PEFC CERTIFICATION

PEFC-certified wood (PEFC/32-31-699)

WARRANTY

24 months

Built for long working sessions

Ergonomic interior

Poddie Sit is shaped around the seated person — wide enough to settle in, deep enough to stow your bag. The ergonomic sofa keeps you comfortable through hours of focused work.

Adjustable table

The 80 × 51 cm tabletop sits at 75 cm — just below your elbows — and slides toward you, so you can find the exact position that works for you. Laptop, coffee, notebook — always within reach.

Sit gets the fundamentals right. Pro gets the details right.

Seven upgrades that make the difference between a pod you use and a pod you look forward to.

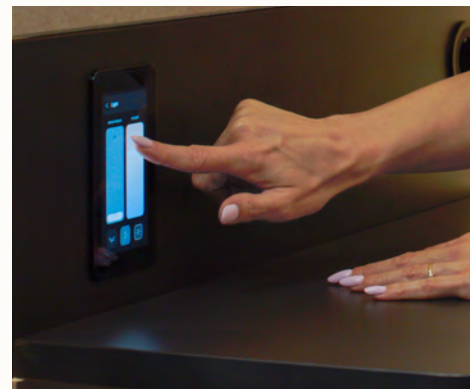

Touchscreen control panel PRO

An inside-wall 5.3" touchscreen puts light and ventilation in your hand. Three mood presets are available for quick adjustment.

Video call light PRO

A dedicated 60 cm front light, so you look good on camera.

Tunable light temperature & brightness PRO

Warm to focused — set the light to the moment. Fully dimmable.

Adjustable ventilation PRO

Fine-tune the airflow intensity to your needs — from a gentle breeze to full circulation.

Retractable 65 W USB-C cable PRO

Power box with 100 cm retractable cable that charges a laptop, then disappears when not needed.

Built-in LAN / Ethernet PRO

Wired ethernet, built in — for the calls that can't drop.

Full color range

EXTERIOR MELAMINE BOARD

INTERIOR PET FELT

The engineering behind every pod

Acoustic isolation

Designed for clear, natural conversations. Acoustic felt on the walls and ceiling, the carpeted floor and the layered interior construction help absorb reflections and reduce reverberation — so your voice sounds clear and balanced during every call.

- 8 mm tempered acoustic glass sealed against the steel door frame
- Top and bottom sound traps integrated into the structure
- Anti-vibration fans — fresh air without the hum

Ventilation

Eight whisper-quiet fans — four in the ceiling, four in the floor — Poddie's signature "Push-Pull" ventilation system

- Unique mechanism to effectively direct used air out without creating air swirls
- 9.2 m³/min ventilation rate · 1000 RPM fans
- Acoustic sound traps in the ducts
- Adjustable airflow **PRO**

Top light

A bright, evenly lit interior helps you stay focused throughout the day. The integrated ceiling light creates a comfortable workspace for calls, meetings, and individual work.

- LED bar with exceptional color accuracy (CRI > 90)
- Desktop illuminance of more than 500 lux
- 4000 K color temperature
- Adjustable brightness and temperature **PRO**
- EN 12464-1 EU workplace lighting compliance

Passive illumination

An LED strip hidden behind the side wall panel casts a soft, even glow that makes the pod feel open and comfortable, even during long sessions.

- 4000 K color temperature
- 240 lux
- Dimmable intensity **PRO**
