PAST PROJECTS

Senior Teamlead Accounting | eCommerce Group | 1,000 employees | €800m revenue

Led global accounting teams across Europe, APAC and the Americas (9 direct, 16 indirect reports) covering 25+ entities; responsible for the month-end close, investor reporting review, data quality, and coordination of multiple IFRS and local audits, driving continuous process improvements.

Interim CFO | Digital Services company | 100 employees | €10m revenue

Led post-merger finance integration, rebuilt core finance infrastructure, established cost-center structures, cleared AP/AR backlogs, coordinated financial statements, and implemented streamlined finance processes for scalable operations.

Interim CFO | Listed group in blockchain & retail sector | 25 employees | €4m revenue

Implemented a unified accounting environment and AP tool, built cost-center reporting, prepared financial statements, and led investor-relations communication for a listed company while coordinating consolidated statements and the group audit.

Interim Senior Financial Controller | eCommerce Scale-Up | 320 employees | €100m revenue

Enhanced management and investor reporting, consolidated eight international subsidiaries in LucaNet, built HR controlling, and improved intercompany reconciliation to strengthen transparency and group-wide financial governance.

Financial due diligences (10+)

Assessed accounting, controlling and reporting setups, reviewed tax structures and risks, supported M&A pricing, and analysed international subsidiaries to validate financial integrity and improvement potential.

WORK EXPERIENCE

Manager – Financial Accounting Advisory Services and Audit | Ernst & Young GmbH | 11,000 employees | €2.219bn revenues | 6.5 years
