

MASON HOME MANAGEMENT LLC

COOKIE POLICY

Effective Date: August 10, 2026

This Cookie Policy explains how Mason Home Management LLC ("MHM," "we," "us," or "our") may use cookies and similar technologies on www.masonhomemanagement.com or www.mhmstl.com (the "Site"). It should be read with our Privacy Policy. The technologies actually used depend on the Site's configuration and may change as the Site is updated.

1. What Cookies and Similar Technologies Are

Cookies are small text files stored on a browser or device. Similar technologies may include pixels, web beacons, tags, local storage, and software development tools that recognize a device or collect information about interaction with a website.

2. Categories That May Be Used

CATEGORY	POSSIBLE PURPOSE	TYPICAL DURATION
Strictly necessary	Security, network management, page delivery, form transmission, and other functions needed to operate the Site.	Usually session-based or short-lived
Functional	Remembering preferences or settings when enabled.	Varies by feature
Analytics	Understanding visits, traffic sources, page use, and performance when an analytics service is enabled.	Varies by provider and configuration
Advertising or referral	Measuring campaigns or referrals when advertising or campaign technology is enabled.	Varies by provider and configuration

3. Third-Party Technologies

The Site's hosting platform, embedded forms, scheduling tools, analytics providers, video or map providers, social media features, or other integrated services may place or read technologies

when those features are enabled. Those providers may process information under their own terms and privacy notices. MHM will update this Policy when material technologies change.

4. Your Choices

Most browsers allow you to block or delete cookies. Blocking strictly necessary technologies may prevent forms or other Site features from working. If the Site provides a cookie banner or preference center, you may use it to manage nonessential categories. A choice applies to the browser and device on which it is made and may need to be renewed after cookies are cleared.

5. Browser Privacy Signals

Some browsers transmit Do Not Track or other preference signals. Because legal and technical requirements continue to develop, the Site will respond to legally required opt-out preference signals when applicable and technically supported. Other signals may not receive a response.

6. Updates

We may update this Cookie Policy to reflect changes in technology, providers, or law. The revised version will be posted with a new effective date.
