

Motor Cycle Hoist

COMPACT PARKING. MAXIMUM EFFICIENCY.

OVERVIEW

The LL-MC10 Hydraulic Motorcycle Scissor Hoist delivers professional-grade lifting performance in a compact and durable package. Designed to simplify maintenance, servicing, and detailing, it provides stable lifting with smooth hydraulic operation and integrated safety features.

With adjustable wheel positioning, removable rear access panels, and remote-controlled operation, the LL-MC10 is engineered to improve workflow efficiency while providing secure motorcycle handling.

SOLUTION VARIATIONS

This unit is available in two additional variations, with the primary difference being the rated lifting capacity. The LL-MC10 is the largest model in the range, with the other models decreasing in overall size, lifting height, and lifting capacity.

The additional models available are:

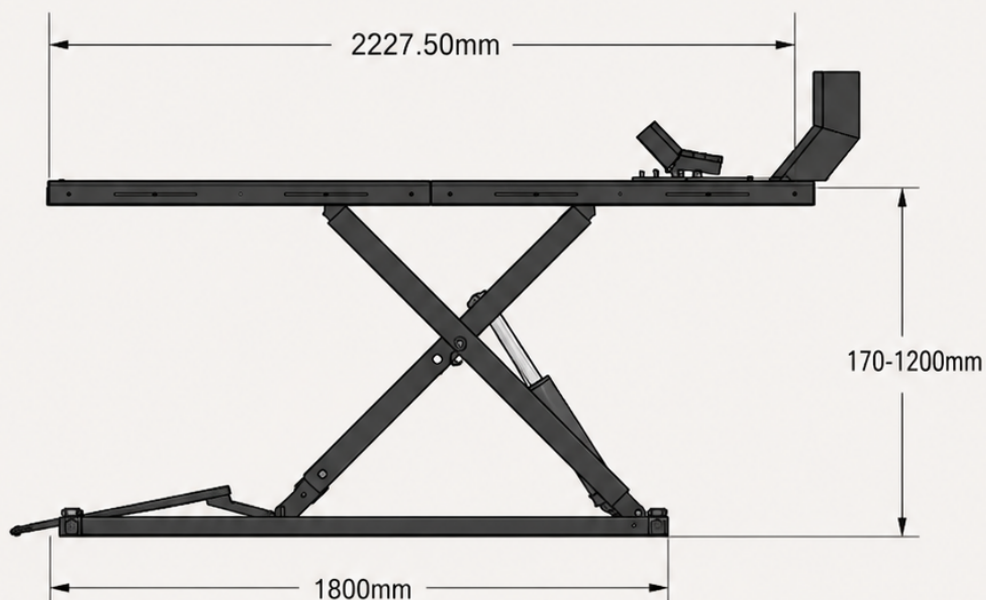

- LL-MC.7
- LL-MC.3

The number following the decimal represents the rated lifting capacity in tonnes (e.g. “.7” = 0.7 tonnes or 700 kg).

SPECIFICATIONS

Model	LL - MC10
Number of motor bikes	1
Lifting Capacity	1000kg
Lifting Height	Min:170mm Max: 1200mm
Platform LxW	2227.5mm x 890mm
Unit LxWxH	2878mm x 890mm x 1200mm
Power Options	Hydraulic power
Power Pack	1.5kw hydraulic pump
Safety Controls	Foot operated lock release
Operation Mode	Hand held remote control
Finishing Options	Powder coat
