

Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

1. the CoC Application,
2. the CoC Priority Listing, and
3. all the CoC's project applications that were either approved and ranked, or rejected.

As the Collaborative Applicant, you are responsible for reviewing the following:

1. The FY 2024 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
2. The FY 2024 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
3. All information provided to ensure it is correct and current.
4. Responses provided by project applicants in their Project Applications.
5. The application to ensure all documentation, including attachment are provided.

Your CoC Must Approve the Consolidated Application before You Submit It
- 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2024 CoC Program Competition on behalf of your CoC.
- 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.

Answering Multi-Part Narrative Questions

Many questions require you to address multiple elements in a single text box. Number your responses to correspond with multi-element questions using the same numbers in the question. This will help you organize your responses to ensure they are complete and help us to review and score your responses.

Attachments

Questions requiring attachments to receive points state, "You Must Upload an Attachment to the 4B. Attachments Screen." Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process. Include a cover page with the attachment name.

- Attachments must match the questions they are associated with—if we do not award points for evidence you upload and associate with the wrong question, this is not a valid reason for you to appeal HUD's funding determination.

- We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

1B-1a.	Experience Promoting Racial Equity.	
	NOFO Section III.B.3.c.	

Describe in the field below your CoC's experience in effectively addressing the needs of underserved communities, particularly Black and Brown communities, who are substantially overrepresented in the homeless population.

(limit 2,500 characters)

The CoC actively follows HUD guidelines (Equity Action Plan and Theory of Change, using Data to Move Racial Equity Conversations Forward) to identify and address the needs of underserved communities, particularly Black and Brown populations, who are overrepresented in the homeless population (59% identifying as a race other than white and 98% identifying as Hispanic). In response to these disparities, the CoC has implemented targeted strategies to promote equity and inclusion. The CoC created a committee on racial disparities with representation from organizations led by BIPOC voting members, researchers from the academia, experts, and advocates from marginalized communities to develop strategies that are culturally relevant and aligned with the needs of BIPOC populations. The committee plays a key role in monitoring progress and advising leadership on adjustments to promote equitable outcomes.

To support data-driven decision-making, the CoC requested the HMIS to create a report with disaggregated data on race and ethnicity. The report helps identify trends and disparities, allowing the CoC to track progress, adjust services, and ensure they effectively reach these underserved populations.

The CoC has also implemented educational efforts focused on raising awareness about racial equity and best practices for working with diverse populations, including cultural competency and implicit bias training for service providers and other stakeholders, such as police officials. Collaboration with local advocacy groups strengthens these efforts by providing insights into the needs of Black and Brown communities.

In terms of outreach, the CoC engages directly with organizations that serve these communities, holding meetings at culturally relevant spaces like Casa Dominicana and establishing collaborations with organizations such as the Office for International Undocumented People, diverse churches, and synagogues. It also works with the PR Police and the Commission to Combat Child Poverty. The CoC has won two new grants to promote diversity, inclusion, and related programs.

Solo por Hoy, a Fair Housing Advocate and the administrator of the CES, is a key stakeholder in this strategy, providing training and resources that enhance service delivery and promote equitable practices. In fact, the CES recently won two new grants to promote diversity and inclusion (Youth Homelessness System Improvement (YHSI) Grants FR-6700-N-96).

1B-2.	Open Invitation for New Members.	
	NOFO Section V.B.1.a.(2)	
	Describe in the field below how your CoC:	
	1.	communicated a transparent invitation process annually (e.g., communicated to the public on the CoC's website) to solicit new members to join the CoC;
	2.	ensured effective communication and access for persons with disabilities, including the availability of accessible electronic formats; and
	3.	invited organizations serving culturally specific communities experiencing homelessness in your CoC's geographic area to address equity (e.g., Black, Latino, Indigenous, LGBTQ+, and persons with disabilities).

Page 5		

(limit 2,500 characters)

1)A Membership Committee is active during the year that, in collaboration with the CA, identifies relevant stakeholders to invite to the CoC and strategies to announce the invitation process. This year, the CoC communicated the invitation process through multiple channels, including the publication of an announcement in English and Spanish, in a newspaper of general circulation (7-30-2024), emails and letter invitations (sent since February 2024 throughout the year), publications on the CoC's webpage and social media (Facebook), and a meeting with interested stakeholders.

2)Effective communication with persons with disabilities is achieved through invitations online, electronic format. Meetings are conducted through virtual platforms or in accessible locations. Sign language, translation services and documents in readable accessible formats (PDFs) are available during meetings as well as other audiovisual material, to ensure access to information.

3)Organizations serving culturally specific communities experiencing homelessness are invited through the Membership Committee, which identifies individuals representing these communities to extend formal invitations. In addition, CoC members participate in various groups that work with LGBTQI+, BIPOC, and persons with disabilities and have collaborative agreements with advocacy organizations (e.g., RW Planning bodies, Multisector Council in Support of Homelessness), providing them with opportunities to identify and engage potential new members representing these groups. As mentioned, the CoC created an ad hoc committee to address racial disparities, with representation from organizations led by BIPOC voting members, to develop strategies that are culturally relevant and aligned with the needs of the population. This committee will become a permanent committee within the CoC with a broader scope to address gender, racial, and other disparities. The CoC also holds meetings at Casa Dominicana, an immigrant-focused organization. Invitations are extended in English and Spanish and are translated into sign language.

1B-3.	CoC's Strategy to Solicit/Consider Opinions on Preventing and Ending Homelessness.	
	NOFO Section V.B.1.a.(3)	
	Describe in the field below how your CoC:	
1.	solicited and considered opinions from a broad array of organizations and individuals that have knowledge of homelessness, or an interest in preventing and ending homelessness;	
2.	communicated information during public meetings or other forums your CoC uses to solicit public information;	
3.	ensured effective communication and access for persons with disabilities, including the availability of accessible electronic formats; and	
4.	took into consideration information gathered in public meetings or forums to address improvements or new approaches to preventing and ending homelessness.	

(limit 2,500 characters)

1)Opinions are solicited through meetings, special events, emails, written communications, and phone consultations. For the second consecutive year, the CoC held what became the first Homelessness Summit in PR offering trainings and discussing strategies with experts from HUD, the academia, local organizations, and external experts.. PIT Count results are presented annually in a public forum, where experts and individuals with lived experience share their insights. This year, CoC PR 502, in coordination with the CoC PR 503, organized a panel with academics, epidemiologists, health system and emergency officials, and individuals with lived experience to discuss PIT survey results and propose integrated solutions. The committees within the CoC are also a way of engaging sectors not directly involved but interested in ending homelessness. As well, the CoC and its Collaborative Applicant (CA) actively participate in consolidated planning processes and hold a seat on the Multisectoral Council in Support of Homelessness, created under Law No. 130-2007. These efforts provide ongoing opportunities to gather input from diverse stakeholders.

2)Information is communicated through the CoC's public website, social media, press conferences, emails, community meetings, trainings, on-site visits, and participation in planning processes. Public discussions, including those centered on PIT Count results and needs of the homeless population, allow for meaningful stakeholder engagement.

3)Solicitation for public input is conducted virtually through online platforms, virtual meetings or meetings in accessible locations and during public events (such as consolidated planning hearings and meetings).The CoC ensures accessibility to the information through sign language and translation services, accessible PDFs, an accessible website, and audiovisual materials. These efforts guarantee full participation by individuals with disabilities.

4)Feedback gathered from public forums and meetings is reviewed by CoC committees to develop recommendations. These recommendations are submitted for CoC membership approval and drive improvements. Collaborative agreements with external organizations address identified needs and enhance strategies for preventing and ending homelessness.

1B-4.	Public Notification for Proposals from Organizations Not Previously Awarded CoC Program Funding.	
	NOFO Section V.B.1.a.(4)	
	Describe in the field below how your CoC notified the public:	
1.	that your CoC will consider project applications from organizations that have not previously received CoC Program funding;	
2.	about how project applicants must submit their project applications—the process;	
3.	about how your CoC would determine which project applications it would submit to HUD for funding; and	
4.	ensured effective communication and access for persons with disabilities, including the availability of accessible electronic formats.	

(limit 2,500 characters)

1)The CoC's Local competition was announced to organizations not previously awarded CoC program funding, through a detailed announcement in its website (8-6-2024), a newspaper of general circulation (8-21-2024), in social media and email (8-6-2024), in both English and Spanish, and through email blasts. The notice indicated that the CoC was accepting and considering proposals, included those from organizations not previously funded, and provided the date of the orientation meeting (8-23-2024). The CA sent a copy of the NOFO by email to the membership and posted it on the Web. As a result a total of 13 new projects were presented for consideration, including 4 of organizations not previously funded.

2)Details on the submission process were discussed in the orientation meeting (8-23-2024) and posted on the CoC webpage and social media. One on One support to project applicants was provided by the CA, when each of the potential applicants could receive guidance on aspects related to the submission of the proposals.

3)Information regarding how the CoC was going to determine which projects to submit to HUD was posted on the CoC's webpage and social media, sent via email and was fully discussed in the meeting held on (8-23-2024). The meeting was recorded and was available on the CoC's Web and social media. The information that was published and discussed in the meeting included a full explanation of the ranking and evaluation process for determining project applications to be submitted to HUD.

4)To effectively communicate with individuals with disabilities the CoC incorporated sign language and translation services in the meeting that was held, documents were made available in PDF format through the webpage and email and at the facilities of the CA, the meeting was recorded and was also available in the CoC's website. The place of the orientation meeting was accessible for persons with disabilities.

4.	School Districts	Yes

1C-4a.	Formal Partnerships with Youth Education Providers, SEAs, LEAs, School Districts.	
	NOFO Section V.B.1.d.	

Describe in the field below the formal partnerships your CoC has with at least one of the entities where you responded yes in question 1C-4.

(limit 2,500 characters)

Promoting access to educational opportunities is a core policy of the CoC, included in its Written Standards. Collaboration with education providers occurs within the framework of a Memorandum of Understanding between the CoC and the State Education Agency, based on Title VII-B of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.), and local public policy in Act No. 85-2018. These public policies establishes the state's responsibility to ensure that all children and youth, including those without a permanent home, have access to a free and appropriate, public education. In that direction, both the CoC and its members have collaborative agreements in place to implement a systemwide process and enable children and youth access to educational services. CoC members working with families, including domestic violence service providers, have agreements with Head Start & Early Head Start programs, Child Care Programs, the Puerto Rico Department of Education (PRDoE), Montessori Preschools and other educational entities. Partnerships with the PRDoE include functions related to the identification, referral and access of children and youth to educational services. Agreements among projects and the PRDoE include flexibilization of process and removal of barriers for children to have access to school in less than 48 hours. The CoC's collaborative agreement with the PRDoE includes not only providing access to children and youths to quality educational services, but also to other complementary services for school success. Families and children have access to free school materials, tutoring and social work services, among others. As part of this alliance staff from the PRDE visits the projects to provide orientation to participants and facilitate their access to educational services. The agreement provides for coordination with the educational regions that represent the authorized body closest to the community.

1C-4b.	Informing Individuals and Families Who Have Recently Begun Experiencing Homelessness about Eligibility for Educational Services.	
	NOFO Section V.B.1.d.	

Describe in the field below written policies and procedures your CoC uses to inform individuals and families who have recently begun experiencing homelessness of their eligibility for educational services.

(limit 2,500 characters)

CoC member organizations have policies and procedures to inform families and homeless youth (18-24 years) of their eligibility for educational services, including: guidance on the availability of services through the process of developing the participants' individualized service plan by case managers, orientations provided by external collaborators, one on one assistance in enrolling for educational services, workshops, and written promotion. The procedures implemented by the projects are also based on local public policies, including Act No. 85-2018 y Circular Letter No. 16-2019- 2020 of the Department of Education of the Government of Puerto Rico. The CoC provides continuous training on this topic. The most recent training was provided in conjunction with the Department of Education on XXX. During the previous year, the CoC PR 502, have undertaken additional efforts to integrate organizations focused on advocacy for children and youth rights, including education, into the CoC. Furthermore, CoC's partnership with the Puerto Rico Department of Family's Administration for the Care and Comprehensive Development of Children (ACUDEN) continually provide orientation to individuals and families who recently begun experiencing homelessness about educational services available in their programs.

1C-4c.	Written/Formal Agreements or Partnerships with Early Childhood Services Providers.	
	NOFO Section V.B.1.d.	

Select yes or no in the chart below to indicate whether your CoC has written formal agreements or partnerships with the listed providers of early childhood services:

		MOU/MOA	Other Formal Agreement
1.	Birth to 3 years	Yes	Yes
2.	Child Care and Development Fund	Yes	Yes
3.	Early Childhood Providers	Yes	Yes

1C-5.	Addressing Needs of Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking--Collaboration with Federally Funded Programs and Victim Service Providers.
	NOFO Section V.B.1.e.

In the chart below select yes or no for the organizations your CoC collaborates with:

	Organizations	
1.	State Domestic Violence Coalitions	Yes
2.	State Sexual Assault Coalitions	Yes
3.	Anti-trafficking Service Providers	Yes
	Other Organizations that Help this Population (limit 500 characters)	
4.	PARE - Commission established by the Governor in Puerto Rico to address DV increase in the Island	Yes

1C-5a.	Collaborating with Federally Funded Programs and Victim Service Providers to Address Needs of Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	

	Describe in the field below how your CoC regularly collaborates with organizations that you selected yes to in Question 1C-5 to:
1.	update CoC-wide policies; and
2.	ensure all housing and services provided in the CoC's geographic area are trauma-informed and can meet the needs of survivors.

(limit 2,500 characters)

1)Conscious that domestic violence (DV) must be a priority, a DV committee or working group was established with representatives of DV and anti-trafficking service providers, as well as state sexual assault coalitions and commissions (Coordinadora Paz para la Mujer & PARE), to analyze, plan, and revise protocols, policies, and procedures (P&Ps), strengthening services for survivors. The committee supports the development of data-driven strategies and collaborates with the Collaborative Applicant (CA) to update CoC policies. It also sought HUD Technical Assistance (TA) for guidance on Coordinated Entry (CE) policies and processes and is providing TA to implement changes resulting from the 2022 VAWA reauthorization. All CoC projects revised their policies and processes to incorporate VAWA amendments. As a result of these efforts, the CoC updated its coordinated entry and intake processes, ensuring compliance with the vulnerability assessment tool and preventing the revictimization of the population. Constant collaboration with these stakeholders and the revision of policies and procedures remain a high priority for the CoC, as Puerto Rico remains under a state of emergency for gender violence (EO 2021-013) due to rising cases over the past three years.

2)The CoC ensures its services are trauma-informed by collaborating with specialized DV providers, providing ongoing staff training, and revising its policies and procedures. The PR CoC 502, as part of its request for TA from HUD, became one of the first jurisdictions to locally adapt its intake questionnaire and process, ensuring they are trauma-informed and survivor-centered. Project monitoring also includes reviewing service models and offering technical assistance (TA) to ensure all housing services provided in the CoC meet the needs of survivors. Key service providers include Hogar Ruth, Casa Protegida Julia de Burgos, and Nuevos Horizontes, which are part of the National Network of Shelters and Coordinadora Paz para la Mujer, the two leading statewide DV coalitions in Puerto Rico. These providers also participate in the PARE Committee (Prevention, Advocacy, Rescue, and Education), appointed by the Governor, to promote awareness and advocacy on gender violence. The CoC's Coordinated Entry System (CES) is requesting funding in this competition for a specialized CES to further enhance access to these specialized services.

1C-5b.	Implemented Safety Planning, Confidentiality Protocols in Your CoC's Coordinated Entry to Address the Needs of Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	
	Describe in the field below how your CoC's coordinated entry addresses the needs of DV survivors by including:	
1.	safety planning protocols; and	
2.	confidentiality protocols.	

