Connected, convenient, superior personal productivity

A connected, flexible, effortless user experience

The iX2500 is our most connected, convenient scanner yet.

Quickly and easily connect your scanner to the most popular collaboration and storage tools, then just drag and drop to add content. Connect to laptop via USB or Wi-Fi, or to smart devices via Wi-Fi or Bluetooth. Add in a category-leading warm-up time, and it's easy to see how the iX2500 makes scanning simple by allowing you to connect without complications.

Offering total flexibility and convenience for modern home and office work, the iX2500 fits how and where you work. The Quick Menu offers instant ad-hoc scanning, while customised buttons can be easily created for recurring tasks – matching your own scanning preferences and habits. What's more, usable scanned data can be instantly recognised and activated as a working link – enabling you to click directly on numbers or addresses to make phone calls or send emails in an instant.

The gateway to digitising your life and working smarter

Its small footprint also means the iX2500 can conveniently fit into many more desktop spaces than alternatives in the market.

The iX2500 is also intuitively designed for an easy, effortless user experience. The 5-inch capacitive LCD touch screen offers popular ScanSnap design elements such as one-touch scanning directly from the unit, while its rapid 45 page per minute double-sided scanning speed and 100 sheet chute capacity mean you will breeze through your scanning tasks in no time.

There's plenty of personal productivity packed into our most versatile scanner yet, enabling simple digitisation of your documents and data, how you want, wherever you want.
