SPECIFICATION SHEET

EZ CARB REPLACEMENT CARTRIDGE

A NEW CARTRIDGE. THE SAME ACTIVE FILTER SYSTEM.

The MRR EZ Carb Replacement Cartridge renews an EZ Carb Active Filter with a new drum, fresh activated carbon, and filtration media. The existing blower transfers to the new cartridge, limiting the equipment replaced during routine carbon-bed renewal. Cartridges are available for 30- and 55-gallon active-filter systems.

KEY FEATURES

- New drum with fresh activated carbon and filtration media
- 30- and 55-gallon sizes
- Existing blower transfers to the new cartridge
- Compatible with EZ Carb Active Filters only

APPLICATIONS

Scheduled carbon-bed renewal for 30- and 55-gallon EZ Carb Active Filter installations.