(limit 2,500 characters)

1)The CoC written standards and coordinated entry policies and procedures include safety planning protocols specifically for persons fleeing domestic violence, dating violence, sexual assault, and stalking survivors. These, in conjunction with intake processes were revised to ensure they are trauma informed and survivor-centered. Safety is prioritized and processes are in place to ensure that persons fleeing violence are placed in safe living arrangements in an expeditious manner. For these purposes, the CES maintains close collaboration with the shelters and specialized entities, and with agencies with authority in the matter (Police Department, Judicial Branch, among others), ensuring that all protocols established by said agencies are followed. As established in the CoC CES P&Ps, when a DV case is received by the CES or is directly referred by an authority to an emergency shelter in the CoC area, they are immediately placed. Once stabilized in the shelter, the CES will conduct its assessment to refer the participants to other services or for a housing project that meets their needs. Once placed in a Transitional Housing Project or Permanent Housing Project (according to need), a Case Manager is assigned who informs the participants about transfer plans and, based on the information gathered by the CES and the intake interview, will develop a plan that will prioritize safety, and that individuals and families have access to services according to their needs. CES and Project's Staff receive continuous training in DV and receive TA from DV providers, to adequately evaluate housing and service needs, identify available projects in the HMIS alternate database, consult with clients on choice and refer to the most appropriate placement.

2)The coordinated entry process for survivors of violence and HMIS protocols emphasize in the confidentiality of DV cases. Information is managed in a separate platform. There is a separate procedure for victims of violence to not only ensure safety planning but to guarantee the confidentiality of the information. CES and HMIS staff receive continuous training on the relevance of this matter and best practices to ensure confidentiality of the procedures.

1C-5c.	Coordinated Annual Training on Best Practices to Address the Needs of Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section V.B.1.e.	

In the chart below, indicate how your CoC facilitates training for project staff and coordinated entry staff that addresses best practices on safety planning and confidentiality protocols:

		Project Staff	Coordinated Entry Staff
1.	Training Occurs at least annually?	Yes	Yes
2.	Incorporates Trauma Informed best practices?	Yes	Yes
3.	Incorporates Survivor-Centered best practices?	Yes	Yes
4.	Identifies and assesses survivors' individual safety needs?	Yes	Yes
5.	Enhances and supports collaboration with DV organizations?	Yes	Yes
6.	Ensures survivors' rights, voices, and perspectives are incorporated?	Yes	Yes

1C-5d.	Implemented VAWA-Required Written Emergency Transfer Plan Policies and Procedures for Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	

Describe in the field below:

1.	whether your CoC's written policies and procedures include an emergency transfer plan;
2.	how your CoC informs all households seeking or receiving CoC Program assistance about their rights to an emergency transfer;
3.	what your CoC requires households to do to request emergency transfers; and
4.	what your CoC does in response to households requesting emergency transfers.

(limit 2,500 characters)

1)The CoC's written policies and procedures incorporate VAWA-required Emergency Transfer Plan that allows survivors of domestic violence, dating violence, sexual assault, and stalking to move to safer housing while ensuring confidentiality and safety. The policy outlines processs and provides guidance for CoC-funded programs to comply with HUD's emergency transfer requirements ensuring all projects participants are aware and can exercise their their rights to emergency transfers.

2)The CoC informs projects participants about their rights to an emergency transfer through multiple communication methods. During the intake process, individuals are provided with written information detailing their rights under VAWA, including their ability to request an emergency transfer. The CoC also ensures that all housing providers display posters and distribute informational brochures to participants regarding these rights.

3)To request an emergency transfer, households must submit a written request to the housing provider or CoC agency, indicating that they meet the criteria outlined under VAWA. The request must include a statement on the imminent threat of harm due to domestic violence, dating violence, sexual assault, or stalking. Survivors are also encouraged to submit supporting documentation, though CoC policy prohibits requiring documentation that could endanger the survivor.

4)Upon receiving an emergency transfer request, the CoC or the housing provider will initiate an immediate assessment of the request and take steps to relocate the survivor to a safer housing unit. The CoC works with housing providers to ensure that the transfer occurs swiftly, often within 24 to 48 hours, without jeopardizing the survivor's safety or privacy. The CoC also collaborates with victim service providers to ensure that the survivor has access to necessary supportive services during and after the transfer.

1C-5e.	Facilitating Safe Access to Housing and Services for Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	

Describe in the field below how your CoC ensures households experiencing trauma or a lack of safety related to fleeing or attempting to flee domestic violence, dating violence, sexual assault, or stalking have safe access to all of the housing and services available within your CoC's geographic area.

(limit 2,500 characters)

The CoC prioritizes the safety and confidentiality of survivors of domestic violence, dating violence, sexual assault, and stalking by implementing a trauma-informed approach across all housing and service programs. Key measures include collaborating with victim service providers and federally funded programs, ensuring that all housing providers within the CoC's geographic area have been trained to recognize and respond to the needs of trauma survivors. Survivors are provided safe and confidential access to housing options through the CoC's Coordinated Entry System (CES), which has specific processes in place to protect their privacy and expedite placements for those at imminent risk. Additionally, the CoC works closely with law enforcement (P.R. Police, the P.R. Judicial Court System, among additional agencies), and legal aid services to ensure that survivors are connected to the legal protections and support they need while accessing housing.

CoC members and service providers, such as emergency shelters and transitional housing programs, are trained in trauma-informed care and have partnerships with local domestic violence organizations to provide integrated services. This includes ensuring immediate access to safe shelter, counseling, case management, and supportive services. The CoC also utilizes the Homeless Management Information System (HMIS) to track and prioritize survivors for housing and services, while adhering to confidentiality protections outlined in VAWA. This comprehensive approach guarantees that survivors can safely and quickly access housing and essential services without facing additional risks or barriers.

1C-5f.	Identifying and Removing Barriers for Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	
	Describe in the field below how your CoC ensures survivors receive safe housing and services by:	
1.	identifying barriers specific to survivors; and	
2.	working to remove those barriers.	

(limit 2,500 characters)

1)The CoC identifies barriers specific to survivors by conducting thorough assessments, through its Coordinated Entry System (CES), now tailored to local and targeted DV survivors' needs in collaboration with victim service providers and the CoC DV permanent Committee. These assessments allow the CoC to recognize common barriers such as lack of access to safe housing, confidentiality concerns, limited access to legal aid, and challenges in obtaining immediate support services. Data collected through HMIS (Homeless Management Information System) also helps identify systemic barriers such as delays in housing placements, the need for trauma-informed care, and legal complications survivors face when fleeing dangerous situations. The CoC works closely with local domestic violence organizations to receive ongoing feedback about emerging barriers that impact survivor safety and access to services.

2)The CoC removes identified barriers, particularly in its intake interview process, specifically eliminating more than 40 questions and leaving its tool at 18 local DV survivor specific needs questions, making it more accessible, faster, efficient and useful, and avoiding re-victimization. It also ensures that all housing programs implement trauma-informed care, adhering to the privacy and confidentiality standards set by VAWA. This includes streamlining housing placement processes through CES, ensuring that survivors are placed in safe housing quickly, and without needing to provide documentation that could endanger them. The CoC also offers specialized training to service providers on trauma-informed care and ensures that they are equipped to serve survivors with empathy and safety in mind. Additionally, the CoC collaborates with legal service providers and law enforcement to remove legal barriers, ensuring that survivors can access housing and services without fear of retaliation or harm.

1C-6.	Addressing the Needs of Lesbian, Gay, Bisexual, Transgender and Queer+--Anti-Discrimination Policy and Equal Access Trainings.	
	NOFO Section V.B.1.f.	

	1. Did your CoC implement a written CoC-wide anti-discrimination policy ensuring that LGBTQ+ individuals and families receive supportive services, shelter, and housing free from discrimination?	Yes
	2. Did your CoC conduct annual CoC-wide training with providers on how to effectively implement the Equal Access to Housing in HUD Programs Regardless of Sexual Orientation or Gender Identity (Equal Access Final Rule)?	Yes
	3. Did your CoC conduct annual CoC-wide training with providers on how to effectively implement Equal Access in Accordance With an Individual's Gender Identity in Community Planning and Development Programs (Gender Identity Final Rule)?	Yes

1C-6a.	Anti-Discrimination Policy--Updating Policies--Assisting Providers--Evaluating Compliance--Addressing Noncompliance.	
	NOFO Section V.B.1.f.	

	Describe in the field below:
	1. how your CoC regularly collaborates with LGBTQ+ and other organizations to update its CoC-wide anti-discrimination policy, as necessary to ensure all housing and services provided in the CoC are trauma-informed and able to meet the needs of LGBTQ+ individuals and families;
	2. how your CoC assisted housing and services providers in developing project-level anti-discrimination policies that are consistent with the CoC-wide anti-discrimination policy;
	3. your CoC's process for evaluating compliance with your CoC's anti-discrimination policies; and

4. your CoC's process for addressing noncompliance with your CoC's anti-discrimination policies.

(limit 2,500 characters)

1)The CoC have anti-discrimination policies and procedures for ensuring that LGBT individuals and families receive supportive services, shelter, and housing free from discrimination that is updated periodically based on input from CoC members, LGBTQ+ organizations and other stakeholders working on the issue. The methods for collecting stakeholder input used by the CoC include meetings with CoC members and consultation with project staff and relevant stakeholders. The input is shared with the relevant CoC committees to promote policy changes as needed, disseminate them and train projects on the topic.

2)For purposes of assisting providers in the revision of their anti-discrimination policies, the CoC, with the assistance of legal advisors, developed a template of P&Ps and conducted training to providers. Projects have also received training from a representative of the Commission of Civil Rights of Puerto Rico. on this matter. As well, as part of the competition process, new and renewal projects were asked to certify that they have updated policies that such policies have been reviewed from an equity and non-discrimination perspective and to provide evidence to that effect. The policy excerpts submitted by the CoC were revised to provide recommendations in this regard. Likewise, one of the elements taken into consideration for the FY 2024 competition was precisely to have updated and revised policies from an equity perspective.

3)Evaluation of compliance with anti-discrimination policies is part of monitoring procedures and is also evaluated during the competition process.

4)To date, the CoC has not had problems of non-compliance with these policies, but if they come up, both the policies and procedures of the Coordinated Entry System and the CoC charter include a procedure for complaints, which are addressed in the appropriate committees. Sanctions can range from policy development or revision by the project to sanctions that impact the competition process. Besides, the CES is a FH advocate agency, and provides support with complaints.

1C-7. Public Housing Agencies within Your CoC's Geographic Area--New Admissions--General/Limited Preference--Moving On Strategy.

This number is a calculation of the percentage of new and renewal PSH, RRH, SSO non-Coordinated Entry, Safe Haven, and Transitional Housing projects the CoC has ranked in its CoC Priority Listing in the FY 2024 CoC Program Competition that reported that they are lowering barriers to entry and prioritizing rapid placement and stabilization to permanent housing.	92%

1D-2a.	Project Evaluation for Housing First Compliance.	
	NOFO Section V.B.1.i.	

You must upload the Housing First Evaluation attachment to the 4B. Attachments Screen.

Describe in the field below:

1.	how your CoC evaluates every project—where the applicant checks Housing First on their project application—to determine if they are using a Housing First approach;
2.	the list of factors and performance indicators your CoC uses during its evaluation;
3.	how your CoC regularly evaluates projects outside of your local CoC competition to ensure the projects are using a Housing First approach; and
4.	what your CoC has done to improve fidelity to Housing First.

(limit 2,500 characters)

1)For the CoC evaluation of the Housing First Model is a priority and requested TA to HUD in that matter. The CoC evaluates projects that select Housing First (HF) on their applications using HUD’s Housing First Assessment Tool. This process involves reviewing each project’s policies and procedures to ensure they align with HF principles, such as no preconditions related to sobriety, employment, or service participation. Annual site visits and interviews with project staff further verify that HF is implemented in practice. Participant feedback is also collected to confirm that tenants experience low-barrier access to housing and services.

2)The CoC uses several factors and performance indicators to assess HF compliance. These include ensuring projects have no preconditions for entry, offering voluntary services, and facilitating rapid housing placement. Key indicators such as the average time from referral to move-in and housing retention rates are monitored. The CoC also tracks exits to stable housing and assesses whether services are provided without requiring participation. These indicators help the CoC maintain transparency and accountability in ensuring HF fidelity across projects.

3)In addition to the annual CoC competition, the CoC conducts ongoing evaluations through its Coordinated Entry System (CES) to ensure HF principles are upheld year-round. A CES subcommittee is responsible of reviewing participant rejections to identify any non-compliance with HF practices. The Collaborative Applicant works with project partners to monitor HF implementation, addressing potential issues through guidance and technical assistance. Corrective action plans are developed for projects that require additional support, and continuous monitoring helps maintain consistency with HF principles throughout the year.

4)To improve fidelity to Housing First, the CoC provides regular training to project staff and leadership on HF principles and best practices. Technical Assistance was requested from HUD and received, and a specific training on the intersection of Housing First and Fair Housing was also requested. Monitoring visits include detailed evaluations, and if projects are found to be out of compliance, they are required to implement corrective actions. The CoC also offers technical assistance to projects needing improvement and applies sanctions when necessary to address repeated violations. These efforts help ensure ongoing alignment with HF principles.

1D-3.	Street Outreach—Data—Reaching People Least Likely to Request Assistance.	
	NOFO Section V.B.1.j.	
	Describe in the field below how your CoC tailored its street outreach to people experiencing homelessness who are least likely to request assistance.	

(limit 2,500 characters)

The CoC tailors its street outreach efforts to engage people experiencing homelessness who are least likely to seek assistance by employing best practices and innovative, data-driven strategies. Using evidence-based practices (EBPs), such as peer interventions, and working in collaboration with ESG, ESG-CV recipients, and external stakeholders, the CoC mobilizes resources such as mobile units from the Coordinated Entry System (CES) and various service providers. Community impact events, health fairs, soup kitchens, and other special activities further enhance outreach efforts. The CoC has over xxx active outreach projects, which use data from the Point-in-Time (PIT) count and Homeless Management Information System (HMIS) to strategically plan outreach routes and maximize impact. Furthermore, in the context of disasters the CoC has implemented specialized outreach strategies, in coordination with three of the CoC projects that have community hubs in key areas with immediate contact with the most vulnerable populations (La Fondita, Solo Por Hoy & Red).

The CoC ensures that 100% of its geographic area is covered by outreach activities, with at least one CoC member, including CES teams, conducting outreach every day. Data from PIT, HMIS, and CES systems are used to identify and focus on populations that are the most difficult to reach and least likely to request assistance, such as individuals with mental health or substance use disorders (MH/SA), chronically homeless persons (CH), youth, LGBTT individuals, the elderly, and those recently experiencing homelessness. Peer-to-peer outreach and experienced case managers (CMs) are employed to foster trust and engage these populations more effectively.

The CoC integrates outreach efforts across multiple providers to ensure a coordinated approach to service delivery. Mobile units bring services directly to individuals, removing barriers to access. Outreach at health fairs, soup kitchens, and other community events helps connect with those in need. Assertive targeting of MH/SA populations promotes both housing opportunities and treatment engagement. Interagency collaborations and referral agreements between CoC projects and external service providers are essential components of outreach, ensuring individuals can access a range of services and housing options when needed. These comprehensive efforts have proven effective in reaching individuals least likely to request assistance and guiding them toward housing.

1D-4.	Strategies to Prevent Criminalization of Homelessness.

1D-6.	Mainstream Benefits–CoC Annual Training of Project Staff.	
	NOFO Section V.B.1.m.	

