

2 Car Stacker

COMPACT PARKING. MAXIMUM EFFICIENCY.

OVERVIEW

The **LL-423618 Four Post Car Lift** is a proven and versatile parking solution designed to maximise vehicle storage while maintaining ease of access and safety. Engineered to accommodate two vehicles in a single parking space, it offers an efficient and cost-effective solution for residential, commercial, and automotive applications.

Featuring adjustable lifting heights to suit a wide range of vehicle sizes and parking requirements, the LL-423618 is available with load capacities ranging from 2,700 kg to 3,600 kg. Its robust construction, dual-lock safety system, and customisable configuration ensure reliable performance and long-term durability, making it an ideal choice for homeowners, car collectors, dealerships, workshops, and commercial parking facilities.

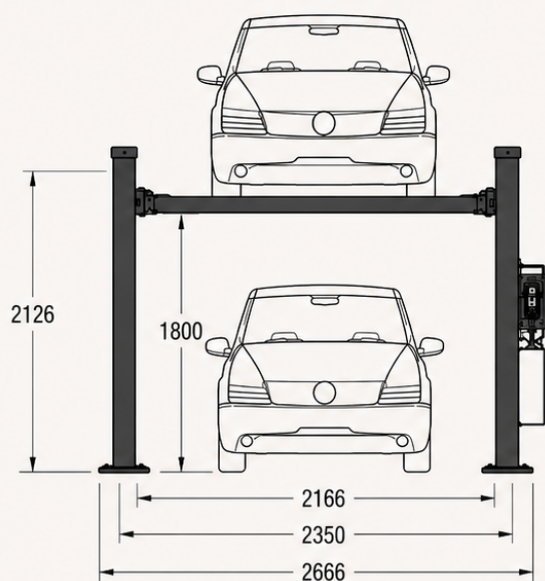

SOLUTION VARIATIONS

- **Full-Range Mechanical Locks** – Mechanical locks on all four posts with adjustable locking heights for maximum safety.
- **Manual Lock Release** – Easy-to-use manual lock release for maintenance and emergency operation.
- **Optional Caster Kit** – Allows the lift to be easily repositioned for greater flexibility.
- **Diamond Plate Runways & Ramps** – Heavy-duty diamond plate construction for improved traction and durability.
- **Hydraulic Overload Protection** – Protects the lift from overload conditions, enhancing safety and equipment longevity.
- **Oil Drip Trays Included** – Supplied with three plastic oil trays to help keep the area clean and protect the vehicle below.
- **Ideal for Residential & Commercial Use** – Perfect for homes, car collectors, workshops, dealerships, and commercial parking applications.
