

Join buildOn

and lead change for
your community

Take Action on Issues You Care About

Want to change the world? Taking action locally is a great place to start. Fight climate change, care for your unhoused neighbors, and help children in your community. Make a difference while having fun!

Build a School for Children Who Don't Have One

Travel to another country in Africa, Central America, or Asia on a FREE service learning trip to help build a school for children in need of education.

Build Leadership Skills

At buildOn, you can lead the charge. Choose the issue you want to take action on and build the plan to take action! Learn skills like public speaking, event planning, and organizing others, all in service of helping others.

Find Your Future

Learn about potential career paths. Meet professionals in health care, education, travel, politics, government, marketing, and so much more. buildOn alumni found inspiration in their service experiences that helped them make choices for the next stage of their lives.

Skills learning through service can also enhance your resume and college applications and can even be a great subject for your college essays!

Become Part of a Movement

Change happens when students who care unite behind a common cause. buildOn is an inclusive community and is open to all at any point during the school year. You can:

- Build lifelong friendships
- Explore your community and larger city in a new way
- Travel the world
- Earn buildOn swag and benefits like trips to sporting events, movie premieres, and more.
- Change yourself and the world!

About buildOn

At buildOn, we unite people to build a more equitable world through service and education. Our programs provide the ignition for communities to build economic opportunity, increase civic engagement, and help individuals gain the skills and confidence to shape their own lives.

We partner with high schools to run service-learning programs in six cities across the U.S. including Boston MA, Bronx NY, Bridgeport CT, Chicago IL, Detroit MA, and Oakland CA. Learn more at buildon.org.
