

LipXpert

Super Smooth Lip Tubes

3 sizes of TPE-tip tubes for the
gentle touch on the lips.

LipXpert is the new tube collection with a TPE applicator targeting superb user experience over lip products.

The ultra-soft TPE applicator for delicate lips

TPE is a chemically compatible thermoplastic elastomer, and its application for cosmetic packaging creates an influence to improve user experience.

The TPE applicator offers a silky, smooth glide over soft and tender lips to fulfill the cravings for sensations.

3 diameters available

Currently available in Dia. 13, 16, and 19 mm, LipXpert can be developed with wide range of size and volume options.

Planet-positive materials

Opt for sustainable tube materials of:

- PCR PE tube (post-consumer recycled)
- OWP PE tube (from recycled fishing nets)
- Green PE tube (biomass plastic made from sugarcane by-product)

Create exceptional visual design using decorations.

Silkscreen printing

Decorates surface with texts or images of thick, bold, and glossy finish.

Offset printing

Uses plates to transfer ink up to 8 colors, including half-tone and gradation, of artwork requiring precision.

Flexo-printing

Creates high-resolution, poster-quality imagery design with perfect finish.

Hot stamping

Enriches a brand image with solid, metallic colors.
