

# WAVES OF GRATITUDE

Thank you to everyone who joined us on January 18<sup>th</sup> for “Waves of Gratitude”. It was a joy to be together to honor the extraordinary generosity that carried our community through Hurricane Melissa. The evening was filled with warmth, gratitude and the true spirit that defines our community. The evening was made even more special by wonderful music, dancing, and an array of delicious desserts!

We want to extend our sincere thanks to those who were not with us in person but whose generosity has made a lasting impact. Your support during hurricane relief efforts allowed the Tryall Fund to respond quickly and thoughtfully to those in need.

This was an unprecedented year for Jamaica, and our community of Hanover. The Tryall Fund will continue to support health and education going forward. For those looking to support the Tryall Fund please see our website [www.tryallfund.org](http://www.tryallfund.org) to donate.

Thank you for standing with our community in a time of need.
