

THROUGH YOUR COCA-COLA BOTTLER

You're getting new menu boards. Here's what's next.

STEP ONE

Send your rep these

- ☐ **A photo of your menu.** Every page, flat, in good light. A PDF works too.
- ☐ **Your logo** (optional). A photo of your sign is fine.
- ☐ **A wide photo of your counter** (optional). It helps your boards match your room.
- ☐ **How many TVs** you want to use, and whether they hang wide or tall. Any TV with an HDMI port works.
- ☐ **Your email and cell.** You'll get a link to take over your menu.
- ☐ **Your business Wi-Fi** (on install day). The players use your business network, not the guest one.

THEN

What happens next

- 1 Your rep builds your boards.**
From your menu photo: custom boards, ready to go.
- 2 You check it with your rep.**
Items and prices first. Edits are optional.
- 3 Install day: under 30 minutes.**
A small JAM Player goes behind each TV. Your QR menu is ready to print.
- 4 You take over.**
Open the link your rep sends (it works for 7 days) and you're in. Change prices and sold-out items from your phone.

Your price: \$___ a month, from your bottler. Some participating bottlers cover the full cost.

Your Coca-Cola rep:

Name _____

Phone _____ Install day _____

Email _____

Or send your menu here
