CHC43015 Certificate IV in Ageing Support

Learn practical caring skills at the

AIAS School of Aged & Community Care

Working in individual support and aged community care services can be an **incredibly rewarding** work experience and with this qualification you will be sought after within the industry.

Job opportunities are high and employment for aged and disability carers is expected to grow strongly over the next five years.

CHC43015 | CRICOS: 098081F

Certificate IV in Ageing Support

This qualification readies students for the role of support workers who complete specialised tasks and functions in aged services; either in residential, home or community based environments. Students learn how to take responsibility for their own actions within defined organisation guidelines and maintain quality service delivery through the development, facilitation and review of individualised service planning and delivery.

This qualification provides skills and knowledge for an individual to work primarily in residential care facilities and disability support centres under direct or regular supervision within clearly defined organisation guidelines and service plans.

Pathways & Further Study

The recommended pathway to this qualification is completion of CHC33015 Certificate III in Individual Support. Candidates may progress to higher level qualifications within and/or across the community sector. After successful completion of the program the student may gain employment in aged care services, disability support centre, residential group homes, training resource centres, day respite centres and open employment services, other community settings and clients' homes.

Course Requirements

To be awarded a Certificate IV in Ageing Support, competency must be achieved in eighteen (18) units of competency. To achieve this qualification, the candidate must have completed at least 120 hours of work as detailed in the Assessment Requirements of the units of competency.

Course Overview

Good to know
