

# Hospital indemnity insurance

Hospital indemnity insurance can cover some of the cost associated with a hospital stay, letting you focus on recovery.

Being hospitalized for illness or injury can happen to anyone, at any time. While medical insurance may cover hospital bills, it may not cover all the costs associated with a hospital stay. That's where hospital indemnity coverage can help.

## Who is it for?

Hospital indemnity insurance is for people who need help covering the costs associated with a hospital stay if they suddenly become sick or injured.

## What does it cover?

Medical insurance insures medical expenses while hospitalized, but other costs can add up like extra childcare, transportation, help around the house, and pet care. Hospital Indemnity coverage pays lump sum benefits based on admission and days hospitalized that can be used to help any costs.

## Why should I consider it?

Health coverage is becoming more expensive, with higher co-pays, premiums, and deductibles. Hospital indemnity insurance can help pay for out-of-pocket costs associated with being hospitalized, giving you more financial confidence for unplanned expenses brought on by a hospital stay.

Plus, hospital indemnity insurance is portable and payments are made directly to you.

You will receive these benefits if you meet the conditions listed in the policy. \*Guardian will never ask you to provide sensitive personal information, including SSN/DOB, nor login via QR codes.

## Be prepared

Kevin is hospitalized after an illness, and has to cover the cost of two days as an inpatient.

Kevin became ill and was admitted to the hospital. He had emergency surgery and was there for two days while recovering.

His hospital indemnity insurance paid him a lump sum benefit which provided financial support during his hospital stay.

## UNDERSTANDING YOUR BENEFITS – HOSPITAL INDEMNITY

The Hospital/ICU Admission requires a hospital stay of at least 20 hours to be payable.

Hospital Admission & Hospital ICU Admission benefits are not payable on the same day.

Premium will be waived if you are hospitalized for more than 30 days.

Hospital/ICU confinement benefits are not payable on the same day as Hospital/ICU admission benefit.

After initial enrollment, Hospital Indemnity coverage will continue as long as an insured is actively at work.

The Health screening benefit is paid for the completion of specified routine wellness screenings such as annual well visits, immunizations, mammography, chest x-ray, and many more.

Hospital Short Stay - Must be held in a hospital for observation or treatment for a period of 8 - 19 hours. Hospital Short Stay is not payable on the same day as the Hospital/ICU Admission or Hospital /ICU Confinement.

Child Organized Sport - Benefit is paid if the covered hospitalization occurred while your covered child is participating in an organized sport that is governed by an organization and requires formal registration to participate. This benefit is only payable if the child coverage is included on the plan.

Newborn Increased Admission/Confinement Benefit - Percentage increase applies to a newborn's ICU admission and ICU confinement benefits when admitted to the neonatal intensive care unit (NICU).

Newborn Nursery Care - Benefit is paid each day your newborn is confined to a hospital immediately following birth. This benefit is not payable any day another benefit is payable for your newborn baby.
