project value (million bahts)

Engages in investment holding for other companies (Holding Company). Currently, it predominantly invests in the property development business, encompassing both low-rise and high-rise property development projects. All current projects are located in Chiang Mai.

The group is managed by Mr. Boonlert Buranupakorn and his siblings, who collectively possess over 17 years of experience in the real estate industry in Chiang Mai. Presently, the company is under the leadership of Mr. Predikorn Buranupakorn as the Chief-Executive Officer, alongside professional management executives.

Our vision is being a leading property developer in Northern Thailand focusing on building a better living for home buyers and all stakeholders under good governance. The company adheres importance to the whole building processes starting from the beginning until the delivery of the project and the quality home to the consumer in order that the consumer will have a good quality of life and a better living. In addition Ornsirin values all partners, customers, employees and all stakeholders to follow the company's vision.
