Forecasting the Future of the River Parishes

The University of New Orleans Institute for Economic Development & Real Estate Research, is hosting a brand new seminar to forecast economic and real estate trends across the River Parishes. The Institute is offering this seminar in partnership with the River Region Chamber of Commerce.

This new seminar expands the UNO Institute's highly regarded annual series, which already serves hundreds of business leaders, real estate professionals, and civic stakeholders across Greater New Orleans and the Northshore. The River Region event will highlight the local small business economy, housing market, and industrial development opportunities across St. Charles, St. James, and St. John the Baptist Parishes—a region central to Louisiana's growth.

The event includes panels on Economic Development & Investment, River Region Residential Real Estate, Leadership in the River Parishes and Commercial Real Estate & Industrial Developments — all packed with insights from prominent leaders across the River Region, including the presidents and economic development leaders from each of the River Parishes. The program will be kicked off by a keynote address from Michael Hecht, President and CEO of Greater New Orleans (GNO), Inc.

Continuing Education:

Four (4) hours of continuing education **have been approved** by the Louisiana Real Estate Commission (Vendor #9125) and the Louisiana Real Estate Appraisers Board (Vendor #APR.1252-EDV).