Indicate in the chart below whether your CoC trains program staff annually on the following mainstream benefits available for program participants within your CoC's geographic area:

	Mainstream Benefits	CoC Provides Annual Training?
1.	Food Stamps	Yes
2.	SSI–Supplemental Security Income	Yes
3.	SSDI–Social Security Disability Insurance	Yes
4.	TANF–Temporary Assistance for Needy Families	Yes
5.	Substance Use Disorder Programs	Yes
6.	Employment Assistance Programs	Yes
7.	Other (limit 150 characters)	

1D-6a.	Information and Training on Mainstream Benefits and Other Assistance.	
	NOFO Section V.B.1.m	

Describe in the field below how your CoC:

1.	works with projects to collaborate with healthcare organizations, including those that provide substance use disorder treatment and mental health treatment, to assist program participants with receiving healthcare services, including Medicaid; and
----	---

2. promotes SSI/SSDI Outreach, Access, and Recovery (SOAR) certification of program staff.
--

(limit 2,500 characters)

1)The CoC collaborates with healthcare organizations, including mental health and substance use disorder treatment providers, to assist participants in accessing healthcare services, including Medicaid. The CoC works closely with Puerto Rico's Health Insurance Administration (ASES) to facilitate enrollment in Plan Vital, the public healthcare program. In cases of delays or when working with vulnerable populations, such as immigrants, referrals are made to Section 330 Primary Health Clinics and Ryan White (RW) funded clinics. Some projects have formal agreements with ASES to assign personnel for on-site participant enrollment. For domestic violence survivors, a virtual network immediately connects them to healthcare services and resources. Additionally, the Substance Abuse and Mental Health Services Administration (SAMHSA) provides training and information to CoC staff on healthcare benefits and services tailored to the homeless population.

2)The CoC promotes SSI/SSDI Outreach, Access, and Recovery (SOAR) certification to program staff involved in participant support, although SSI is currently unavailable in Puerto Rico. While SOAR certification is not officially recognized for SSDI by the Puerto Rico Department of the Family (PRDF), which administers SSDI, CoC staff and community-based organizations (CBOs) assist participants in navigating the application process. CES and Mental Health Administration employees previously obtained SOAR certification and continue to assist with documentation as part of PATH projects, ensuring participants have the necessary paperwork for accessing services. Additionally, the CoC maintains regular collaboration with the Social Security Administration's (SSA) local director to stay informed on available benefits and to streamline the process for participants seeking SSDI and related services.

ID-7.	Partnerships with Public Health Agencies—Collaborating to Respond to and Prevent the Spread of Infectious Diseases.	
-------	---	--

NOFO Section V.B.1.n.

Describe in the field below how your CoC effectively collaborates with state and local public health agencies to develop CoC-wide policies and procedures that:

1.	respond to infectious disease outbreaks; and
----	--

2.	prevent infectious disease outbreaks among people experiencing homelessness.
----	--

(limit 2,500 characters)

1) The CoC collaborates closely with state and local public health agencies to develop CoC-wide policies and procedures to respond effectively to infectious disease outbreaks. Currently, the CoC is in coordination with the Puerto Rico Department of Health and the Health Insurance Public Administration (ASES), to establish a virtual network of services for the homeless population. During and after the COVID-19 pandemic, the CoC maintained active partnerships with the Puerto Rico Department of Health, primary health centers (Section 330 clinics and the Primary Health Association), the Municipality of San Juan's local health system, and other health-related agencies to coordinate response efforts and prepare for future outbreaks. Many of these agencies are members of the CoC and actively participate in meetings to update and improve policies. This year the CoC organized a symposium with healthcare and emergency services providers to provide additional training to CoC members, enhancing preparedness and fostering collaboration.

2) To prevent future infectious disease outbreaks among people experiencing homelessness, the CoC strengthened its emergency plans and those of member projects during the pandemic. Training sessions were conducted to improve staff readiness and ensure the effective implementation of infection prevention measures. These proactive steps have improved the CoC's ability to respond to potential outbreaks and mitigate the spread of infectious diseases, safeguarding the health of individuals experiencing homelessness.

ID-7a.	Collaboration With Public Health Agencies on Infectious Diseases.	
	NOFO Section V.B.1.n.	
	Describe in the field below how your CoC:	
1.	effectively shared information related to public health measures and homelessness; and	
2.	facilitated communication between public health agencies and homeless service providers to ensure street outreach providers and shelter and housing providers are equipped to prevent or limit infectious disease outbreaks among program participants.	

(limit 2,500 characters)

1)The CoC shares information related to public health measures and homelessness with providers to prevent or mitigate infectious disease outbreaks among program participants through various channels. These include virtual trainings, periodic meetings with CoC members, email communications, a CoC chat platform, and posting information on the CoC's website and social media. Health-related topics are also regularly discussed during CoC Board of Directors meetings and membership meetings, ensuring that members remain updated on public health issues relevant to their work.

2)The CoC continuously facilitates communication between public health agencies and homeless service providers to equip outreach, shelter, and housing providers with the necessary tools to prevent or limit infectious disease outbreaks. When the first case of COVID-19 was reported in Puerto Rico, the CoC immediately convened its members and other stakeholders to develop an action plan addressing the needs of unsheltered individuals and those in congregate shelters or transitional housing. This plan, developed in coordination with public health and safety agencies, followed HUD and CDC guidelines and outlined specific actions, roles, and responsibilities for CoC members and partners. Emergency shelters and transitional housing providers were given protocols to manage facilities safely, assess their needs for supplies, and establish isolation areas for individuals infected with COVID-19. For the unsheltered population, the CoC coordinated outreach efforts for testing and service linkages. Many CoC projects established agreements with health centers, laboratories, and community-based organizations to provide testing, vaccinations, and safety equipment. Additionally, the Municipality of San Juan and other providers maintain collaborative agreements with Section 330 health centers and other community clinics to ensure ongoing access to healthcare for program participants.

1D-8.	Coordinated Entry Standard Processes.	
	NOFO Section V.B.1.o.	

	Describe in the field below how your CoC's coordinated entry system:
1.	can serve everybody regardless of where they are located within your CoC's geographic area;
2.	uses a standardized assessment process to achieve fair, equitable, and equal access to housing and services within your CoC;
3.	collects personal information in a trauma-informed way; and
4.	is updated at least annually using feedback received from participating projects and households that participated in coordinated entry.

(limit 2,500 characters)

1)The PR-502 Coordinated Entry System (CES) serves the entire CoC geographic area through a hybrid model that provides multiple access points for individuals in need. It operates from a central office with four additional access points, including the San Juan Domestic Violence (DV) Response System and a DV-focused access office in Vega Alta. These offices provide specialized support for victims of DV and their unique needs. To ensure full coverage, CES also offers a toll-free consultation number and partners with CoC members to conduct day and night outreach programs in areas with high rates of homelessness. A peer outreach team further enhances efforts by engaging with individuals least likely to seek assistance.

2)The CES employs a standardized assessment process developed through a collaborative effort with CoC members, adhering to the CoC Written Standards and federal regulations. The system prioritizes individuals experiencing chronic homelessness and those with the longest periods of homelessness, aligning with CoC priorities. For assessments, CES uses the VI-SPDAT for individuals and families and the TAY-VI-SPDAT for Transition Age Youth, tools integrated within Client Track and the HMIS to measure vulnerability and ensure equitable access to housing and services.

3)Personal information is collected in a trauma-informed manner as part of the CES's commitment to sensitive data handling. A permanent CES Committee—comprising representatives from the CES delegate agency, the HMIS Lead Agency, and other HUD-funded components—oversees compliance with trauma-informed practices. This ensures the collection process minimizes re-traumatization and respects the dignity of participants. Staff members involved in data collection receive ongoing training to improve the quality of interactions and provide appropriate support.

4)The CES is evaluated and updated annually based on feedback from participating projects and households. The CES Committee meets every two months to monitor system performance and recommend policy or procedural changes. Input is gathered through membership surveys and consultations with service providers and participants, ensuring the system remains responsive and effective. These evaluations are part of the system's policies and procedures, fostering continuous improvement and maintaining alignment with the evolving needs of individuals and families experiencing homelessness.

1D-8a.	Coordinated Entry—Program Participant-Centered Approach.	
	NOFO Section V.B.1.o.	
	Describe in the field below how your CoC's coordinated entry system:	
1.	reaches people who are least likely to apply for homeless assistance in the absence of special outreach;	
2.	prioritizes people most in need of assistance;	
3.	ensures people most in need of assistance receive permanent housing in a timely manner, consistent with their needs and preferences; and	
4.	takes steps to reduce burdens on people seeking assistance.	

(limit 2,500 characters)

1)To reach individuals least likely to seek homelessness assistance, the Coordinated Entry System (CES) uses internal data, PIT (Point-in-Time) count data, and the expertise of CoC members to map outreach routes across areas with a high incidence of homelessness throughout the CoC's geographic area. CES staff conducts regular visits to municipalities using a Case Management Mobile Unit and maintains close relationships with community leaders, mayors, hospitals, correctional facilities, and the justice system. Outreach activities occur weekly, with high-impact initiatives targeted at areas of high vulnerability where populations are less likely to request help. These efforts are carried out in collaboration with CoC members and stakeholders from the private, public, and nonprofit sectors.

2)According to CoC written standards, the CES prioritizes individuals experiencing chronic homelessness and those with extended periods of homelessness. This approach ensures that Permanent Housing with Supportive Services (PHSS) is allocated to those most in need, particularly individuals who have been homeless for at least one year and exhibit the highest levels of chronicity. The Vulnerability Index-Service Prioritization Decision Assistance Tool (VI-SPDAT) is used to assess vulnerability among individuals and families, while the TAY-VI-SPDAT is applied for Transition Age Youth. This targeted strategy ensures that individuals at the highest risk receive priority in housing placement.

3)To provide timely assistance, referrals within the HMIS system are generated in real time, with follow-ups conducted within 24 hours to ensure participants receive appropriate support promptly and in alignment with their preferences. This system enables seamless coordination between outreach teams and service providers, ensuring that those most in need receive help without unnecessary delays.

4)The CES Committee continuously seeks ways to reduce burdens on individuals using the Coordinated Entry System and improve efficiency. For domestic violence (DV) survivors, additional entry points have been integrated into the system, and procedures and forms are being revised to minimize the amount of information requested. This reduces re-victimization and prevents duplication of information, ensuring survivors can access services quickly and with minimal distress.

1D-8b.	Coordinated Entry—Informing Program Participants about Their Rights and Remedies—Reporting Violations.	
	NOFO Section V.B.1.o.	
	Describe in the field below how your CoC through its coordinated entry:	
1.	affirmatively markets housing and services provided within the CoC's geographic area and ensures it reaches all persons experiencing homelessness;	
2.	informs program participants of their rights and remedies available under federal, state, and local fair housing and civil rights laws; and	
3.	reports any conditions or actions that impede fair housing choice for current or prospective program participants to the jurisdiction(s) responsible for certifying consistency with the Consolidated Plan.	

(limit 2,500 characters)

1)The CES Policies and Procedures (P&Ps) outline guidelines for the affirmative marketing of housing services, including communication channels and required content. All advertisements are provided in Spanish and English, with audio formats and large-font materials available to ensure accessibility. Access points are designed to accommodate individuals with physical disabilities. The CES leverages social media, WhatsApp, and traditional media for outreach and keeps its official webpage updated with current information. It also operates a landlord engagement page, www.caminioacasa.org, to streamline access to housing. Additionally, a 32-foot mobile office visits areas with high homelessness rates to connect individuals with services. Affirmative marketing P&Ps are monitored by the CoC to ensure compliance. To reach individuals less likely to seek assistance, the CoC uses Point-in-Time (PIT) data and the expertise of CoC members to establish outreach routes, collaborating with public, private, and nonprofit stakeholders to maximize impact.

2)The CES serves as a Fair Housing Advocate Office and receives ongoing training from the FHEO San Juan Field Office to stay updated on Fair Housing Act policies. All CES staff members are trained in Fair Housing compliance and filing HUD discrimination complaints. Entry staff and case managers at CoC projects receive training on affirmative marketing and inform participants about their rights and remedies during entry and through ongoing case management. Additionally, written materials are provided to participants to reinforce this information. All CoC projects have complaint procedures, which are clearly communicated to participants to ensure transparency and trust.

3)CES protocols require that if any action limiting the housing selection rights of participants is identified, it must be reported to the CES Committee and the relevant project to ensure corrective action. At the jurisdictional level, the CoC actively participates in consultations for the analysis of impediments as part of the consolidated planning processes. The CoC also maintains ongoing communication with jurisdictions to identify and address any conditions that could negatively impact participants' housing choices.

1D-9.	Advancing Racial Equity in Homelessness—Conducting Assessment.	
	NOFO Section V.B.1.p.	

1.	Has your CoC conducted a racial disparities assessment in the last 3 years?	Yes
2.	Enter the date your CoC conducted its latest assessment for racial disparities.	11/03/2023

1D-9a.	Using Data to Determine if Racial Disparities Exist in Your CoC's Provision or Outcomes of CoC Program-Funded Homeless Assistance.	
	NOFO Section V.B.1.p.	

Describe in the field below:

1.	the data your CoC used to analyze whether any racial disparities are present in your CoC's provision or outcomes of CoC Program-funded homeless assistance; and
2.	how your CoC analyzed the data to determine whether any racial disparities are present in your CoC's provision or outcomes of CoC Program-funded homeless assistance.

(limit 2,500 characters)

1)The CoC conducts a racial disparity assessment at least every three years using HUD's disparity tool. The most recent assessment, completed in November 2023, incorporated data from the Point-in-Time (PIT) survey, HMIS records, and Census Bureau's American Community Survey (ACS) demographic data. To address the findings, the CoC established an ad hoc committee composed of experts, advocates for the BIPOC population, researchers, individuals with lived experience of homelessness, and other CoC members. This committee guided the selection of specific data points for deeper analysis, and the HMIS team generated a comprehensive report on racial disparities in outcomes and service delivery.

2)The racial disparity analysis conducted by CoC 502 shows that Black and multiracial individuals are overrepresented among the homeless population compared to the general population of Puerto Rico. While 10% of the general population identifies as Black and 18% as multiracial, the PIT survey found that 24% of the homeless population identifies as Black and 34% as multiracial. These groups also face greater barriers to shelter, with 27% of Black individuals experiencing unsheltered homelessness, compared to 44% of multiracial individuals and 39% of White individuals. These disparities suggest that Black and multiracial individuals experience higher levels of exclusion from shelter services, contributing to their increased vulnerability. Service utilization data reveals further inequities, with Black individuals more likely to use emergency shelters and transitional housing, while multiracial individuals are more frequently represented in permanent supportive housing programs. These patterns highlight possible gaps in housing access and inequitable service delivery across racial groups. To address these disparities, the CoC established an ad hoc committee on racial equity, which recommended improving data collection methods to capture racial and ethnic differences in service access and outcomes.

1D-9b.	Implemented Strategies to Prevent or Eliminate Racial Disparities.	
	NOFO Section V.B.1.p	

Select yes or no in the chart below to indicate the strategies your CoC is using to prevent or eliminate racial disparities.

1.	Are your CoC's board and decisionmaking bodies representative of the population served in the CoC?	Yes
2.	Did your CoC identify steps it will take to help the CoC board and decisionmaking bodies better reflect the population served in the CoC?	Yes
3.	Is your CoC expanding outreach in your CoC's geographic areas with higher concentrations of underrepresented groups?	Yes
4.	Does your CoC have communication, such as flyers, websites, or other materials, inclusive of underrepresented groups?	Yes
5.	Is your CoC training staff working in the homeless services sector to better understand racism and the intersection of racism and homelessness?	Yes

6.	Is your CoC establishing professional development opportunities to identify and invest in emerging leaders of different races and ethnicities in the homelessness sector?	Yes
7.	Does your CoC have staff, committees, or other resources charged with analyzing and addressing racial disparities related to homelessness?	Yes
8.	Is your CoC educating organizations, stakeholders, boards of directors for local and national nonprofit organizations working on homelessness on the topic of creating greater racial and ethnic diversity?	Yes
9.	Did your CoC review its coordinated entry processes to understand their impact on people of different races and ethnicities experiencing homelessness?	Yes
10.	Is your CoC collecting data to better understand the pattern of program use for people of different races and ethnicities in its homeless services system?	Yes
11.	Is your CoC conducting additional research to understand the scope and needs of different races or ethnicities experiencing homelessness?	Yes

1D-9c.	Plan for Ongoing Evaluation of System-level Processes, Policies, and Procedures for Racial Equity.	
	NOFO Section V.B.1.p.	

