

LM Crusher

LM Crusher effectively crushes and grinds cloth, wood chips, empty cans, and other materials, rendering them into fragments that will not damage/clog equipment at sewage treatment facilities. The product also significantly reduces associated workload and expenses. Attesting to its performance and durability in Japan.

Channel-mounted type Crusher

In-Line Type Crusher

Model	Treatment Capacity (m ³ /min)	Motor (kW)	Weight (kg)
A-30	0.8	1.5	210
A-45	1.4	2.2	275
A-60	2.2	2.2	295
A-75	2.9	2.2	315
A-100	4.5	3.7	365
A-125	6.5	3.7	410
A-150	8.4	3.7	460

Model	Treatment Capacity (m ³ /min)	Motor (kW)	Weight (kg)
A-20	0.8	1.5	290
