

Odor Control Products

Spill Kit & Deomer Odor Neutralizers — Contain It. Neutralize It. Get Back to Work.

Services: Operations, Risk Management | Industries: Gas Utilities, Renewable Natural Gas, Gas Refineries

Odorant spills create immediate safety, environmental, and operational challenges. MRR's odor control product line gives operators the tools to respond quickly, contain the incident, and neutralize odorant compounds before they generate community complaints, environmental exposure, or regulatory consequences.

Spill Kit SK-085 — Physical Specifications

Part Number	SK-085 / 90-06124
Weight	170 lbs
Volume	85 US gal
Dimensions	30" diameter × 45" height
Spill Capacity	Designed to handle spills up to 1 gallon
Storage	85-gal plastic overpack — outdoor storage rated to -20°C
Surface Suitability	Soil, gravel, sand, or concrete

Kit Contents — Bill of Materials			
Containment			
85-gal plastic over-pack	1	55-gal open-top steel drum	1
Plastic tote bin	1	Poly sheeting, 4 mil, 72" × 84"	1
Absorbent pads, 17" × 19" × 3/8" (25-pack)	1	Absorbent Oil-Dri granules, 18.5 kg	1
Clear silicone sealant	2	2-part epoxy stick	1
Drum liner	1	Winter Deomer spray bottles, 350 ml (with SDS)	4
Winter Deomer, 1 US gal (with SDS)	1		
PPE			
Half mask respirator 5500, Large	2	Unventilated clear goggles	2
Tyvek coveralls, XL	2	Nitrile gloves	2
Split leather work gloves	2	SDS sheets	1
Organic vapor / acid gas cartridge set	2	Face shield	2
Face shield head gear	2	Tyvek boot covers	2
Tools			
Utility knife	1	Caulking gun	1
Socket, 1/2" drive × 15/16"	1	Collapsible shovel	1
Whisk broom	1	Ratchet, 1/2" drive	1
Packaging / Access			
Duct tape	1	Tuck tape	1

Pallet wrap roll	1	Pallet wrap dispenser	1
------------------	---	-----------------------	---

Deomer Variants — Chemical Neutralization

Variant	Application	Freeze Point	Available Formats
Standard Deomer	THT, mercaptan blends, and related sulfur-based odorants. Surface, air, and soil applications.	32°F (0°C)	350 ml spray bottle, bulk
Orange Deomer	Same effective chemistry as Standard Deomer with orange scent masking.	See SDS	350 ml spray bottle, bulk
Winter Deomer	Cold-weather formulation. Freezing does not affect effectiveness — thaw slowly at room temperature.	0°F (-18°C)	350 ml spray bottle, 1 US gal, bulk

Why MRR

MRR supplies odor control products as part of a complete odorant management approach, paired with emergency spill response training and on-call field response services for incidents requiring professional intervention.

Contact MRR to stock your facilities with spill response products or discuss emergency response planning.