Describe in the field below your CoC's plan for ongoing evaluation of system-level processes, policies, and procedures for racial equity.

(limit 2,500 characters)

The CoC is committed to preventing and eliminating racial disparities in the provision and outcomes of CoC Program-funded homeless assistance. In alignment with HUD guidelines and our theory of change, we established an ad hoc committee to address racial equity. This committee is composed of a diverse group of stakeholders, including advocates, academia, HMIS and CES representatives, and individuals with lived experience of homelessness, ensuring a holistic approach to addressing racial disparities.

The ad hoc committee's primary responsibility is to analyze racial disparities at the system and project levels and recommend strategies to address them. As part of the committee's work, we have implemented a quarterly reporting mechanism that generates detailed reports on racial disparities across the system. These reports are designed to highlight disparities in outcomes and services and provide actionable insights for both system and project-level adjustments.

Key actions implemented as part of this plan include comprehensive training for all CoC-funded projects. This training focuses on applying an equity lens to service delivery and outcomes, ensuring that staff understand and implement practices that mitigate racial disparities. Additionally, we have undertaken a thorough revision of CoC policies and procedures, incorporating an equity-focused review process to ensure these policies are non-discriminatory and support equitable access and outcomes for all racial and ethnic groups.

Outreach and marketing strategies have also been revised to ensure that communities disproportionately affected by homelessness, particularly people of color, are being adequately reached and supported. The ad hoc committee continues to review these efforts regularly, making ongoing recommendations for improvements to ensure the system remains adaptive and responsive to emerging needs.

By continuously evaluating our processes and implementing data-driven changes, the CoC is committed to fostering racial equity across all levels of our homelessness assistance programs.

1D-9d.	Plan for Using Data to Track Progress on Preventing or Eliminating Racial Disparities.	
	NOFO Section V.B.1.p.	
	Describe in the field below:	
1.	the measures your CoC plans to use to continuously track progress on preventing or eliminating racial disparities in the provision or outcomes of homeless assistance; and	
2.	the tools your CoC plans to use to continuously track progress on preventing or eliminating racial disparities in the provision or outcomes of homeless assistance.	

(limit 2,500 characters)

1)The CoC will monitor racial disparities by continuously analyzing data on the population served across its various components. This includes tracking the racial and ethnic distribution of individuals accessing services, as well as those identified through outreach efforts. Data sources include the Homeless Management Information System (HMIS), Point-in-Time (PIT) count, and Census American Community Survey (ACS). The CoC has also requested that the HMIS team provide quarterly reports to analyze disparities in participant outcomes based on race and other social determinants. These reports will allow the CoC to track trends over time and adjust strategies to eliminate any identified disparities.

2)The CoC will rely on HMIS, PIT count data, and Census ACS data as primary tools for tracking progress. The quarterly HMIS reports will serve as a key tool to provide detailed insights into racial disparities in both service access and outcomes. These reports will be shared with CoC projects, allowing for technical assistance to support data interpretation and foster collaborative development of recommendations to address disparities. By utilizing these tools and measures, the CoC will ensure that tracking progress remains an ongoing process, promoting equitable service delivery and informing policy adjustments aimed at preventing or eliminating racial disparities.

1D-10.	Involving Individuals with Lived Experience of Homelessness in Service Delivery and Decisionmaking—CoC's Outreach Efforts.	
	NOFO Section V.B.1.q.	
	Describe in the field below your CoC's outreach efforts (e.g., social media announcements, targeted outreach) to engage those with lived experience of homelessness in leadership roles and decisionmaking processes.	

(limit 2,500 characters)

The CoC employs a variety of outreach strategies to engage individuals with lived experience of homelessness in leadership roles and decision-making processes. These efforts include targeted outreach, social media announcements, virtual meetings, and email communications. A significant component of this strategy was the implementation of a mass media campaign, "Un Hogar Para Todos" (A Home for Everyone), designed to maximize outreach to individuals experiencing homelessness and those who could refer them to CoC services. This campaign helped raise awareness and encouraged participation from the homeless community in CoC activities.

The CoC has established a permanent homelessness committee composed of individuals with lived experience of homelessness and people at risk of homelessness. This committee, which meets at least quarterly, collaborates with the Collaborative Applicant to identify the needs, challenges, and opportunities of the population. It plays a crucial role in planning and implementing the Point-in-Time (PIT) count, developing strategies to reach hard-to-reach populations, and participating in public discussions on homelessness. During the CoC's funding competition, the committee provided recommendations on the evaluation criteria for projects, which were incorporated into the ranking tool, and a member participated in the evaluation of new projects.

In addition to these efforts, the committee makes regular outreach recommendations to the CoC and recruits new members for itself and other CoC working groups. As part of the funding competition, projects are required to certify that individuals with lived experience of homelessness are included in staff and leadership positions and that they have mechanisms in place to gather input from these individuals for the provision of services. Through these comprehensive outreach efforts, the CoC ensures that the voices of those with lived experience are included in leadership and decision-making processes.

You must upload the Lived Experience Support Letter attachment to the 4B. Attachments Screen.

Enter in the chart below the number of people with lived experience who currently participate in your CoC under the four categories listed:

	Level of Active Participation	Number of People with Lived Experience Within the Last 7 Years or Current Program Participant	Number of People with Lived Experience Coming from Unsheltered Situations
1.	Routinely included in the decisionmaking processes related to addressing homelessness.	7	7
2.	Participate on CoC committees, subcommittees, or workgroups.	7	7
3.	Included in the development or revision of your CoC's local competition rating factors.	7	7
4.	Included in the development or revision of your CoC's coordinated entry process.	7	7

1D-10b.	Professional Development and Employment Opportunities for Individuals with Lived Experience of Homelessness.	
	NOFO Section V.B.1.q.	

Describe in the field below how your CoC or CoC membership organizations provide professional development and employment opportunities to individuals with lived experience of homelessness.

(limit 2,500 characters)

As part of the CoC's strategies to increase participant access to employment opportunities, projects have established agreements with private sector entities, government agencies, and non-profit organizations. These agreements aim to provide educational opportunities, vocational training, and prepare individuals experiencing homelessness for future employment. One CoC project offers over 21 areas of vocational training, enhancing participants' chances of securing employment. Additionally, the CoC has agreements with fast-food chains, retirement homes, construction companies, and other businesses for job placements.

CoC members run special projects tailored to specific populations. For example, Hogar Ruth, a domestic violence project, trains women in non-traditional occupations, such as carpentry and handyman services, while La Fondita promotes micro-entrepreneurship in agriculture and other economic activities. Employment and education goals are incorporated into case management plans, developed collaboratively with participants. Success stories include former participants who have earned university degrees in social work and counseling and now work as staff providing services to those experiencing homelessness. A key aspect of the CoC's approach is offering employment opportunities within its projects to former participants, which gives them a sense of achievement and fosters a deeper commitment to current participants.

The CoC collaborates with public and private partners—including the Department of Economic Development and Commerce, responsible for statewide WIOA programs, municipal offices, job-placement agencies, and foundations supporting employment programs—to expand access to job opportunities for participants. These partnerships help ensure sustainable employment outcomes and strengthen participants' reintegration into the workforce.

1D-10c.	Routinely Gathering Feedback and Addressing Challenges of Individuals with Lived Experience of Homelessness.	
	NOFO Section V.B.1.q.	

Describe in the field below:

1.	how your CoC gathers feedback from people experiencing homelessness;
2.	how often your CoC gathers feedback from people experiencing homelessness;
3.	how your CoC gathers feedback from people who received assistance through the CoC Program or ESG Program;
4.	how often your CoC gathers feedback from people who have received assistance through the CoC Program or ESG Program; and

5.	steps your CoC has taken to address challenges raised by people with lived experience of homelessness.
----	--

(limit 2,500 characters)

1)The CoC collects input through representation in the Homeless Committee, participation in CoC meetings, social media platforms, and project-level feedback mechanisms such as surveys, suggestion boxes, and meetings. In the 2024 competition, projects were required to have formal processes to gather input from people experiencing or having experienced homelessness to ensure their voices are included in decision-making.

2)Feedback is collected continuously through project-level activities and quarterly meetings of the Homeless Committee and other CoC working groups, ensuring the CoC remains responsive to the evolving needs of the population.

3)Those who have received CoC or ESG assistance provide input through representation in the Homeless Committee and other working groups. At the project level, follow-up surveys and support groups offer additional opportunities for feedback, ensuring that past participants continue to influence program planning and evaluation.

4)The CoC collects input from past participants on a continuous basis through surveys, support groups, and quarterly committee meetings, helping to monitor program impact and service effectiveness over time.

5)Feedback is reviewed in CoC Board and membership meetings and referred to relevant committees to develop solutions. The Homelessness Committee plays a critical role in identifying challenges and proposing strategies. To enhance systematic input, the Committee of Persons with Lived Experience is developing a satisfaction survey to be implemented across all CoC projects in 2025, ensuring continuous feedback to address emerging needs effectively.

1D-11.	Increasing Affordable Housing Supply.	
	NOFO Section V.B.1.s.	

Describe in the field below at least two steps your CoC has taken in the past 12 months to engage city, county, or state governments that represent your CoC's geographic area regarding the following:

1.	reforming zoning and land use policies to permit more housing development; and
2.	reducing regulatory barriers to housing development.

(limit 2,500 characters)

1)Over the past 12 months, the CoC has actively engaged with state and local governments to support reforms in zoning and land use policies and to reduce regulatory barriers to promote affordable housing development. These efforts included educational initiatives and meetings with key stakeholders involved in housing development. The CoC has also collaborated with local governments through participation in the consultation process for the analysis of impediments required for Community Planning and Development (CPD) funds. As part of this engagement, the Department of Housing, a CoC member, conducted a study on the cost and policy barriers to affordable housing in Puerto Rico, which provided valuable insights for ongoing efforts. Additionally, several CoC members contributed to municipal planning processes led by the Department of Housing, focused on Municipal Recovery Plans funded by CDBG-DR 2017 funds following Hurricane Maria. These planning efforts addressed the need for zoning reforms and public land use policy adjustments at the municipal level. CoC members also participated in public hearings and consultation processes regarding the consolidation of planning activities, advocating for housing development reforms. Furthermore, they were involved in consultation groups as part of the Puerto Rico State Housing Plan, ensuring that zoning and regulatory barriers were prioritized in policy discussions.

2)In collaboration with the Puerto Rico Department of Housing, several CoC members have established agreements to develop affordable housing projects within the CoC's geographic area. These partnerships aim to expand the inventory of affordable housing by addressing regulatory challenges and supporting the creation of sustainable, accessible housing solutions. Through these coordinated efforts, the CoC continues to play an essential role in influencing policy changes and promoting effective housing development strategies across its region.

You must upload the Local Competition Scoring Tool attachment to the 4B. Attachments Screen.

Select yes or no in the chart below to indicate how your CoC ranked and selected project applications during your local competition:

1.	Established total points available for each project application type.	Yes
2.	At least 33 percent of the total points were based on objective criteria for the project application (e.g., cost effectiveness, timely draws, utilization rate, match, leverage), performance data, type of population served (e.g., DV, youth, Veterans, chronic homelessness), or type of housing proposed (e.g., PSH, RRH).	Yes
3.	At least 20 percent of the total points were based on system performance criteria for the project application (e.g., exits to permanent housing destinations, retention of permanent housing, length of time homeless, returns to homelessness).	Yes
4.	Provided points for projects that addressed specific severe barriers to housing and services.	Yes
5.	Used data from comparable databases to score projects submitted by victim service providers.	Yes

6.	Provided points for projects based on the degree the projects identified any barriers to participation (e.g., lack of outreach) faced by persons of different races and ethnicities, particularly those over-represented in the local homelessness population, and has taken or will take steps to eliminate the identified barriers.	Yes

You must upload the Scored Forms for One Project attachment to the 4B. Attachments Screen.

Complete the chart below to provide details of your CoC's local competition:

1.	What were the maximum number of points available for the renewal project form(s)?	195
2.	How many renewal projects did your CoC submit?	34
3.	What renewal project type did most applicants use?	PH-PSH

1E-2b.	Addressing Severe Barriers in the Local Project Review and Ranking Process.	
	NOFO Section V.B.2.d.	

Describe in the field below:

1.	how your CoC analyzed data regarding each project that has successfully housed program participants in permanent housing;
2.	how your CoC analyzed data regarding how long it takes to house people in permanent housing;
3.	how your CoC considered the specific severity of needs and vulnerabilities experienced by program participants preventing rapid placement in permanent housing or the ability to maintain permanent housing when your CoC ranked and selected projects; and
4.	the severe barriers your CoC considered.

(limit 2,500 characters)

1. The CoC utilized data from the Homeless Management Information System (HMIS) and comparable databases to evaluate the effectiveness of projects in housing program participants in permanent housing. Exit destination data from these systems provided insight into which projects were successfully transitioning participants to permanent housing, particularly those serving populations with severe barriers. This data was crucial in determining project performance and impact on housing outcomes for the most vulnerable individuals.

2. The CoC also analyzed data on the length of time it took to place participants into permanent housing. This analysis helped assess how quickly each project could move individuals from homelessness to housing, particularly those with severe needs and vulnerabilities. We recognized that projects serving individuals with higher barriers, such as chronic homelessness, mental health issues, or substance use disorders, often require longer periods to achieve stable housing outcomes. The CoC considered this when evaluating project performance and ranking.

3. The CoC's ranking and selection process prioritized projects that serve participants with severe barriers to housing stability, acknowledging that these barriers can prevent rapid placement in permanent housing or the ability to maintain it. Specific vulnerabilities taken into account included histories of victimization or abuse, criminal records, chronic homelessness, low or no income, and current or past substance abuse. The CoC also considered physical and mental health disabilities and trauma histories, which can significantly impact the length of time needed to achieve housing stability.

4. In addition to the aforementioned factors, the CoC prioritized projects that serve the most vulnerable populations, even when these projects had lower performance metrics due to the complexity of the needs they address. Projects providing housing and services to individuals with history of domestic violence, sexual assault, childhood abuse, or criminal justice involvement were given additional consideration. Chronic homelessness, low income, and substance use disorders were also critical barriers that the CoC considered when evaluating and ranking projects. Moreover, projects that are the only providers of their kind in the CoC's geographic area, serving unique subpopulations, received special consideration to ensure that vital services were maintained.

1E-3.	Advancing Racial Equity through Participation of Over-Represented Populations in the Local Competition Review and Ranking Process.	
NOFO Section V.B.2.e.		
Describe in the field below:		
1.	how your CoC used input from persons of different races and ethnicities, particularly those over-represented in the local homelessness population, to determine the rating factors used to review project applications;	
2.	how your CoC included persons of different races and ethnicities, particularly those over-represented in the local homelessness population in the review, selection, and ranking process; and	
3.	how your CoC rated and ranked projects based on the degree that proposed projects identified any barriers to participation (e.g., lack of outreach) faced by persons of different races and ethnicities, particularly those over-represented in the local homelessness population, and steps the projects took or will take to eliminate the identified barriers.	

(limit 2,500 characters)

1)To ensure racial equity in the rating and ranking process, the CoC activated its monitoring committee, which included a racially diverse representation of CoC members. The process for developing the evaluation and ranking criteria was participatory, involving more than five rounds of meetings. Over-represented racial and ethnic groups in the local homeless population, such as multiracial and Black individuals, played a key role in shaping the review process. The committee's diversity ensured that the perspectives of these populations were integrated into the Project Rating and Ranking Tool. The recommendations were then presented to the broader CoC membership for input and approval, further strengthening community involvement. Additionally, representation from these populations was included through meetings with the Homeless Committee, which involved persons with lived experience of homelessness.

