie-down points at each corner make it easy to handle.

CORRODE-PROOF™ MATERIAL

Built with salt brine compliant material, the tank will keep the brine pure.

STRONG-X™ ROOF DESIGN

The beefed-up roof structure with molded-in truss-like supports eliminates collapsing.

RUST-ARMOUR™ FITTINGS

No rust. No corrosion. Years of unmatched service.

RIBBED-WALL™ STRUCTURE

The ribs act like belts around the tank, keeping it in shape and reducing bulging.

RECIRCULATION FITTING

Keep the liquid circulating.

THE SNOWFIGHTER'S STORAGE TANK

These tanks keep your brine ready for the call. That's why we beefed up our Brine Storage Tanks with tough premium features. Built by snowfighters, for snowfighters, the Camion® Brine Storage Tank is built to withstand the harshest conditions.
