Counselling	\$200.00
Physiotherapy	\$160.00
Exercise physiology	\$177.00

Cancellations and non-attendance

If you need to cancel or reschedule your appointment, please provide as much notice as possible (at least 24 hours for allied health). Late cancellations and missed appointments may incur a fee, particularly for longer appointments or allied health services. This helps us offer appointments to other patients who may be waiting for care.

Medicare and private health rebates

You may be eligible for Medicare rebates on allied health appointments (dietetics, podiatry, and physiotherapy) with a GP Chronic Condition Management Plan. Medicare rebates for psychology and counselling apply with a Mental Health Plan.

We may be able to process a private health rebate, or we will provide you with a receipt if you wish to claim back from a private insurer.

Private billing and payment

iHealth Centre is a private billing practice. Fees vary by practitioner, appointment type, and the care provided. Contact reception if you are unsure which fee applies.

We accept all major credit and debit cards, as well as cash and bank transfer. Payment is processed at reception on the day of your appointment.

If you bring a physical debit card we may be able to return your Medicare rebate instantly at the time of payment or send it to Medicare for overnight processing.

WorkCover and insurance invoices must be paid on the day of your appointment, and you are responsible for filing any relevant claims.