2)The committee responsible for evaluating new projects was racially diverse and included representatives of persons with lived experience and youth advocates. This included a member with lived experience who was also part of the CoC's Homeless Committee. Additionally, the working groups that evaluated renewal proposals had representation from different races and ethnicities. A youth advocate for the Afro-descendant community, with a background in human diversity, played a key role in evaluating project criteria from an equity perspective. This inclusive participation ensured that racial equity was prioritized throughout the review, selection, and ranking process of the CoC's local competition.

3)Following HUD guidelines and the Ranking Tool (version 8.1), several competition criteria were designed to prioritize projects committed to racial equity. Projects were rated on their ability to identify and address barriers faced by over-represented racial and ethnic groups, such as gaps in outreach or service accessibility. Organizations were required to provide evidence of reviewing their internal policies with an equity lens. Points were awarded to those that identified barriers and demonstrated steps taken to eliminate them. Additionally, projects submitted documentation of the analyses they conducted and the measures taken to address those barriers. These equity criteria were central to determining project rankings, with higher consideration given to projects showing a strong commitment to removing barriers for over-represented racial and ethnic populations.

1E-4.	Reallocation—Reviewing Performance of Existing Projects.	
	NOFO Section V.B.2.f.	

	Describe in the field below:
1.	your CoC's reallocation process, including how your CoC determined which projects are candidates for reallocation because they are low performing or less needed;
2.	whether your CoC identified any low performing or less needed projects through the process described in element 1 of this question during your CoC's local competition this year;
3.	whether your CoC reallocated any low performing or less needed projects during its local competition this year; and
4.	why your CoC did not reallocate low performing or less needed projects during its local competition this year, if applicable.

(limit 2,500 characters)

Reallocation Process: The CoC's reallocation process, approved by the full CoC, evaluates project performance, compliance, effectiveness, use of funds, and alignment with the CoC's Strategic Plan and needs. Projects are reviewed by an independent committee, with six reallocation options available:

- a) **Budget Reduction:** A 10% reduction for projects with unspent funds of 10% or more over two years, reallocating to a new project.
- b) **Full Elimination (Score):** Projects scoring 72.4% or less may have all funds reallocated to a new provider.
- c) **Full Elimination (Score & Unspent Funds):** Projects scoring 72.4% or less with unspent funds are eliminated, reallocating to multiple projects.
- d) **Multiple Project Elimination:** Funds from multiple projects scoring 72.4% or less are reallocated to new initiatives.
- e) **Occupancy-Based Reallocation:** Projects with 50% or less occupancy for two consecutive years may have funds reallocated.
- f) **Threshold Compliance:** Projects not meeting threshold criteria may have funds reallocated.

This process was communicated via the CoC webpage, social media, and at competition meetings, as well as by email to all CoC members.

Identification of Low-Performing Projects: During this year's competition, the CoC identified one project that did not meet threshold requirements and was considered for reallocation.

Reallocation of Projects: Two projects were reallocated: one due to low performance (scoring below 72.4%), and one that requested a transition grant. A total of \$889,833 was reallocated to Permanent Housing (PH) projects from these two projects, to support higher-performing initiatives.

No Further Reallocations: The CoC did not identify any additional low-performing or less needed projects during this year's competition, as the reallocation was limited to the two projects mentioned.

2A-4.	Comparable Databases for DV Providers—CoC and HMIS Lead Supporting Data Collection and Data Submission by Victim Service Providers.	
	NOFO Section V.B.3.b.	

	In the field below:	
1.	describe actions your CoC and HMIS Lead have taken to ensure DV housing and service providers in your CoC collect data in HMIS comparable databases; and	
2.	state whether DV housing and service providers in your CoC are using a HUD-compliant comparable database—compliant with the FY 2024 HMIS Data Standards.	

(limit 2,500 characters)

1)The HMIS has developed comprehensive policies and procedures, which are revised periodically, to ensure that information is securely managed and kept separate under strict security measures. To maintain optimal system management, HMIS provides monthly training sessions for project staff and offers one-on-one technical assistance if any issues arise with the system. Additionally, HMIS generates a monthly performance and quality control report highlighting any null data and sends it to each project individually for corrections or follow-up actions. Quarterly, the HMIS Lead Agency conducts update meetings with HMIS data users to keep them informed of any system updates or best practices. The CoC uses Eccovia's Clienttrack DV Database, which allows Domestic Violence (DV) projects to submit de-identified, aggregated system performance data to the CoC and HMIS lead. Although DV projects are not required to submit this data, the HMIS provides quarterly performance reports with aggregated data, recognizing the importance of understanding the needs of the DV population and ensuring the CoC's efforts are appropriately focused.

2) The HMIS has a secure, dedicated comparable database for DV providers that is fully compliant with HUD's 2024 HMIS Data Standards. This database is utilized by 100% of DV projects, ensuring the protection and confidentiality of survivors' data while meeting HUD's requirements.

2A-5.	Bed Coverage Rate—Using HIC, HMIS Data—CoC Merger Bonus Points.

2B. Continuum of Care (CoC) Point-in-Time (PIT) Count

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
- 24 CFR part 578;
- FY 2024 CoC Application Navigational Guide;
- Section 3 Resources;
- PHA Crosswalk; and
- Frequently Asked Questions

2B-1.	PIT Count Date.	
	NOFO Section V.B.4.a	

	Enter the date your CoC conducted its 2024 PIT count.	01/31/2024
--	---	------------

2B-2.	PIT Count Data—HDX Submission Date.	
	NOFO Section V.B.4.a	

	Enter the date your CoC submitted its 2024 PIT count data in HDX.	05/10/2024
--	---	------------

2B-3.	PIT Count—Effectively Counting Youth in Your CoC's Most Recent Unsheltered PIT Count.	
	NOFO Section V.B.4.b.	

	Describe in the field below how your CoC:
1.	engaged unaccompanied youth and youth serving organizations in your CoC's most recent PIT count planning process;
2.	worked with unaccompanied youth and youth serving organizations to select locations where homeless youth are most likely to be identified during your CoC's most recent PIT count planning process; and
3.	included youth experiencing homelessness as counters during your CoC's most recent unsheltered PIT count.

(limit 2,500 characters)

1)During the planning process for the most recent PIT count, the PIT Committee actively engaged with organizations that serve homeless youth to revise the questionnaire and provide insights into improving youth identification during the count. These organizations included the Network for the Rights of Children and Youth, Mesón de Amor, IPVI, and the LGBTQI+ Center, among others. Their involvement helped ensure that the count was sensitive to the unique challenges of counting youth experiencing homelessness. Additionally, students from various universities, including the Medical Sciences Campus of the University of Puerto Rico, participated in both planning and the count efforts, bringing further expertise and perspectives on youth homelessness.

2)The PIT Committee, in collaboration with youth-serving organizations and leveraging data from previous counts, worked to identify locations where homeless youth were most likely to be found. The committee also incorporated insights from outreach efforts specifically targeted toward youth to enhance the accuracy and comprehensiveness of the count. This collaboration ensured that areas where youth are known to congregate or receive services were included in the count, maximizing the likelihood of identifying unaccompanied youth during the PIT count.

3)The CoC launched a campaign to recruit volunteers for the PIT count through various channels, including social media, posters, direct outreach, and meetings. Special efforts were made to recruit youth volunteers through meetings with universities and post-secondary schools. As a result, the CoC successfully recruited 350 volunteers, a significant portion of whom were aged 18-24. Youth experiencing homelessness themselves were among the volunteers, providing valuable insights and firsthand knowledge of where to find their peers. All volunteers, including those from the community and service providers, were trained specifically on how to count homeless youth, ensuring accurate data collection during the PIT count.

2B-4.	PIT Count–Methodology Change–CoC Merger Bonus Points.	
	NOFO Section V.B.5.a and V.B.7.c.	

	In the field below:
1.	describe any changes your CoC made to your sheltered PIT count implementation, including methodology or data quality changes between 2023 and 2024, if applicable;
2.	describe any changes your CoC made to your unsheltered PIT count implementation, including methodology or data quality changes between 2023 and 2024, if applicable;
3.	describe whether your CoC's PIT count was affected by people displaced either from a natural disaster or seeking short-term shelter or housing assistance who recently arrived in your CoCs' geographic; and
4.	describe how the changes affected your CoC's PIT count results; or
5.	state "Not Applicable" if there were no changes or if you did not conduct an unsheltered PIT count in 2024.

(limit 2,500 characters)

1)Between 2023 and 2024, the CoC did not implement significant changes to the overall methodology for the sheltered PIT count. However, enhanced training was provided to shelter staff to improve data quality. This training incorporated role-playing and practical examples to better equip staff for accurately identifying and counting sheltered individuals. As a result, data accuracy improved, leading to an increase in the number of persons identified in some cases compared to previous years.

2)For the unsheltered PIT count, no major changes were made to the methodology between 2023 and 2024. However, additional training was offered to volunteers and outreach workers, which included role-playing scenarios and real-world examples to improve their ability to identify and count unsheltered individuals. This led to more effective data collection, contributing to a more accurate count of unsheltered individuals.

3)Puerto Rico experienced a tropical storm and other weather events during the period leading up to the 2024 PIT count. The PIT questionnaire included specific questions aimed at identifying whether individuals were homeless due to displacement from a natural disaster. The results showed that 11.7% of those counted (245 individuals) were homeless as a direct result of a disaster, highlighting the ongoing impact of natural events on the homeless population in the CoC's geographic area.

4)The additional training provided for both sheltered and unsheltered counts improved data accuracy and identification of homeless individuals. As a result, there was an increase in the number of people identified in some scenarios. The inclusion of questions related to disaster-related displacement provided important insights into the impact of natural events on homelessness in the area.

5)Not applicable, as both sheltered and unsheltered PIT counts were conducted in 2024, with enhancements to data quality and the inclusion of questions addressing displacement from natural disasters.

2C. System Performance

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
- 24 CFR part 578;

2C-1.	Reducing the Number of First Time Homeless—Risk Factors Your CoC Uses.	
	NOFO Section V.B.5.b.	
	In the field below:	
1.	describe how your CoC determined the risk factors to identify persons experiencing homelessness for the first time;	
2.	describe your CoC's strategies to address individuals and families at risk of becoming homeless; and	
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the number of individuals and families experiencing homelessness for the first time	

(limit 2,500 characters)

1)The CoC identifies risk factors for individuals at risk of becoming homeless for the first time through the analysis of social and economic data, reports from the HMIS and the CES, trends in evictions, and discussions with CoC members, particularly prevention service providers. The CoC maintains continuous communication with state agencies and other stakeholders to identify these risk factors. Considered factors include defaults on mortgage/rent/utilities, mental health and substance abuse conditions, domestic violence, and unemployment.

2)The CoC implements a comprehensive strategy to address individuals and families at risk of becoming homeless, combining outreach and coordination and MOUs with a wide range of community stakeholders that provide prevention services. In 2023, ESG prevention programs served individuals and families by providing: payment of back rent and/or utilities for six months; case management to help repair credit and access benefits; job training; coordination to prevent discharge into homelessness; and Rapid Re-Housing (RRH) for individuals experiencing literal homelessness for the first time.

3)Argie Díaz, the Director of the State ESG Program, is responsible for overseeing the CoC's strategies to reduce or end first-time homelessness. She collaborates with the CES, the CoC Director, and organizations receiving ESG Prevention Grants.

2C-1a.	Impact of Displaced Persons on Number of First Time Homeless.	
	NOFO Section V.B.5.b	

Was your CoC's Number of First Time Homeless [metric 5.2] affected by the number of persons seeking short-term shelter or housing assistance displaced due to:

1.	natural disasters?	No
2.	having recently arrived in your CoC's geographic area?	No

2C-2.	Reducing Length of Time Homeless—CoC's Strategy.	
	NOFO Section V.B.5.c.	

In the field below:

1.	describe your CoC's strategy to reduce the length of time individuals and persons in families remain homeless;
2.	describe how your CoC identifies and houses individuals and persons in families with the longest lengths of time homeless; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the length of time individuals and families remain homeless.

(limit 2,500 characters)

1)The average length of time (LOT) that CoC participants in emergency shelters, safe havens, and transitional housing remain homeless has consistently decreased in recent years. The CoC Written Standards prioritize permanent housing (PH) for those who have been homeless the longest and have the greatest service needs, requiring providers to enter data into the HMIS within 48 hours. Furthermore, of the xx projects in the CoC, xx have adopted the “Housing First” approach and operate with low barriers. All projects coordinate with the SSO Coordinated Entry (CE) system, utilizing the Vulnerability Instrument to prioritize and place individuals experiencing Chronic Homelessness (CH). According to the 2024 HIC, the total number of beds dedicated to CH in the CoC is XXX, reflecting an increase of ___% from 2023. Additionally, the CoC collaborates with Public Housing Authorities (PHAs), the Puerto Rico Department of Housing, and other stakeholders to facilitate the transition of Permanent Supportive Housing (PSH) participants who no longer require intensive supportive services to other housing arrangements, ensuring that PSH projects focus on those with the greatest need. At the project level, case management and the development of individual plans tailored to the needs and characteristics of the population play a significant role in reducing the duration of homelessness.

2)The CoC identifies and houses individuals and families who have been homeless for the longest periods through the SSO Coordinated Entry system and by analyzing information provided by the HMIS on a quarterly basis. Meetings are held with CoC members to discuss this information and provide recommendations. Additionally, a Chronic Homelessness (CH) Functional Zero Committee has been established to gather specific data on CH to create a community queue that promotes placement and reduces the time they remain homeless.

3)Belinda Hill, the SSO Coordinated Entry Director, is responsible for overseeing CoC strategies aimed at reducing the length of time that individuals and families remain homeless.

2C-3.	Successful Permanent Housing Placement or Retention –CoC’s Strategy.	
	NOFO Section V.B.5.d.	

	In the field below:
1.	describe your CoC’s strategy to increase the rate that individuals and persons in families residing in emergency shelter, safe havens, transitional housing, and rapid rehousing exit to permanent housing destinations;
2.	describe your CoC’s strategy to increase the rate that individuals and persons in families residing in permanent housing projects retain their permanent housing or exit to permanent housing destinations; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC’s strategy to increase the rate that individuals and families exit to or retain permanent housing.

(limit 2,500 characters)

1)The CoC's Emergency Shelter (ES), Safe Haven (SH), Transitional Housing (TH), and Rapid Re-Housing (RRH) projects utilize the SSO Coordinated Entry (CE) system with priority criteria to place participants in Permanent Housing (PH) with supporting services, including case management, as early as possible. The CES and CoC organizations are also collaborating with various stakeholders, including landlords willing to wait for deposits to facilitate placements, community-based organizations (CBOs) that provide appliances, furniture, and household items, as well as agencies and organizations that offer benefits and services.

2)Continuous revision of individual service plans based on participants' realities and needs is one of the primary retention strategies employed by the CoC. This strategy emphasizes the provision of support services and the coordination of efforts to facilitate access to mainstream benefits and employment.

3)Nivia Díaz from the Puerto Rico Department of Housing is responsible for overseeing CoC strategies related to exits to Permanent Housing destinations and the retention of Permanent Housing.

2C-4.	Reducing Returns to Homelessness—CoC's Strategy.	
	NOFO Section V.B.5.e.	
	In the field below:	
1.	describe your CoC's strategy to identify individuals and families who return to homelessness;	
2.	describe your CoC's strategy to reduce the rate that individuals and families return to homelessness; and	
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the rate individuals and persons in families return to homelessness.	

