

HavenBridge Personal Care Home

Safe. Supported. Still You.

Welcome to HavenBridge Personal Care Home, a Level 1–3 supportive living community where our goal is to help every resident feel safe, supported, and still themselves.

Moving from living independently into a supportive community is a major life transition. At HavenBridge, we strive to make that transition feel respectful, empowering, and comfortable. Our community supports adults and seniors living with physical health challenges, mental health concerns, memory changes, mobility limitations, medication needs, or difficulties managing daily living independently.

We believe care should feel personal — not institutional. Whether residents require minimal support or more involved daily care, our team is here to provide safety, dignity, structure, and compassion while encouraging as much independence as possible.

Moving In Requirements

Residents moving from hospital or home must have a **completed Resident Assessment with our onsite Registered Nurse**, PRN medication forms, physician orders, and current medication lists prior to move-in. Residents must also establish an account with Pharmasave Main Street in Moose Jaw for medications and approved personal items.

***Move-in cannot occur until all required documentation and RN nurse visit has been completed and approved by HavenBridge management.

Required Paperwork

- Power of Attorney documentation (if applicable)
- Personal Directive / Health Directive
- Void cheque or direct deposit information
- Saskatchewan Health Card
- Government-issued identification
- Previous year's CRA Notice of Assessment

Personal Care Home Benefit Program

Many residents may qualify for financial assistance through the Saskatchewan Personal Care Home Benefit Program. HavenBridge will assist residents and families with understanding the process, completing applications, gathering documentation, and coordinating assessments whenever possible.

Supporters & Resident Advocacy

If a resident does not currently have a Power of Attorney, Personal Directive, or trusted supporter, our team will work compassionately with the resident and family to help identify appropriate supports. When necessary, referrals to advocacy services or the Office of the Public Guardian and Trustee (PG&T) may be discussed.

Medical Care Coordination

HavenBridge works closely with residents, families, physicians, pharmacies, hospitals, and community healthcare providers to help coordinate ongoing medical care.

Our team assists with:

- Medication administration and monitoring
- Medication refills and pharmacy coordination
- Medical appointments and follow-up visits
- Communication with physicians and families
- Monitoring health concerns and changes in condition
- Coordinating follow-up care after hospital visits or procedures

For many residents, HavenBridge becomes the central day-to-day contact for their ongoing care and wellbeing.
