M.E. Steward is a creative author and visual storyteller behind the Madykazoo and Me series, a collection designed to help readers of all ages and nationalities learn about—and become stewards of—the seven continents, their natural land formations, food sources, and wildlife inhabitants. Rather than telling stories through traditional text, the author uses visual clues, symbolic details, and layered imagery to invite each viewer into their own unique adventure. This approach to visual storytelling encourages curiosity, independent discovery, and a deeper connection to the world we share.
