

Quick Start Guide

C1 Ultimate Cube

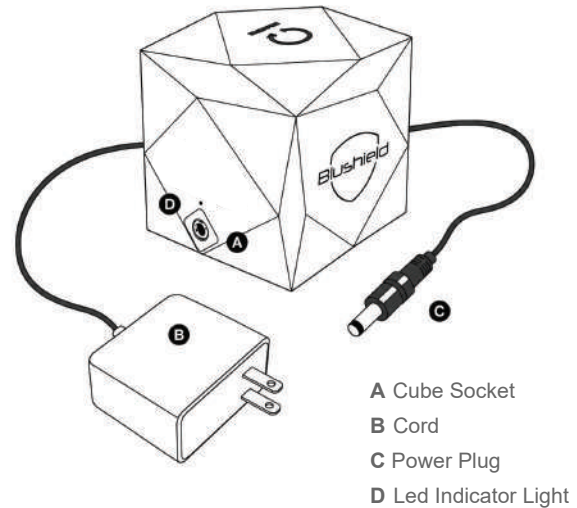

C1 Ultimate Cube

Compatibility

AIRPLANE SAFE
MOBILE SAFE
5G SAFE
Wi-Fi SAFE
AUTOMOBILE SAFE

Getting Started

Using the included power supply, select a suitable place to plug in the C1. Preferably plug the C1 in a central area within your home or office. Only use the included power supply as other third party power supplies may be the wrong voltage or polarity, potentially damaging the C1 beyond repair. Using incorrect power supplies will void the warranty.

Once the power plug is inserted you will observe the LED indicator light up blue.

Important Instructions

- DO NOT place the Cube in damp areas or bathrooms as there may be a risk of electric shock
- DO NOT use force to insert the power plug into the socket
- DO NOT attempt to modify or open the case, this will void warranty and you may risk electric shock
- DO NOT try to charge the unit as it does not contain any battery
- DO NOT place the C1 on an unstable surface

Place out of reach of young children, keep the power cord tucked away to avoid children pulling on it or household pets from chewing on the wire. There is a risk of electric shock if the cord is broken.

C1 Ultimate Cube

What the B1 Does Not Do

- C1 DOES NOT interfere with wireless devices
- C1 DOES NOT block any mobile phone or Wi-Fi signals
- C1 DOES NOT interfere with pacemaker use
- C1 DOES NOT cause electronic devices to stop working

Warranty

The C1 is strictly for interior use only. It carries a warranty for a period of one year. This covers factory defects or faults. The warranty does not cover misuse, modification, neglect (water damage) or opening of the case. The warranty does not cover wear and tear on the power plug cord.

If a claim is made all postage costs are to be covered by the customer. A Blushield distributor will decide whether to repair or replace the product depending upon the fault.

CAUTION RISK OF ELECTRIC SHOCK: For interior use only. Do not use in damp or humid areas.
