

Quick Start Guide

Phi Series Phi2
5G Protection

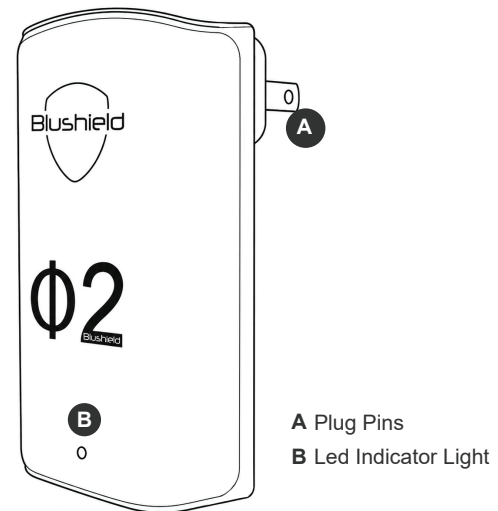

Phi 2

Phi Series | 5G Protection

Compatibility

WIRELESS DEVICES SAFE
MOBILE SAFE
PACEMAKER
Wi-Fi SAFE
ELECTRONIC DEVICES SAFE

Getting Started

Using the included power supply, select a suitable wall outlet for the Phi 2. Preferably plug the Phi 2 into a dedicated power outlet in a central area of your home or office. Once connected, the LED indicator light will illuminate, confirming the device is operating correctly.

Select a suitable place to plug in the Phi 2. Preferably plug the Phi 2 into a dedicated power socket in a central area within your home or office.

The Phi Series Plug-In Phi 2 protects people within a 45 metre radius from the point of installation and is suitable for general use.

Important Instructions

- DO NOT place the Phi 2 in damp areas or bathrooms as there may be a risk of electric shock.
- DO NOT use force to insert the plug into the socket.
- DO NOT attempt to modify or open the case. This will void the warranty and may result in electric shock.
- Keep out of reach of young children.
- Indoor use only.

What the Phi 2 Does Not Do

- Phi 2 DOES NOT interfere with wireless devices.
- Phi 2 DOES NOT block mobile phone or Wi-Fi signals.
- Phi 2 DOES NOT interfere with pacemaker use.
- Phi 2 DOES NOT cause electronic devices to stop working.
- Phi 2 DOES NOT remove or modify EMF.
- EMF meter readings will not change after installation.

Adjustment Period

Some people report that within the initial first few days after installing the Phi 2 they feel low in energy or tired. This is a harmless transient condition and will pass. This is the body adapting to a new environment. Persist with this until it passes. Older persons who have poor health may take longer to adapt.

Warranty

The Phi 2 is strictly for interior use only and carries a one-year warranty. This covers factory defects or faults. The warranty does not cover misuse, modification, neglect, water damage, scratches, opening the case, wear on the plug, or damage to the plug.

If a claim is made, postage costs are to be covered by the customer. A Blushield distributor will determine whether the product will be repaired or replaced.

CAUTION RISK OF ELECTRIC SHOCK: For interior use only. Do not use in damp or humid areas.