(limit 2,500 characters)

(1) The CoC uses HMIS data to identify individuals returning to homelessness. The SSO Coordinated Entry (CE) system employs outreach efforts to reconnect with these participants and promote their return to Permanent Supportive Housing (PSH) or alternative Permanent Housing (PH) options.

(2) As part of the strategies implemented to reduce additional returns to homelessness, CoC organizations identify individuals at risk of returning to homelessness to enhance case management and coordinate necessary services. They collaborate with various entities to address issues such as mental health, substance abuse, and legal problems, while also working with the CE system to ensure compliance with CPD-17-01. Continuous revision and follow-up on individual service plans provide the foundation for organizations to implement specific strategies tailored to the profiles and needs of participants.

(3) Edlyn Ramos, Program Director for DAT, is responsible for overseeing this strategy.

2C-5.	Increasing Employment Cash Income—CoC's Strategy.	
	NOFO Section V.B.5.f.	
	In the field below:	
FY2024 CoC Application	Page 56	10/25/2024

1.	describe your CoC's strategy to access employment cash sources;
2.	describe how your CoC works with mainstream employment organizations to help individuals and families experiencing homelessness increase their employment cash income; and
3.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase income from employment.

(limit 2,500 characters)

1)The CoC has implemented a data-driven strategy focused on increasing access to employment and income for participants. Over the past few years, this approach has led to an increase in the number of participants who access income from employment between (26% change in total income for adult system stayers during the reporting period). The CoC continuously analyzes performance indicator data to identify pressing needs and foster collaborative alliances with stakeholders. Specific strategies employed include organizing employment fairs, conducting outreach activities, and developing individualized plans for participants that establish goals based on their unique needs, skills, and strengths. The CoC coordinates with the Department of Labor, Workforce Innovation and Opportunity Act (WIOA) organizations, and Community Development Block Grant (CDBG) recipients to connect participants with relevant employment opportunities. Additionally, innovative strategies to promote entrepreneurship, such as creating microenterprises and providing economic incentives, have been implemented.

2) The CoC collaborates with mainstream employment organizations, including the Department of Labor, WIOA organizations, and CDBG and CDBG-DR recipients, to enhance employment opportunities for individuals and families experiencing homelessness. This collaboration involves connecting participants to available job opportunities and providing resources necessary for job placement. Funded projects within the CoC have also developed vocational workshops that increase employability skills, covering essential topics such as budgeting and financial literacy. These efforts aim to empower participants, improve their job readiness, and ultimately increase their cash income from employment. Furthermore, all projects within the CoC encourage a strong work ethic and volunteerism, often employing former participants when job opportunities arise.

3) Alexander Santiago, from the Municipality of Bayamón, is responsible for overseeing the CoC's strategy to increase income from employment.

2C-5a.	Increasing Non-employment Cash Income—CoC's Strategy	
	NOFO Section V.B.5.f.	

In the field below:

1.	describe your CoC's strategy to access non-employment cash income; and
2.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase non-employment cash income.

(limit 2,500 characters)

1) The CoC employs a comprehensive strategy to increase access to non-employment cash income through consistent and constructive collaboration with agencies that provide mainstream benefits. The CoC partners with the Puerto Rico Department of Family (PRDF), serving as the Collaborative Applicant, to facilitate access to nutritional and economic assistance programs. Additionally, collaboration with the Veterans Benefits Administration has been initiated to provide guidance and access to benefits for participants who are veterans. The CoC continually collaborates with various state and federal agencies to expand access to non-cash benefits, thereby enhancing the overall support provided to participants.

To ensure timely access to essential benefits, the Coordinated Entry System (CES) has implemented a strategy for directly referring participants to mainstream benefits when such needs are identified during assessment interviews. This proactive approach aims to streamline the process and improve access to financial support. The CoC is committed to evaluating the results of this referral practice to assess its effectiveness and expand it further if it leads to more timely access to benefits.

2) Provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase non-employment cash income:

Hilda Serrano from the Mental Health and Drug Addiction Administration is responsible for overseeing the CoC's strategy to increase non-employment cash income.

3B. New Projects With Rehabilitation/New Construction Costs

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
- 24 CFR part 578;
- FY 2024 CoC Application Navigational Guide;
- Section 3 Resources;
- PHA Crosswalk; and
- Frequently Asked Questions

3B-1.	Rehabilitation/New Construction Costs–New Projects.	
	NOFO Section V.B.1.r.	

Is your CoC requesting funding for any new project application requesting \$200,000 or more in funding for housing rehabilitation or new construction?	Yes
--	-----

3B-2.	Rehabilitation/New Construction Costs–New Projects.	
	NOFO Section V.B.1.r.	

If you answered yes to question 3B-1, describe in the field below actions CoC Program-funded project applicants will take to comply with:

1.	Section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u); and
2.	HUD's implementing rules at 24 CFR part 75 to provide employment and training opportunities for low- and very-low-income persons, as well as contracting and other economic opportunities for businesses that provide economic opportunities to low- and very-low-income persons.

(limit 2,500 characters)

1)The CoC has only one project that involves rehabilitation costing more than \$200,000, which is the Tu Casa project by Iniciativa Comunitaria. The project will implement strategies to comply with Section 3 of the Housing and Urban Development Act of 1968, ensuring that economic opportunities generated by federal funding reach low- and very-low-income individuals. Key actions include conducting targeted outreach to recruit low- and very-low-income individuals for employment and training opportunities related to rehabilitation. This will involve collaboration with local community organizations and workforce development agencies to identify eligible candidates.

The project will prioritize hiring low- and very-low-income individuals for positions connected to the rehabilitation work, ensuring that at least 30% of new hires are Section 3 residents. Additionally, training programs will be developed to equip low- and very-low-income individuals with the skills necessary for employment in rehabilitation. These programs may include on-the-job training, apprenticeships, and partnerships with local educational institutions.

2)To comply with HUD's rules at 24 CFR part 75, Iniciativa Comunitaria will establish procurement policies that encourage the inclusion of businesses providing economic opportunities for low- and very-low-income persons. This includes partnering with local minority- and women-owned businesses for contracts related to rehabilitation services. Workshops and informational sessions will be facilitated to educate local businesses about contracting opportunities available through Tu Casa, building capacity among low- and very-low-income businesses to compete effectively.

Mechanisms will be established to track compliance with Section 3 and 24 CFR part 75, including data collection on employment and training outcomes for low- and very-low-income individuals, as well as participation rates of eligible businesses in contracting opportunities. Through these actions, the Tu Casa project will ensure that rehabilitation efforts not only provide essential housing but also contribute to the economic empowerment of low- and very-low-income individuals and businesses in the community.

4A-2a.	Addressing Coordinated Entry Inadequacies through the New SSO-CE DV Bonus Project.	
	NOFO Section I.B.3.j.(3)(c)	

Describe in the field below:

1.	the inadequacies of your CoC's current Coordinated Entry that limits its ability to better meet the needs of survivors of domestic violence, dating violence, sexual assault, or stalking; and
2.	how the proposed project addresses inadequacies identified in element 1 of this question.

(limit 2,500 characters)

1)Puerto Rico has suffered a significant increase in domestic violence cases, leading to a state of emergency declaration by the Governor, on January 25, 2021, due to rising femicides. This highlights the need for a Dedicated Domestic Violence Coordinated Entry System (DV-CES) to serve Category 4 homeless families, as defined under the HEARTH Act. The proposed DV-CES will cater to survivors fleeing domestic violence, sexual assault, and related crimes, 30% of women living in homelessness confirmed being assaulted while living on the street. The HUD homeless count shows an increase in survivors needing housing, reinforcing the necessity for a dedicated system to provide real-time assessments, targeted services, and coordination with the broader CES. Currently survivors are served through the regular CES and the HMIS dedicated platform for DV, safeguarding privacy and safety. Nonetheless, a dedicated DV-CES will enhance integration between both platforms (HMIS & CES), creating a response system to the needs of victims, improving communication, case tracking, and referral processes.

2)The proposed Dedicated Domestic Violence Coordinated Entry System (DV-CES) will bridge the gaps identified in the mainstream CES. This DV-CES will incorporate a culturally sensitive vulnerability assessment tool, co-developed with survivors and members of the Gender Violence Committee, ensuring that survivors' unique needs are captured. Additionally, the CES has develop an APP, the "AHORA" (NOW), that will be utilized as a key technological tool to streamline real-time referrals and coordinate support services while allowing victims to connect with the CES for assessment through the alternate platform. The DV-CES will be integrated with existing CoC systems, hotlines and outreach and services information collection processes, to ensure more fluid coordination while respecting survivors' confidentiality and safety. the use of specialized Coordinated Entry systems to improve access for specific subpopulations such as DV survivors.

4A-2b.	Involving Survivors in Policy and Program Development, Operations, and Evaluation in the New SSO-CE DV Bonus Project.

| 2. | in policy and program development throughout the project's operation. |
|----|---|

(limit 2,500 characters)

1)The CoC has committed to integrating survivors into the development, operations, and evaluation of the new DV-CES. Survivors with lived expertise will be actively involved in multiple stages of the project, leveraging their experiences to shape policies and operational frameworks. The CoC in Collaboration with the CES, has establish a formal Gender Violence Committee, currently operating, composed of survivors who have received services and demonstrated leadership in peer advocacy. The Committee will meet monthly, ensuring that survivors are continuously engaged in the decision-making process and that their feedback informs programmatic changes. By including survivors, the project aligns its priorities on emphasizing the role of lived expertise in project development.

2)The CoCs Gender Violence Committee, will serve as an advisory council and a steering committee that will have a permanent seat for survivor representatives, ensuring that policies developed reflect the realities and needs of survivors. The committee presently meets quarterly and with the new DV will establish monthly meetings. This involvement will extend to ongoing evaluation processes, where survivors will participate in focus groups and roundtable discussions to review the program's effectiveness and suggest improvements. The survivor-led evaluations and their feedback will help ensure that trauma-informed practices remain central to the project, which is essential to HUD's emphasis on survivor-centered approaches in DV-specific programs.

4A-3e.	Applicant's Experience in Placing and Stabilizing Survivors in Permanent Housing Using Trauma-Informed, Survivor-Centered Approaches.	
	NOFO Section I.B.3.j.(1)(d)	

	Describe in the field below the project applicant's experience in:
1.	prioritizing placement and stabilization of survivors;
2.	placing survivors in permanent housing;
3.	placing and stabilizing survivors consistent with their preferences; and
4.	placing and stabilizing survivors consistent with their stated needs.

(limit 2,500 characters)

The organization prioritizes placing and stabilizing survivors of domestic violence using a trauma-informed, survivor-centered approach. With over 13 years of experience in outreach and harm reduction, it utilizes a specialized DV platform in CoC PR502 HMIS to assess and address survivors' needs promptly. Its Rapid Re-Housing (RRH) programs collaborate with community partners and housing agencies for swift placements, using a prioritization tool to focus on those at highest risk.

The program has significant experience placing survivors in permanent housing through partnerships with local shelters, housing providers, and victim service agencies, all following trauma-informed principles. Collaborations with Hogar Ruth, Casa Julia, and other key DV organizations enable quick transitions from emergency shelters to permanent housing. The "AHORA" app offers survivors real-time access to housing services, CES assessments, emergency shelter referrals, and direct connections to emergency support services, including the Police Specialized DV Unit. The organization also holds a cooperative agreement with the Judicial System for service referrals.

Consistent with survivors' preferences, the organization ensures survivor involvement in housing selection. The "AHORA" app allows secure communication of preferences, ensuring alignment with their safety needs. The Gender Violence Steering Committee, composed of survivor advocates, provides insights that shape trauma-informed policies and keep housing solutions survivor-driven.

The organization guarantees that housing placements address trauma and cultural needs through its Vulnerability Tool, which assesses each survivor's situation to provide tailored solutions. It also offers comprehensive support services, including case management, mental health counseling, transportation, and legal aid, ensuring stabilization. Partnerships with DV providers like Hogar Ruth ensure a cross-jurisdictional approach for optimal housing options. The hybrid model includes a hotline operating from 5 PM to 10 PM, providing critical support during peak hours to reinforce stability.

4A-3h.	Applicant's Plan for Placing and Stabilizing Survivors in Permanent Housing Using Trauma-Informed, Survivor-Centered Approaches in the New DV Bonus Housing Project(s).	
	NOFO Section I.B.3.j.(1)(e)	
	Describe in the field below how the project(s) will:	
1.	prioritize placement and stabilization of program participants;	
2.	place program participants in permanent housing;	
3.	place and stabilize program participants consistent with their preferences; and	
4.	place and stabilize program participants consistent with their stated needs.	

(limit 2,500 characters)

The project prioritizes survivor placement through a Dedicated Domestic Violence Coordinated Entry System (DV-CES) using a vulnerability assessment tool developed with the Gender Violence Committee. This tool assesses risk levels to provide immediate intervention for those at highest risk. The AHORA app offers real-time access to safe housing, while the alternate CES platform maintains confidentiality and prioritizes survivor safety. The project collaborates with regional shelters for outreach and expands trauma-informed services, such as mental health support and job training, to help survivors achieve stability.

The organization maintains strong partnerships with local housing providers and victim service organizations, like Hogar Ruth, to place survivors in permanent housing based on their needs as assessed by the DV-CES. The AHORA app and coordination with police ensure survivors quickly connect to safe, permanent housing, reducing time in unsafe environments. The project uses federal OVW funds to enhance outreach and case management, ensuring smooth transitions into permanent housing.

The organization prioritizes survivors' preferences throughout the placement process. Trauma-informed case managers work with survivors to match housing options to their safety needs and personal preferences, facilitated through secure communication on the AHORA app. The DV-CES offers culturally and emotionally appropriate housing options, with continuous support from case managers during stabilization.

The project's survivor-centered approach ensures housing placements align with survivors' stated needs, including safety, trauma history, and housing preferences. Case managers conduct regular check-ins to address evolving needs, using the vulnerability assessment tool for dynamic adjustments. The dedicated hotline and outreach team provide immediate assistance, such as transportation, food, and other necessities, to support survivor stabilization in their new housing environments.

4B. Attachments Screen For All Application Questions

We have provided the following guidance to help you successfully upload attachments and get maximum points:

1.	You must include a Document Description for each attachment you upload; if you do not, the Submission Summary screen will display a red X indicating the submission is incomplete.		
2.	You must upload an attachment for each document listed where 'Required?' is 'Yes'.		
3.	We prefer that you use PDF files, though other file types are supported—please only use zip files if necessary. Converting electronic files to PDF, rather than printing documents and scanning them, often produces higher quality images. Many systems allow you to create PDF files as a Print option. If you are unfamiliar with this process, you should consult your IT Support or search for information on Google or YouTube.		
4.	Attachments must match the questions they are associated with.		
5.	Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process.		
6.	If you cannot read the attachment, it is likely we cannot read it either.		
	. We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).		
	. We must be able to read everything you want us to consider in any attachment.		
7.	After you upload each attachment, use the Download feature to access and check the attachment to ensure it matches the required Document Type and to ensure it contains all pages you intend to include.		
8.	Only use the "Other" attachment option to meet an attachment requirement that is not otherwise listed in these detailed instructions.

REGLAMENTO SOBRE LAS POLÍTICAS DE ADMISIÓN Y OCUPACIÓN
CONTINUADA EN LOS RESIDENCIALES PÚBLICOS DEL ESTADO LIBRE
ASOCIADO DE PUERTO RICO

(iv) Personas sin Hogar

(v) Veterano

(vi) Unificación Familiar

La Administración ha adoptado preferencias, que están relacionadas con la Declaración de la Necesidad de Vivienda ("Statement of Housing Needs") del Plan Anual de la Administración. Las preferencias se conceden a las Familias que han cualificado y que, en el momento en que se les ofrece la Unidad (antes de firmar el Contrato de Arrendamiento) cumplen y cualifican con las preferencias descritas más adelante.

Si una Familia hace una declaración falsa para cualificar para una preferencia, la Administración le negará automáticamente la admisión al Programa.

