4. Eligibility to Participate

4.1 Admission:

- Natural persons resident in Switzerland or Swiss citizens.
- Minimum height: 1.20 m
- No license is required in any category to take part in qualifying.
- For Races 1, 2, 3 and 4, an **IT ESPORT SIM Racing annual license** from Auto Sport Schweiz (ASS) is mandatory (cost of the annual license: CHF 25.-). The annual license must be applied for before the first race. Admission to the races is granted only with a valid annual license.

The ASS SIM Racing annual license application is available at:

https://motorsport.ch/dokumente/dateien/2026_SIM-Racing_Lizenzgesuch_Demande-de-licence.pdf

- No license is required in the OPEN category.
- Center-managers and executives/managing directors of participating Race-Centers are excluded from participation. What matters is the function actually performed, not the designation.

4.2 Requirements by category:

Category	Age (reference date 15.11.2026)	Qualifying required	License required (ASS) Races 1-4
PRO	from 18	Yes	Yes
Juniors	12-17	Yes	Yes
Ladies	from 18	Yes	Yes
Ü50	from 50	Yes	Yes
OPEN	from 16	Yes	No

4.3 Racing License System Rules:

Important Note:

The license confirms that the driver has a basic knowledge of the motorsport rules and has read and understood the applicable regulations. The driver conducts themselves in a sporting and professional manner. In case of disagreements, the official jury may be contacted, which handles all correctly submitted matters impartially and objectively. With the racing license, every driver thus gains access to an established organization with clear regulations and reliable sporting jurisdiction. It is therefore important to renew the license annually, as is customary in real motorsport. This helps co-finance the organization, running, and training and continuing education of the officials.

5. Format and Schedule

5.1 Calendar 2026:

Event	Date	Track	Location
Qualifying	01.07.- 03.10.2026	SSRS Quali-Track	Race-Centers

5.2 Registration for the Championship:

- Free entry and registration **prior to participating in qualifying** is mandatory via the driver portal <https://my.racingfuel-simulators.com/login>
 - Last name, first name (observe correct upper and lower case), do not use umlauts (ä, ö and ü), but rather ae, oe and ue
 - Email address
 - Applicant (e.g.: team name/, Ecurie, Race-Center, etc.)
 - The name used at registration must match the registered name for all sessions at the Race-Centers. In case of discrepancies, times will NOT be recorded and are invalid.
 - Category selection:
 - PRO, Juniors, Ladies, Ü50 and OPEN (requirement, see point 4.2)
 - Ladies and Ü50 drivers may also start in the PRO category, but must choose one category at registration.
 - Drivers who have previously competed in the PRO category may not start in the OPEN category.
 - Drivers who have previously finished 1st in the OPEN category must start in a different category.
 - Simultaneous registration in two or more categories (multiple entries) is not permitted.
- The Center-managers of the participating Race-Centers are happy to help with any registration questions.

5.3 Simulation, Vehicle and Tracks:

- Simulation: Assetto Corsa (PC)
- Vehicle: SSRS TC351 with a fixed setup at all events
(Vehicle download not possible); adjustments permitted only for ABS, TC, ESC and BB.
- Tracks: see point 5.1 Calendar 2026 (Track download not possible)
- Settings: Custom settings for hardware, software, or in-game are not permitted.
- Driving line assist: The display of the driving line assist is prohibited in all qualifying sessions and races of the categories Pro, Ladies, Juniors and Ü50.

5.4 Championship Qualifying:

- Location: At certified, participating Centers of Race-Centers.com (see point 5.5)
- Cost: CHF 40.- per 30-minute session (max. 4 attempts of 30 min. within the period 01.07. from 09:00 through 03.10.26, 19:00), payable directly at the Race-Center.
- Format: Qualifying takes place – as in real motorsport – in a shared time window with all Drivers present on the track. In case of multiple qualifying attempts (sessions), conducting them at different Race-Centers is permitted.
- Result: The fastest valid lap counts; in case of a tie, the second-fastest lap counts.
