WealthGuard is a single premium, long-term contract product designed to give you the opportunity to grow your account value at a guaranteed rate of return over a set period of time without exposure to the markets and fluctuations to interest rates.

We issue this rate sheet to show rates for each term that we offer on WealthGuard. These rates are set by Prudential and are current as of the effective date listed above. Rates provided are guaranteed for the full term elected.

After the end of the term, the Account Value will automatically renew into a 1-Year Term. Surrender Charges and (Market Value Adjustment) MVA do not apply to the 1-Year Term.

Renewal rates are impacted by changes in various economic factors and may be higher or lower than the initial rates. Both the Initial Guaranteed Rate and subsequent renewal rates will never be less than the Guaranteed Minimum Interest Rate, which is set at issue and applies for the life of the contract. Please speak with your financial professional for more information. Rates are subject to change at any time.

Please note, your specific broker-dealer guidelines may differ from the product specifications listed. For details on product availability, please contact your financial advisor.
