Board of Directors Report on the Company Business For the period ending on (30/06/2024)

The Board of Directors of Al Wathba National Insurance Company is pleased to present its mid-year report for 2024, detailing the company's business activities along with the financial statements for the period ending June 30, 2024.

Despite facing various operational challenges, we are delighted to announce that the company has achieved the highest premium for the first half year in the last six years. Our prudent underwriting practices and strategic investments have contributed to achieving steady growth in premiums.

The recent flood events in the UAE have had a considerable impact on over all insurance market, resulting in a surge in claims and higher-than-anticipated losses

Additionally, heightened competition within the insurance market has exerted pressure on pricing and margins, further exacerbating our operational difficulties. We recognize the need to adapt swiftly to changing market dynamics and strengthen our competitive positioning through strategic initiatives aimed at enhancing efficiency and profitability.

During the reporting period of 2024, Al Wathba National Insurance Company recorded an insurance revenue of AED 158 million. However, the company reported a net insurance service result of AED (7) million, indicating a loss in this segment. This performance reflects the highly competitive nature of the local insurance market and the recent impact of extreme weather events. The company reported a net loss before tax of AED (94) million for the period.

While the current industry environment presents formidable challenges, we are confident in our ability to navigate through these turbulent times and emerge stronger. We remain steadfast in our commitment to delivering long-term value to our shareholders, customers, and other stakeholders, guided by our core values of integrity, innovation, and customer centricity.

Finally, The Board of Directors also would like to extend its highest thanks and gratitude to His Highness Sheikh Mohamed bin Zayed Al Nahyan- President of the United Arab Emirates and Ruler of Abu Dhabi - and His Highness Sheikh Mohammed bin Rashid Al Maktoum - Vice President & Prime Minister of the United Arab Emirates, Ruler of Dubai and to the Crown Prince of Abu Dhabi, His Highness Sheikh Khaled bin Mohamed bin Zayed Al Nahyan, and to all the rulers of the Emirates for their patronage and support for the prosperity of this country and all its economic institutions, including the Al Wathba National Insurance Company. The Board would also like to express its sincere appreciation and

Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

Al Wathba National Insurance Company PJSC
Independent Auditors' Report on Review of the
Condensed Consolidated Interim Financial Information
30 June 2024

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, *"Review of Interim Financial Information Performed by the Independent Auditor of the Entity"*. A review of condensed consolidated interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2024 condensed consolidated interim financial information is not prepared, in all material respects, in accordance with IAS 34, *'Interim Financial Reporting'*.

2 Basis of preparation

(a) Basis of consolidation

This condensed consolidated financial statements comprise the financial results of the Company and its following subsidiaries (together “the Group”):

Subsidiary	Principal activity	Country of incorporation	Ownership
AWNIC Investment Limited	Investment Management	Cayman Islands	100%
Al Wathba Real Estate Development LLC*	Real Estate	United Arab Emirates	100%

* During the year of 2022 the Group has formed a Limited Liability Company as its subsidiary named as “Al Wathba Real Estate Development L.L.C.”, registered on 28 October 2022 in accordance with the provisions of the Federal Decree Law No. 32 of 2021 concerning the Commercial Companies with its registered office established in Dubai. Al Wathba Real Estate Development L.L.C. was not operational as at and for the period ended 30 June 2024.

(b) Statement of compliance

This condensed consolidated interim financial information has been prepared in accordance with International Accounting Standard (“IAS”) 34, *Interim Financial Reporting*. Accordingly, this condensed consolidated interim financial information does not include all of the information required for a complete set of condensed consolidated annual financial statements and should be read in conjunction with the financial statements of the Group as at and for the year ended 31 December 2023, which have been prepared in accordance with International Financial Reporting Standards (“IFRS”). The results for the six-month period ended 30 June 2024 are not necessarily indicative of the results for the year ending 31 December 2024.

(c) Basis of measurement

This condensed consolidated interim financial information has been prepared under the historical cost convention except for the following.

- Investment properties, financial assets at fair value through profit or loss and financial assets at fair value through other comprehensive income which are carried at fair values.
- Groups of insurance and reinsurance contracts, which are measured at the estimated fulfilment cash flows that are expected to arise as the Group fulfils its contractual obligations.

Al Wathba National Insurance Company PJSC

Notes to the condensed consolidated interim financial information

2 Basis of preparation *(continued)*

(d) Functional and reporting currency

This condensed consolidated interim financial information is presented in United Arab Emirates Dirhams ("AED"), which is the Group's functional currency. Except as indicated, financial information presented in AED has been rounded to the nearest thousand.

(e) Use of judgements and estimates

In preparing this condensed consolidated interim financial information, management has made judgements and estimates that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates is recognized in the period in which the estimate is revised and in any future period affected. The significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those described in the last annual consolidated financial statements for the year ended 31 December 2023.

