

INTANGIBLE ECOSYSTEM PROFILE

CITYCHANGERS INSTITUTE

OVERVIEW

City Changers Institute (CCI) is the leadership training hub of the Doxa Deo family, dedicated to equipping leaders who live out a Christ-centred worldview and influence society through faith-integrated leadership. The institute focuses on developing individuals who can impact their communities, organisations, and cities through practical leadership formation and applied learning.

Through its programmes, City Changers Institute seeks to empower individuals to discover their calling, develop their leadership capacity, and contribute meaningfully to society.

STRATEGIC CONTRIBUTION

CCI focuses on developing leaders who can translate faith into real-world influence across business, education, government, and civil society. Through its programmes, the institute equips individuals to connect their Sunday faith with their Monday work and leadership responsibilities.

INTANGIBLE ECOSYSTEM PROFILE

CITYCHANGERS INSTITUTE

KEY PROGRAMMES:

CITY CHANGERS EQUIPPING PROGRAM (CCEP)

The City Changers Equipping Program (CCEP) is a two-year leadership and discipleship journey designed to equip individuals to live lives of meaningful impact in their communities, organisations, and cities. Through weekly classes, reflective journaling, teaching, and community engagement, participants develop a strong biblical foundation while discovering their identity, calling, and leadership potential. The programme focuses on three core pillars: equipping for city transformation, life skills development, and leadership formation, enabling individuals from all walks of life to grow spiritually, develop practical leadership capability, and influence the environments in which they serve.

KEY PROGRAMMES:

MASTER OF LEADERSHIP

(Alphacrucis University College)

City Changers Institute hosts the **Master of Leadership (MOL)** accredited and presented by **Alphacrucis University College (Australia)**.

This postgraduate programme equips leaders to navigate complex organisational and societal environments through advanced leadership theory, strategic thinking, and applied research. The programme integrates academic scholarship with practical leadership development, preparing leaders to influence organisations, institutions, and communities responsibly.
