

Core5 Is Research-Proven To Help All Students

Make the best investment with the best evidence-based literacy program. Lexia® Core5® Reading is proven to be more than **2.5 times more effective** than other elementary reading programs and is proven to help:

- ✓ **Multilingual Learners/English Learners**
Emergent Bilingual students who used Core5 made **4x the reading gains** than students who did not use the program in only eight weeks. [SOURCE](#)
- ✓ **Readers Below Grade Level**
Fifty percent of students who scored at aimsweb Tier 2 and 3 at the beginning of the year **advanced at least one tier** using Core5, 43% more than students who didn't use the program. [SOURCE](#)
- ✓ **Low-Socioeconomic Status Students**
In a low-SES district, **91%** of students who started kindergarten scoring below average finished second grade in the average range or above while using Core5. [SOURCE](#)
- ✓ **Special Education Students**
Core5 is **64% more effective** than the typical intervention for students in special education receiving reading support. [SOURCE](#)
- ✓ **Students With Reading Disabilities**
After a year, users with reading and language-based disabilities were **2x more likely to be proficient readers** than non-users. [SOURCE](#)
- ✓ **Students of Color**
Black and Hispanic students who used Core5 experienced **larger reading achievement gains** than similar students who did not use the program. [SOURCE](#)

State Assessment Preparation

In correlation studies across 15 different states, 70%–99.6% of students who achieved their end-of-year grade-level benchmark in Core5 **achieved Proficient or equivalent scores** on their state test. [SOURCES](#)

All students deserve the same opportunity to become successful readers and confident learners. Visit lexialearning.com/research to learn more.
