

PET Bottle Sprayers for Fine Facial Mists

Three distinct formulas, each serving its own unique skincare purpose, are packaged in compatible and recyclable 80 ml (2.7 fl oz) PET bottles with premium sprayers to provide super-fine mist sprays.

When developing multi-functional skincare formulations, the delivery system is just as critical as the ingredients inside.

For **ITEM BEAUTY's TRIO FACE MISTS**, SR Packaging offers PET bottles (CHS5161B) with super-fine mist sprayers (CHS7095S-O), ensuring each face mist delivers satisfying skincare results in consumers' hands.

Sustainable Material Packaged in widely compatible and fully recyclable PET plastic, appealing to eco-conscious consumers and aligning with corporate sustainability goals.

Optimized Sizing The 80 ml (2.7 fl oz) capacity provides an ideal balance of generous product volume and travel-friendly convenience.

Super-Fine Mist Engineered with premium spray components to dispense a delicate mist result, ensuring even coverage without disrupting makeup or overwhelming the skin.

Broad Compatibility Proven to securely protect and effectively dispense highly varied and complex liquid formulas.

Whether dispensing botanical extracts, complex bi-phase liquids that require vigorous shaking, or delicate makeup-setting sprays, the PET bottle sprayers by SR Packaging deliver consistent, high-quality results from the first spritz to the last drop.

Email sales@srpackaging.com for targeted solutions.

Shake It-Balance And Tone Facial Mist

A bi-phase formula with two ingredient layers that activate when mixed, toning unbalanced skin and controlling excess oil.

Screen Break Blue Light + Anti-Pollution Face Mist

A botanical blend intended to protect skin from HEV blue light from digital screens and daily pollution.

One Hit Dewy-Finish Face Mist

A 3-in-1 hydrating facial spray created to prime, set, and refresh makeup while delivering a glowing finish.
