Frequently Asked Questions

? Why can't I access the Residential Life app?

Ensure you're logged into your LSU New Orleans email in the same browser before accessing the app. If issues persist, clear your browser's cache and history to resolve potential conflicts.

? Why am I unable to access the room selection process?

Ensure it's within your assigned time slot and before the process closes. Remember, a completed application is necessary for a room selection time slot assignment.

? Why can't I find a specific room?

The system displays available rooms based on eligibility and search criteria. Once a room is selected or occupied by a different gender, it won't appear as available to you.

? What should I do if I want to change my selected room?

Email our team at ResidentialLife@lsuneworleans.edu for assistance with room changes.

? What if I only want to live in a one-bedroom unit and none are available?

While limited, you can cancel your application before December 15 without penalty. After December 15, a \$50 cancellation fee applies. Consider selecting a different option and join the one-bedroom waitlist within the Residential Life app for future opportunities.

? When can I access the room selection process and how does it work?

For priority room selection days, your assigned room selection start time will be displayed on your home screen. This indicates when you can first access the room selection process. Remember, you can access the process from this time until it closes. Please note that you'll only be able to access room selection processes for which you qualify based on your application preferences.
