

THE UNIVERSITY *of*  
NEW ORLEANS

## **UNO Laboratory and Chemical Safety Sub-Committee**

### **Charge:**

The Chemical and Laboratory Safety Committee will develop and maintain policies and procedures to ensure the health and safety of UNO students, faculty, staff and visitors related to laboratories and chemicals. The committee will ensure adherence to all federal, state and local regulations. It will provide oversight to these policies and procedures and will require that each department take an active role in adhering to them. Policies and procedures will encompass but are not limited to safe work environments subject to the OSHA Laboratory Standard and the University's Chemical Hygiene Plan. There will be an emphasis on training and oversight of personnel, security of materials and facilities, proper handling of chemicals and waste, and documentation of all safety activities.

### **Membership:**

Representatives from Biological Science, Chemistry, Earth and Environment Sciences, Environmental Health and Safety, Physics, Psychology, and the Office of Research and Sponsored Programs.