3 Material Accounting policies

The accounting policies applied in the condensed consolidated interim financial information are the same as those applied by the Group in its consolidated financial statements as at and for the year ended 31 December 2023 with the exception of below;

On 9 December 2022 UAE Federal Decree-Law no 47 of 2022 was published setting in place a general corporate income tax for the first time. The profit threshold of AED 375,000 at which the 9% tax will apply for the Company's financial year commenced on 1 January 2024. The Company is required to file its first annual tax return and pay the declared income tax, pertaining to the financial year ending 31 December 2024, before 30 September 2025.

For the Group, accounting for current and deferred taxes have become applicable from the period beginning 1 January 2024. Accordingly, management has applied following accounting policy to incorporate the applicable corporate tax

Income Taxes

Income taxes have been provided for in the financial statements in accordance with legislation enacted or substantively enacted by the end of the reporting period. The income tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised in directly in equity or in other comprehensive income (OCI).

Current tax

Current income tax is the expected tax payable on the taxable income for the period, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous periods. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax also includes any tax arising from dividends.

Current tax assets and liabilities are offset only if certain criteria are met.

3 Material Accounting policies (continued)

Income Taxes (continued)

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that:
 - is not a business combination; and
 - at the time of the transaction
 - i. affects neither accounting nor taxable profit or loss and
 - ii. does not give rise to equal taxable and deductible temporary differences;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. In accordance to the Article 127 – Unrealised gains and losses, taxable persons are required to include any realised or unrealised gains and losses reported in the financial statements in the calculation of their taxable income, if they would not subsequently be recognised in their income statement. This is unless they make the election to use the realisation basis. The Group has opted to use the realisation basis and therefore include only realised gains reported in the financial statement in its taxable income calculation. Hence there is deferred tax asset/liability recognised in these condensed consolidated interim financial statements.

4 New and amended standard and interpretations

A number of new standards and amendments to standards are effective for annual periods beginning after 1 January 2024 and earlier application is permitted. The Group has not early adopted any of the forthcoming new or amended standards in preparing this condensed consolidated interim financial information.

15 Fair value of financial instruments and non-financial assets

Financial instruments comprise of financial assets and financial liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

When measuring the fair value of an asset or a liability, the Group uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

	<u>841,584</u>	<u>68,831</u>	<u>381,619</u>	<u>1,292,034</u>

There were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into or out of Level 3 fair value measurements during the period ended 30 June 2024 (31 December 2023: AED 61,127 thousand were transferred from level 1 to level 2). The fair value measurement for investment properties has been categorised as a Level 3 fair value based on the inputs to the valuation technique used.

Reconciliation of level 3 fair value measurement

Movement in level 3 for financial assets at fair value through other comprehensive income is as follows:

	30 June 2024 AED'000	31 December 2023 AED'000
Balance as at 1 January	708	725
Disposal	-	(17)
Change in fair value	(99)	-
Balance as at	<u>609</u>	<u>708</u>

The fair value of the financial assets is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

16 Income tax expense

On 9 December 2022, the UAE Ministry of Finance released Federal Decree-Law No. 47 of 2022 on the Taxation of Corporations and Businesses (UAE CT Law) to enact a Federal corporate tax regime in the UAE. The Corporate Tax regime is effective for the accounting periods beginning on or after 1 June 2023. For the Group, current taxes shall be accounted for as appropriate in the financial statements for the period beginning 1 January 2024. The UAE CT Law applies to the standalone results of the Group's entities.

The Cabinet of Ministers Decision No. 116/2022 effective from 2023, specifies the threshold of income over which the 9% tax rate would apply and accordingly, the Law is now considered to be substantively enacted. A rate of 9% will apply to taxable income exceeding AED 375,000, a rate of 0% will apply to taxable income not exceeding AED 375,000. The income tax expense is recognized at an amount determined by multiplying the profit before tax for the reporting period ended 30 June 2024 by management's best estimate of the weighted-average annual income tax rate expected for the full financial year, adjusted for the tax effect of certain items recognized in full in the period.

19 Financial risk management

The Group's risk management policies with regards to financial instruments are the same as those disclosed in *note 25* to the annual consolidated financial statements for the year ended 31 December 2023.

20 Risk management

The Group's risk management policies with regards to insurance risk are the same as those disclosed in *note 26* to the annual consolidated financial statements for the year ended 31 December 2023.

Capital risk management (Unaudited)

The Group's objectives when managing capital is to ensure ongoing and future compliance with the insurance capital requirements set by the Federal Law No. (48) of 2023 concerning the Organisation of Insurance Operations.

In UAE, the local insurance regulator specifies the minimum amount and type of capital that must be held by the Group in addition to its ties. The minimum required capital (presented in the table below) must be maintained at all times throughout the year.

As per the Federal Law No. (48) of 2023 concerning the Organisation of Insurance Operations, the minimum capital requirement remains at AED 100 million for insurance companies. The table below summarises the Minimum Capital Requirement of the Group and the total capital held by the Group. In accordance with Circular No. CBUAE/BSN/2022/923 of CBUAE dated 28 February 2022, the Group has disclosed the solvency position for the immediately preceding period as the current six-month period ended 30 June 2024 solvency position is not finalised.