El sistema de preferencias descrito más adelante trabajará en combinación con los requisitos necesarios para buscar el tipo de vivienda adecuado según las características de la Familia, incluyendo Unidades de vivienda designadas a ciertos tipos de población y meta de ingresos. La capacidad de proporcionar preferencias para algunos tipos de Familia dependerá del tamaño de la Unidad disponible.

Las preferencias de violencia doméstica o unificación Familiar tendrán prioridad de selección sobre las demás Familias sin importar el tiempo o fecha de la solicitud o preferencia.

(ii) La Administración utilizará las siguientes preferencias:

- (a) Preferencia de desplazamiento involuntario. Esta preferencia será de aplicación a Familias Desplazadas o cuando existe una sentencia de lanzamiento emitida por un tribunal solicitada por un casero privado.

Las preferencias de violencia doméstica o unificación Familiar tendrán prioridad de selección sobre las demás Familias sin importar el tiempo o fecha de la solicitud o preferencia.

(ii) La Administración utilizará las siguientes preferencias:

- (a) Preferencia de desplazamiento involuntario. Esta preferencia será de aplicación a Familias Desplazadas o cuando existe una sentencia de lanzamiento emitida por un tribunal solicitada por un casero privado.

Esta preferencia puede incluir a Familias que han sido desplazadas de sus hogares y no cuentan con otro lugar para vivir, debido a un evento de emergencia tales como fuego, desplazamiento de terreno o terremoto.

1. Para solicitar esta preferencia por razón de lanzamiento por un casero privado, el motivo de lanzamiento deberá ser a consecuencia de:

- a. Pérdida de empleo, pérdida considerable de ingresos o la renta ha sido aumentada sobre la capacidad razonable de la Familia para pagar.
- b. Divorcio
- c. Enfermedad

2. No aplicará la preferencia si la razón del lanzamiento se debe a: (1) falta de pago, (2) el casero desea recuperar su vivienda, o (3) porque el casero vendió la propiedad.

(b) Preferencia de Familia Trabajadora. Esta preferencia será concedida a Familias Trabajadoras o aquella en la cual un Miembro de la Familia este participando en un programa de adiestramiento laboral, incluyendo adiestramiento tomado como requisito para aquellas personas que están recibiendo Asistencia Temporera para Familias Necesitadas (TANF).

1. A las Familias en la cual alguno de sus Miembros Adultos mantenga un negocio propio, se les podrá

otorgar la preferencia de Familia Trabajadora siempre y cuando presente las Planillas de Contribución sobre Ingresos del Negocio, Registro de Comerciante, Certificación del CRIM por propiedad inmueble y mueble, que pueda evidenciar que sus ingresos por el negocio propio son iguales o exceden la cantidad generada al trabajar 20 horas a la semana por el salario mínimo federal establecido.

(c) Víctimas de Violencia Doméstica, Violencia de Pareja, Agresión Sexual, Hostigamiento o Persecución. Esta preferencia está disponible para los Solicitantes que pueden documentar la violencia en el hogar, violencia de pareja (“dating violence”), agresión sexual, hostigamiento, persecución o acoso, y que son o han sido víctimas de abusos serios y repetidos por un Miembro de la Familia, amigo, pareja, o por parte de otra persona no relacionada. La violencia se debe documentar a través de:

1. Forma HUD-50066 Certificación de Violencia Domestica, Violencia en Citas o Acecho completa en todas sus partes y firmada.
2. Reporte Policiaco o Récord de un tribunal de justicia, estatal o federal, o
3. Documento firmado por una persona u entidad que ofrezca servicios a víctimas de violencia doméstica,

violencia de cita, agresión sexual, acecho o acoso. El profesional que firme el documento deberá atestiguar bajo pena de perjurio (28 U.S.C. 1746) su creencia de que el incidente o incidentes en cuestión son auténticos de abuso y que la víctima de violencia doméstica, violencia en citas o asecho ha firmado y autenticado la información.

(d) Preferencia a personas sin hogar. Esta preferencia está disponible para la Familia que puede evidenciar y la Administración verificar que los Miembros de la Familia no tienen o carecen de una habitación fija para pasar la noche o que su vivienda nocturna es una de las siguientes:

1. Un refugio público o privado supervisado y diseñado para proporcionar un refugio de vivienda temporero, (esto incluye refugios proporcionados por el Departamento de la Familia a jóvenes en el Programa de Vida Independiente, los refugios múltiples y los refugios de transición);
2. Un lugar público o privado no diseñado o regularmente utilizado para dormir o pasar la noche.
3. No cualifican las personas que viven con Familias actuales de la Administración, o que viven con los Familias en otros programas de vivienda federal como

Miembros autorizados o no-autorizados de la Unidad, o
que viven con Familias en el mercado privado.

4. La Familia deberá presentar un certificado de carencia de vivienda. Este documento será provisto por la Administración y completado por la Familia y por uno de los siguientes:

- a. una entidad pública o privada que brinda refugio o servicios a individuos sin hogar;
- b. la policía local, incluyendo informe de investigación de la policía.
- c. una agencia de servicio social certificando la condición de persona sin hogar de acuerdo a los reglamentos aplicables.

5. Esta preferencia también aplica a una Familia cuya vida corre peligro en el sector donde vive y el Tribunal o las Agencias de Seguridad Pública Estatal o Federal, requiere tal protección. Estos casos deben presentar una certificación emitida por el Tribunal o Agencia de Seguridad Estatal o Federal que certifique su necesidad de vivienda y la Certificación de Carencia de Vivienda, firmada por un funcionario de la agencia u entidad que refiere a la Familia.

- (e) Veteranos de guerra. La preferencia para veteranos de guerra es concedida a Solicitantes que pueden evidenciar y la Administración puede comprobar que son veteranos. El Solicitante debe presentar el documento de descargo (Forma 214) o identificación de veteranos emitida por el Departamento de Asuntos del Veterano.
- (f) Preferencia por Unificación Familiar. Preferencia que se otorga a una persona que ostenta la custodia legal de un Menor, que están involuntariamente separado del Menor por orden del Tribunal o por recomendación del Departamento de la Familia y que nuevamente se ordena por dichas entidades la reunificación del Menor con la persona que ostenta la custodia legal. La Administración requerirá la evidencia expedida por el tribunal y el Departamento de la Familia para conceder la preferencia y procesar la solicitud de vivienda conforme a las reglas aplicables. Debe presentar evidencia de que se encuentran cumpliendo con el plan de servicio diseñado para que los menores retornen al hogar.

8.2.3. Organización de la Lista de espera

La Lista de espera incluirá la siguiente información por cada Solicitante:

- (i) Nombre y número del Seguro Social del Jefe de Familia
- (ii) Tamaño de la Unidad requerida según el número de Miembros de la Familia

Section IV. Admission Standards

Applicants must meet basic eligibility requirements listed below at the time of selection from the Waiting List; otherwise, the Applicant shall be determined ineligible and removed from the list. Applicants determined ineligible shall be entitled to an informal review of their file if they request such review as described in this Administrative Plan.

A. Eligibility Criteria

1. Income Eligibility:

A Family is eligible for assistance under the Housing Choice Voucher Program if, at the time they receive assistance, the Family meets one of the standards listed below:

- a. Has been continuously assisted under the 1937 Housing Act if the family is already receiving assistance or was receiving assistance in the past six months under any 1937 Housing Act program at the time of application.
- b. Qualifies as a Very Low-Income Family (including Extremely Low-Income) under HUD'S approved Income Limits; and

- c. Qualifies as a Lower Income Family (other than Very Low-Income) and is displaced by Development activities assisted under section 17 of the 1937 Housing Act (**42 U.S.C.**);
- d. Qualifies as a Low-Income Family and is elderly, disabled, homeless, living in substandard or overcrowded housing, or is severely rent burdened (paying 50% or more of household income towards rent)

Applicants added to the HCV Waiting List will be selected in the following order, unless advertised according to non-preference, so long as available funding permits re-issuance of turnover vouchers. Verifications of preferences shall be obtained as described in the **Procedure on Verification of Information**. PRPHA reserves the right to select applicants from its waiting list based on a percentage share of preference and non-preference admissions:

1. Families involuntarily displaced from their current housing due to governmental action or federally designated natural disaster. This preference includes families whose housing assistance provided by Federal Emergency Management Agency (FEMA) is ending. Families qualifying for this preference shall have first priority over all other Families applying for housing. *A family that has been evicted or displaced for nonpayment of the rent may not be considered as involuntarily displaced and may not be eligible for the program.*
 - a. Governmental Action is defined as: Subject to (1) Federal, state or local government action related to code enforcement, public improvement or development; or (2) because of conversion of the applicant's housing unit to non-rental or non-residential use, due to ending of Federal aid; or (3) closure of the unit for rehabilitation or other government use. Also due to HUD disposition of a multifamily project under Section 203 of the Housing and Community Development Amendments of 1978.
 - b. Natural Disaster is defined as: A family that has been involuntarily displaced due to a natural disaster. *Involuntary displacement* is defined as being required to vacate the housing unit as a result of a natural disaster that has caused the unit to be uninhabitable. A *natural disaster* is defined as an event or force of nature that has catastrophic consequences, such as avalanche, earthquake, flood, fire, hurricane, lightning, tornado, or tsunami. Homes destroyed by fire not caused by a natural disaster do not qualify for this preference. Affected families must be certified by the Federal Emergency Management Agency (FEMA), the Puerto Rico Emergency Management Agency by a federal declaration of State of Emergency, or by a declaration of Emergency by the Governor of Puerto Rico prior to qualifying for this preference category.
 - c. Qualifying families must meet all other program eligibility requirements prior to being admitted to the program.
2. Families referred by Federal or local law enforcement agencies who have been a witness to a crime or have provided information on criminal activities to a law enforcement agency and recommends re-housing the family to avoid or reduce risk of violence against the family.
 - i. The family must be part of the Witness Protection Program or similar program. They must certify to this PHA that they are receiving services and establish the needs of re-housing to avoid the risk of violence against the family. A Judicial Order is not enough to qualify for this preference.
 - ii. At the request, the family cannot be receiving other federal housing assistance or similar program.
3. Families with a disabled member at least 18 years old and less than 62 years old who are:
 - a. Transitioning out of institutional and other segregated settings; or

- b. At serious risk of institutionalization; or
 - c. Previously experienced homelessness and currently a client in a permanent supportive housing or rapid rehousing project.
4. In response to a written request to the applicant from PRPHA, the victims of domestic violence, dating violence, sexual assault, or stalking occurred and meets the definition of "domestic violence," "dating violence," "sexual assault," or "stalking" in HUD regulations at 24 CFR §5.2003 will submit any one of the following forms of documentation:
- a. The HUD Form 5382, *Certification of Domestic Violence, Dating Violence, Sexual Assault, or Stalking, and Alternate Documentation*.
 - b. A document signed by an employee, agent, or volunteer of a victim service provider, an attorney, or medical professional, or a mental health professional (collectively, "professional") from whom the victim has sought assistance relating to domestic violence, dating violence, sexual assault, or stalking, or the effects of abuse; signed by the applicant and specifies, under penalty of perjury, that the professional believes in the occurrence of the incident of domestic violence, dating violence, sexual assault, or stalking that is the ground for protection and remedies under this subpart, and that the incident meets the applicable definition of domestic violence, dating violence, sexual assault, or stalking under [§ 5.2003](#); or
 - c. A record of a Federal, State, tribal, territorial or local law enforcement agency, court, or administrative agency; or
 - d. At the discretion of a covered housing provider, a statement or other evidence provided by the applicant or tenant.
5. Applicants that do not meet any Admissions Preferences will be consider non-preference applicants.
6. Within each group, applicants will be processed in date and time order.
7. A family that has been evict or displace for nonpayment of the rent may not be consider as involuntarily displaced and may not be eligible for the program.

Applicants applying for or qualifying for a specific category of special use vouchers (e.g. Veterans Administration Supportive Housing [VASH] or Family Unification Program [FUP], or Mainstream or Homeownership) may be selected ahead of higher placed Applicants on the HCV Waiting List that do not qualify for the targeting funding.

The final determination of eligibility is made when the Applicants are select from the HCV Waiting List and the Applicants income and Family composition is verified.

1. Documentation to Determine Eligibility: All adult members of Applicant families are required to sign HUD's Form 9886, [Authorization to Release Information Privacy Act Notice](#) and disclose the social security number and card for each Family member. If a social security number has never been issued for a Family member, the member must obtain a social security number. The parent or guardian of a child or disabled adult must sign a certification statement for each person.

RE: FY 2024 Continuum of Care (CoC), Lived Experience Support Letter

Dear Ms. Hill:

This letter serves as our written support to the Continuum of Care (CoC) PR 502 application for the FY 2024 Continuum of Care (CoC) Program, FR-6800-N-25.

As the leader of the Homeless Committee, established by the Governance Charter of the CoC, I hereby certify that the committee, composed of me and other five (5) members of persons who have experienced homelessness, has participated in the planning and drafting process of the proposal and the development of the evaluation tools of projects for the competition, and that we support the outlined priorities for serving individuals and families experiencing homelessness with severe service needs in the CoC's geographic area.

Sincerely,

A handwritten signature in blue ink that reads 'Carmen Romero'. The signature is written in a cursive, flowing style.

Su puntuación: 174

Puntuación máxima pote 180

La puntuación se calcula otorgando 1 punto a los estándares respondidos "a veces" y 2 puntos a los estándares respondidos "siempre". Las categorías que no son aplicables a su proyecto no se incluyen en la puntuación máxima potencial.

Para cada estándar, utilice las casillas desplegables (drop down) de las tres columnas de la derecha para seleccionar "En lo absoluto", "A veces" o "Siempre". Marcar "Siempre" significa el cumplimiento total del estándar.

