

# We're Hiring

## Data Analytics Lead

Bitventure is a leading provider of verification, authentication, and data-driven solutions across South Africa. Our technology empowers businesses to onboard customers securely, prevent fraud, and scale confidently.

We are looking for a **Data Analytics Lead** to drive analytics strategy, lead data initiatives, and deliver actionable insights that power business performance and growth.

### What You'll Drive

- Lead analytics strategy and execution across the organisation
- Design and deliver scalable data and reporting solutions
- Oversee data warehousing, ETL and analytics processes
- Mentor and guide data analysts and data science teams
- Build dashboards, KPIs and self-service analytics frameworks
- Collaborate with engineering and IT on data platforms
- Drive automation, optimisation and reporting efficiency
- Translate business needs into data-driven insights
- Lead data architecture and analytics platform development
- Drive adoption of AI, predictive analytics and advanced insights

### What We're Looking For

- 7+ years experience in Data Analytics / BI / Data Engineering
- Strong experience with SQL, ETL and data modelling
- Experience with data warehouse design and analytics platforms
- Experience with Power BI or similar BI tools
- Strong understanding of cloud platforms (Azure/AWS)
- Experience leading teams and managing analytics projects
- Exposure to data science and machine learning initiatives
- Strong communication and stakeholder engagement skills
- Proven ability to deliver data-driven business insights at scale
- Strong understanding of data governance and data quality practices
- Experience working in fast-paced, high-growth environments
