## CANDIDATE SPOTLIGHT: YEAMLAKNESH FROM ETHIOPIA ««

My name is Yeamlaknesh Degife Tefera, and I was born and raised in Arba Minch town. I currently live with my family. I am a funny and sociable person who loves to support and care for my family, friends, and others. I support my parents from my monthly income from circus performance. I am a college graduate. I joined Arba Minch Circus & Theater Group and started to train in circus, when I was a kid. I have performed on different stages in Ethiopia, Turkey and India as a circus performer. I love circus because it is my life. Even though I have gone through ups and downs I don't want to stop performing circus because I want to be a pioneer female international circus performer in Arba Minch town. I would like to inspire the girls in my neighborhood to join circus, so they can change their own lives. While I was pursuing my circus training, I also received a proper academic education.

## THANK YOU TO ALL OF OUR DONORS!