No.	Estándar	Definición de acceso / Evidencia	Dígallo	Documéntelo	Hágalo
Access 1	Los proyectos tienen pocas barreras	La admisión a los proyectos no está supeditada a requisitos previos como la abstinencia de sustancias, requisitos de ingresos mínimos, historial de salud o de salud mental, adherencia a la medicación, edad, historial de antecedentes penales, historial financiero, finalización del tratamiento, participación en servicios, "preparación para la vivienda/housing readiness", historial u ocurrencia de victimización, sobreviviente de una agresión sexual o una persona afiliada a dicho sobreviviente u otras condiciones innecesarias, a menos que lo exija la ley o la fuente de financiación. <i>Notas opcionales aquí</i>	Siempre	Siempre	Siempre
Access 2	Los proyectos no deniegan la asistencia por razones innecesarias	Los procedimientos y la supervisión demuestran que el personal hace todo lo posible para evitar la denegación de asistencia o el rechazo de una persona o familia por los motivos enumerados en Estándar de Acceso #1. <i>Notas opcionales aquí</i>	Siempre	Siempre	Siempre
Access 3	Acceso independientemente de la orientación sexual, la identidad de género o el estado civil	La igualdad de acceso se proporciona de acuerdo con las Reglas de Igualdad de Acceso de 2012 y 2016, lo que significa que cualquier proyecto financiado por HUD debe garantizar la igualdad de acceso para las personas independientemente de su orientación sexual o estado civil, y de acuerdo con su identidad de género. Los hogares formados únicamente por adultos, independientemente de su estado civil, deben tener igualdad de acceso a los proyectos (si estos tipos de proyectos no están disponibles dentro de un CoC, el CoC debe realizar una evaluación para determinar si estos tipos de proyectos son necesarios y trabajar con los proveedores para acomodar la necesidad). Consulte las normas de Igualdad de Acceso aquí: https://www.hudexchange.info/resource/1991/equal-access-to-housing-final-rule/ <i>Notas opcionales aquí</i>	Siempre	Siempre	Siempre
Access 4	El proceso de admisión se acelera con rapidez y eficiencia	Los proyectos tienen procesos de admisión acelerados, en la medida en que sea posible, lo que incluye ayudar a los participantes a obtener la documentación requerida por las fuentes de financiación, así como procesos para admitir a los participantes independientemente del estado de su documentación de elegibilidad, en los casos en que sea aplicable. <i>Notas opcionales aquí</i>	Siempre	Siempre	Siempre
Access 5	Los procesos de admisión están centrados en la persona y son flexibles	Los procedimientos de admisión y evaluación se centran en las fortalezas, necesidades y preferencias de la persona o la familia. Los proyectos no exigen horarios específicos, sino que tienen horarios de admisión flexibles que garantizan el acceso a todos los núcleos familiares. Las evaluaciones se centran en la identificación de las fortalezas del núcleo familiar, los recursos, así como la identificación de las barreras a la vivienda que puede nutrir de información a la base de un plan de vivienda tan pronto como una persona se inscribe en el proyecto. <i>Notas opcionales aquí</i>	Siempre	Siempre	Siempre
Access 6	El proveedor/proyecto acepta y hace referidos directamente a través de Entrada Coordinada	Los proyectos participan activamente en los procesos de entrada coordinada designados por el CoC como parte del sistema de clasificación (triage) y acceso simplificado en toda la comunidad. Si estos procesos aún no están implementados, los proyectos deberán aplicar los procesos de referido existentes en las comunidades. Los referidos de la Entrada Coordinada rara vez se rechazan, y sólo si hay un historial de violencia, el participante no quiere estar en el proyecto, hay motivos legalmente válidos (como restricciones relativas a los delincuentes sexuales) o alguna otra circunstancia excepcional que esté bien documentada. <i>Notas opcionales aquí</i>	Siempre	Siempre	Siempre
Access 7	Se evitan los regresos al sinhogarismo	Los proyectos que ya no pueden prestar servicios a determinados núcleos familiares utilizan el proceso de entrada coordinada, o los procesos de referido existentes en las comunidades si los procesos de entrada coordinada aún no se han implementado, para garantizar que esas personas y familias tengan acceso a otras viviendas y servicios según lo deseen, y no se desconecten de los servicios y la vivienda. Los núcleos familiares se topan con estas salidas en determinadas circunstancias, como por ejemplo si demuestran comportamientos violentos o de acoso, que se describen en las políticas de adherencia a la normativa de las agencias. <i>Notas opcionales aquí</i>	Siempre	Siempre	Siempre
Name	Definición de las aportaciones de los participantes / Evidencia		Dígallo	Documéntelo	Hágalo
Participant Input 1	La educación de los participantes está en proceso	Los participantes del proyecto reciben formación continua sobre los principios de Housing First, así como sobre otros modelos de servicio utilizados en el proyecto. Al principio y a lo largo del arrendamiento, los participantes son informados de todos sus derechos y responsabilidades como titulares del contrato, incluyendo las posibles causas de desahucio. <i>Notas opcionales aquí</i>	Siempre	Siempre	Siempre
Participant Input 2	Los proyectos crean oportunidades regulares y formales para que los participantes hagan sus aportaciones	Se agradecen las aportaciones (input) sobre las políticas, procesos, procedimientos y prácticas del proyecto. Las oportunidades incluyen la participación en: procesos de garantía de calidad y evaluación, un consejo de liderazgo/asesoramiento de los participantes, procesos para comunicarse formalmente con los propietarios, el diseño y la participación en encuestas y grupos focales, la planificación de reuniones sociales, la integración de especialistas de pares y grupos de apoyo facilitados por pares para complementar los servicios profesionales. <i>Notas opcionales aquí</i>	Siempre	Siempre	Siempre

Para cada estándar, utilice las casillas desplegables (drop down) de las tres columnas de la derecha para seleccionar "En lo absoluto", "A veces" o "Siempre". Marcar "Siempre" significa el cumplimiento total del estándar.

	Estándar	Definición de arrendamiento y ocupación / Evidencias	Dívalo	Docúmentelo	Hágalo
Leases 1	La vivienda se considera permanente (no aplica a las viviendas transitorias)	Las viviendas no tienen límite de tiempo (aunque las asistencias de alquiler sí) y los contratos de alquiler se renuevan automáticamente a su vencimiento, salvo aviso previo de cualquiera de las partes. <i>Se realiza un avalúo de caso y de plan de servicio individualizado de participante. Se consulta con arrendador su interés de firmar una extensión de contrato.</i>	En lo absoluto	En lo absoluto	En lo absoluto
Leases 2	La elección de los participantes es fundamental	Un participante tiene, como mínimo, opciones para decidir la ubicación y el tipo de vivienda en función de sus preferencias entre una gama de tipos de vivienda y entre múltiples unidades, según la disponibilidad y la practicidad. En los entornos basados en proyectos, se debe ofrecer a los participantes la posibilidad de elegir unidades dentro de un edificio en particular, o dentro de la cartera de propiedades de un solo sitio. En los proyectos que utilizan viviendas compartidas, es decir, viviendas con compañeros no emparentados ("roommates"), se debe ofrecer a los participantes la posibilidad de elegir compañeros, siempre que esté disponible y sea práctico. Además, cuando sea posible, los participantes podrán elegir a sus compañeros de habitación cuando compartan una habitación o unidad. <i>Notas opcionales aquí</i>	Siempre	Siempre	Siempre
Leases 3	Los contratos de arrendamiento son los mismos para los participantes que para los demás inquilinos	Los contratos de arrendamiento no tienen disposiciones que no se encuentren en los contratos de cualquier otro inquilino de la propiedad o del edificio y son renovables a elección de los participantes y del propietario. Las personas sin hogar que reciben ayuda para trasladarse a una vivienda permanente deben tener contratos de arrendamiento que les confieran todos los derechos, responsabilidades y protecciones legales previstos en las leyes federales, estatales y locales en materia de vivienda. En el caso de las viviendas transitorias, puede haber limitaciones en cuanto a la duración de la estancia, pero el contrato de alquiler/ocupación debe parecerse al que tendría una persona en el mercado de alquiler normal. <i>Notas opcionales aquí</i>	Siempre	Siempre	Siempre
Leases 4	Los participantes reciben información sobre las condiciones de su contrato de alquiler u ocupación	Los participantes también tienen acceso a asistencia legal y se les anima a ejercer todos sus derechos y responsabilidades legales. Los propietarios y proveedores se atienen a sus funciones y responsabilidades legalmente definidas. <i>Notas opcionales aquí</i>	Siempre	Siempre	Siempre
Leases 5	Se utilizan medidas para evitar el desahucio	La administración de la propiedad o del edificio, con el apoyo de los servicios, incorpora una cultura para evitar los desalojos, reforzada mediante prácticas y políticas que evitan las violaciones del contrato de arrendamiento y los desahucios entre los participantes, y desalojan a los participantes sólo cuando son una amenaza para sí mismos o para otros. Se proporcionan procesos claros de apelación de desalojos y el debido proceso para todos los participantes. Se permite la bifurcación del contrato de arrendamiento para que un inquilino u ocupante legítimo que sea víctima de un acto criminal de violencia física cometido contra él por otro inquilino u ocupante legítimo no sea desalojado, expulsado o penalizado si el otro es desalojado. <i>Notas opcionales aquí</i>	Siempre	Siempre	Siempre
Leases 6	Proveer una vivienda estable es una prioridad	Los proveedores se comprometen a realizar un esfuerzo continuado para mantener el alojamiento de los participantes, incluso si abandonan su vivienda durante periodos cortos debido a un tratamiento, una enfermedad o cualquier otra estancia temporal fuera de la unidad. <i>Notas opcionales aquí</i>	Siempre	Siempre	Siempre
Leases 7	Las políticas de pago del alquiler responden a las necesidades de los inquilinos (según apliquen)	Aunque los inquilinos son responsables del contrato de alquiler, se pueden necesitar ajustes caso a caso. Según sea necesario, los participantes reciben arreglos especiales de pago para los atrasos en el alquiler y/o ayuda con la gestión financiera, incluyendo los arreglos con el representante del acreedor. <i>Notas opcionales aquí</i>	Siempre	Siempre	Siempre

Para cada estándar, utilice las casillas desplegables (drop down) de las tres columnas de la derecha para seleccionar "En lo absoluto", "A veces" o "Siempre". Marcar "Siempre" significa el cumplimiento total del estándar.

**INSTRUMENTO DE PRIORIZACIÓN DE PROYECTOS
AÑO FISCAL 2024 RENOVACIÓN DE PROYECTOS
Basado en el instrumento de evaluación de HUD Versión 7.2
13 DE AGOSTO DE 2024**

As part of the Continuum of Care Competition (COC) 2024, the United States Department of Housing and Urban Development (HUD) will evaluate the existence of a coordinated, inclusive, and outcome-oriented community process for the solicitation, objective review, ranking, and selection of project applications under the Program, and a process by which renewal projects are reviewed for performance and compliance with 24 CFR part 578. In order to clearly demonstrate compliance with these criteria, the following project performance and compliance review instrument has been established, based on the *Project Rating and Ranking Tool Version 7.2*, published by HUD. For purposes of the evaluation the CoC will use information from: the APR and HMIS reports, the organization's Single Audit or financial statements findings, the results of any monitoring conducted by HUD or the CoC, and the application submitted by projects, among other sources of information requested to the projects. **For purposes of the assigned score, the latest APR submitted to HUD will be considered.**

Como parte de la competencia de fondos de Continuo de Cuidado (CoC, por sus siglas en inglés) del 2024, el Departamento de Vivienda y Desarrollo Urbano de los Estados Unidos (HUD, por sus siglas en inglés) evaluará la existencia de un proceso comunitario coordinado, inclusivo y orientado a los resultados para la solicitud y la revisión, priorización y selección objetivas de solicitudes de proyectos bajo el Programa, así como un proceso mediante el cual se revisen los proyectos de renovación en términos del desempeño y cumplimiento con el Título 24 del CFR, parte 578. Con el fin de demostrar claramente el cumplimiento de estos criterios, se ha establecido el siguiente instrumento de evaluación del desempeño y cumplimiento de los proyectos, basado en *Project Ranking Tool Version 7.2*, publicado por el HUD. Para fines de dicha evaluación, se utilizarán referencias obtenidas de los informes de APR y HMIS, los hallazgos de la Auditoría Única o de Estados Financieros de la organización, los resultados de cualquier monitoria realizado por el HUD o el CoC, así como la propuesta sometida por los proyectos y otras fuentes de información solicitadas. **Para fines de la puntuación asignada, se considerará el último APR sometido a HUD.**

Instructions: The members of the Evaluation Committee must read each of the proposals and assign a score based on the criteria and definitions included below. The Committee will evaluate the criteria according to a 5-point scale. A lower score may be assigned at the discretion of the Evaluation Committee. Regarding the threshold requirements as they appear in the notes column, failure to meet at least one of them will be sufficient grounds to reject the proposal. That is, for the proposal to be considered in the competition, the project must meet all threshold requirements.

Instrucciones: Los miembros del Comité de Evaluación deben leer cada una de las propuestas y otorgar una puntuación basada en los criterios y definiciones incluidas a continuación. El Comité evaluará los criterios de acuerdo con una escala de 5 puntos. Se podrá otorgar una puntuación más baja a consideración del Comité de Evaluación. En cuanto a los requisitos de umbral tal como aparecen en la columna de anotaciones, el incumplimiento con al menos uno de ellos será motivo suficiente para rechazar la propuesta. Es decir, para que la propuesta sea considerada en la competencia, el proyecto debe cumplir con todos los requisitos de umbral.

Estimada señora Beard:

Saludos cordiales. Se le notifica que el Comité Evaluador de Propuestas del CoC PR-502 evaluó su propuesta para el proyecto de renovación "**Hogar del Buen Pastor - TH**", en cumplimiento con el *Notice of Funding Opportunity* (NOFO) FY 2024 and FY2025 Continuum of Care (CoC) Competition and Renewal or Replacement of Youth Homeless Demonstration Program Grants (FR-6800-N-25). De acuerdo con la evaluación del Comité, el CoC determinó en reunión de Pleno, llevada a cabo el 9 de octubre de 2024, que su proyecto fuera **rechazado** por la siguiente razón:

El proyecto no cumplió con el porcentaje de ocupación de camas requerido por el CoC durante los últimos dos (2) años consecutivos.

De no estar de acuerdo con la decisión, la entidad tendrá el derecho de apelar, según se dispone en el "*NOFO*" FY 2024 and FY 2025 Continuum of Care (CoC) Competition, página 120.

De necesitar más información, pueden comunicarse con la que subscribe al teléfono (787)-294-4900, ext. 1181 o mediante el correo electrónico llamboy@familia.pr.gov o mpagan@familia.pr.gov.

- 2) Because people have multiple stays in shelter over the course of a year and stay in different household configurations, a single person can be counted in more than one household type. Therefore, the sum of the number of people by household type may be greater than the unique count of people.
- 3) Total Sheltered count only includes those served in HMIS participating projects reported by your CoC.
- 4) For CoCs that experienced mergers during any of these reporting periods, historical data will include only the original CoCs.

2024 HDX Competition Report

2024 Competition Report - SPM Data
PR-502 - Puerto Rico Balance of Commonwealth CoC
FY 2023 Reporting Year: 10/1/2022 - 9/30/2023

Measure 1: Length of Time Persons Remain Homeless

This measures the number of clients active in the report date range across ES, SH (Metric 1.1) and then ES, SH and TH (Metric 1.2) along with their average and median length of time homeless. This includes time homeless during the report date range as well as prior to the report start date, going back no further than the look back stop date or client's date of birth, whichever is later.

Metric 1.1: Change in the average and median length of time persons are homeless in ES and SH projects.

Metric 1.2: Change in the average and median length of time persons are homeless in ES, SH, and TH projects.

a. This measure is of the client's entry, exit, and bed night dates strictly as entered in the HMIS system.

Metric	Universe (Persons)	Average		Median	
		Homeless (bed nights)	LOT	Homeless (bed nights)	LOT
1.1 Persons in ES-EE, ES-NbN, and SH	472	102.0		51.0	
1.2 Persons in ES-EE, ES-NbN, SH, and TH	856	148.7		86.5	

2024 Competition Report - SPM Data
PR-502 - Puerto Rico Balance of Commonwealth CoC
FY 2023 Reporting Year: 10/1/2022 - 9/30/2023

b. This measure is based on data element 3.917

This measure includes data from each client's Living Situation (Data Standards element 3.917) response as well as time spent in permanent housing projects between Project Start and Housing Move-In. This information is added to the client's entry date, effectively extending the client's entry date backward in time. This "adjusted entry date" is then used in the calculations just as if it were the client's actual entry date.

Metric	Universe (Persons)	Average LOT Homeless (bed nights)	Median LOT Homeless (bed nights)
1.1 Persons in ES-EE, ES-NbN, SH, and PH (prior to "housing move in")	702	668.1	303.5
1.2 Persons in ES-EE, ES-NbN, SH, TH, and PH (prior to "housing move in")	1,083	673.7	326.0

Measure 5: Number of Persons who Become Homeless for the First Time

This measures the number of people entering the homeless system through ES, SH, or TH (Metric 5.1) or ES, SH, TH, or PH (Metric 5.2) and determines whether they have any prior enrollments in the HMIS over the past two years. Those with no prior enrollments are considered to be experiencing homelessness for the first time.

Metric 5.1 – Change in the number of persons entering ES, SH, and TH projects with no prior enrollments in HMIS

Metric	Value
Universe: Person with entries into ES-EE, ES-NbN, SH or TH during the reporting period.	678
Of persons above, count those who were in ES-EE, ES-NbN, SH, TH or any PH within 24 months prior to their entry during the reporting year.	189
Of persons above, count those who did not have entries in ES-EE, ES-NbN, SH, TH or PH in the previous 24 months. (i.e. Number of persons experiencing homelessness for the first time)	489
