

Fundations® K-5

Every Student. Every Teacher. Growing Together.

Build fluent, confident readers with Wilson's evidence-based foundational literacy program, grounded in the Science of Reading.

Fundations® K-5 helps educators strengthen students' literacy skills by:

- **simplifying Structured Literacy instruction** with educator-friendly, mastery-based lessons that remove the guesswork from **direct, explicit teaching**;
- empowering teachers through a proven, **step-by-step, multi-modal approach** that engages learners and drives results;
- **providing Tier 1 instruction** with a comprehensive scope and sequence, built-in scaffolds, and real-time progress monitoring **to prevent learning gaps**; and
- ensuring that all students leave elementary school **prepared for success** in middle school and beyond.

“Fundations is not just a resource; it’s a transformative tool that empowers both our teachers and students, making learning an exciting and FUN journey.”

– Rose M., Coordinator of Teaching and Learning, Centennial School District, Pennsylvania

Fundations K-5 empowers educators to **deliver direct, explicit Tier 1 instruction** through step-by-step lessons and just-in-time support, **making instruction intuitive for teachers at any experience level.** The rigorous scope and sequence helps students transition to higher-level literacy skills and **develop the deep comprehension needed for success** across content areas.

The Right Instruction at Every Level

Fitting easily into existing ELA blocks, **our mastery-based learning approach goes beyond memorization** to build deep, transferable skills and metacognitive awareness, minimizing the need for intervention.

Fundations® Levels K-3

Students develop fluency through explicit instruction in **30-minute** lessons covering:

- encoding
- decoding
- handwriting

Fundations Levels 4-5

Students develop new, complex reading skills in **20-minute** lessons covering:

- morphology
- vocabulary
- sentence structure

Engage Every Student

- **Hands-on learning materials**, including manipulatives like **letter tiles** and **student workbooks**, bring learning to life.
- **Multimodal activities make learning fun** and increase student engagement while strengthening literacy skills, deepening understanding, and encouraging peer interaction and collaboration.
- **Fundations-aligned resources**, including Fun in Focus™ (Tier 2), FUN HUB® Practice, Foundations Readers, and Practice Books, provide **ready-to-use materials** that reinforce instruction and help every student succeed.

“This is exactly what my teachers are yearning for!”

- Maura D.,
Literacy Program
Coordinator,
Massachusetts
