Guideline Order for Standard Wheelchair / Bariatric

The following documentation is required by Medicare for us to be able to supply a Standard Wheelchair / Bariatric

- 1) Prescription (Rx) Stating the following:
 - Standard Wheelchair / Bariatric WC Size __**
 - Patients Height and weight**
 - Patient Diagnosis**
 - Lenght of need (e. g., Lifetime, 1 year, 3 months, etc.)**
 - NPI Number**
 - Signed by a PECOS Enrolled MD**
- 2) Recent Physician progress note/ visit notes indicating the following:

"Ordering a standard wheelchair... This patient has a mobility limitation that significantly impairs his ability to participate in his activities of daily living (ADL's) in the home. The mobility limitation cannot be resolved by use of a cane or walker. Patient is able to self propel a standard wheelchair."
- 3) Physical Therapy Assessment.
