DESIGN PACKAGES

lounge furniture

We've thoughtfully curated a collection of pre-designed lounges and setups to help you visualize how our rental pieces come together. Each design highlights items from our own inventory, styled to show balance, texture, and cohesion. These collections are meant to make the planning process easier—offering inspiration and a starting point for your event's look and feel.

While these designs are beautifully complete on their own, they're also completely customizable. You're welcome to mix and match pieces, swap colors, or combine styles to create something uniquely yours.
