

Tiana Boodhram

APPRENTICE

Tiana Boodhram serves as an Associate Consultant at CCI Professional, having joined the organisation in January 2026 but has partners with CCI Professional on projects since 2024.

Tiana brings a multidisciplinary foundation, integrating leadership development, operational management, and facilitation experience. Her professional approach is characterised by the ability to translate strategic intent into executable frameworks, ensuring alignment between people, process, and organisational objectives. She is particularly passionate about project management as a discipline, enabling clarity, accountability, and sustainable outcomes across engagements.

With an academic background in medical science and physical anthropology, Tiana applies analytical rigour, research capability, and systems thinking to complex organisational environments. She is committed to contributing toward the development of high-performance cultures and the effective mobilisation of human capital within client organisations.

QUALIFICATIONS BACKGROUND

- **Bachelor of Science Honours in Physical Anthropology** from University of Pretoria;
- **Bachelor of Science in Medical Science** from University of Pretoria;
- **Distinctions: Forensic Anthropology and Pharmacology (Majors: Anatomy, Physiology, Pharmacology)**

PROFESSIONAL ACUMEN

- Application of project management methodologies to ensure disciplined planning, execution, and delivery across multiple workstreams.
- Experience in operational management, including systems optimisation, process alignment, and organisational efficiency improvement.
- Research-informed approach, incorporating data analysis and insight generation to support decision-making and solution development.
- Collaborative contributor within cross-functional consulting teams, driving innovation and measurable impact.
- Experience in digital communication strategies, including content development and platform engagement.

PASSIONS & HOBBIES

- Passionate about faith, meaningful relationships with friends and family, and food — both in creating and experiencing it.
- Enjoy exploring new experiences and environments, with a natural curiosity for growth and discovery.
- Deeply motivated by seeing individuals flourish in alignment with how they have been uniquely designed.
- Enjoy dancing as a form of expression and energy.
